At an editorial dinner, lately given by P. T. Barnum, at his residence, Bridgeport, Ct., the following line concluded the bill of face, "For Wines and Liquors, see next page."-Those who looked on the next page found it

Down East.-The Editor of The Maine Farmer, June 8, talks as though he had got out from under that six feet of snow, and actually talks about crops looking well about Augusta. "The apple trees have blossomed very full." That proves that spring has

RAPID VOYAGE AROUND THE WORLD .-- The clipper ship Fearless, Capt. Manson, left Boston with a full cargo, August 30, for San Francisco, proceeded thence for Manilla and home, and arrived off Boston Light on Saturpublic a full assortment of day last, having completed the round voyage in nine months and ten days.

Last week seven hundred Germans passed through Cincinnatti for Oregon, and seven hundred and thirty for Nebraska. Minnesota is filling up with unparalleled rapidity. The roads leading to it through Iowa and Wisconsin, it is said, are literally crowded with teams and stock belonging to immigrants.

STARTLING FACT.-The late census shows that a number of Irishmen in the United States is less than one million; and our Federal, State and Municipal "Blue Books," show that a majority of the public offices and places in the United States are filled by Irishmen. Is it strange that Americanism is

PIMETO.-In Tabasco, Mexico, orders have been issued to fine all persons who shall continue to "top" the piracto trees to prevent them from growing high. The size of the pimeto is in proportion to the size of the tree producing it, and unlike some other crops if the tree is clipped and kept down the fruit is small ton

MATT. F. WARD .- This notorious individual, finding the rest of the world too het for him, has gone to the Hot Springs of Arkansas to cool himself. The only steamer he could find to carry him down the river, was the "R. J. Ward," called after and in part owned by his father. His health is said to be very bad, and we do not wonder at it.

CURE FOR PALPITATION -A lady, about 40 years old, says the Journal of Health, who has suffered severely from periodical attacks of palpitation of the heart, from the age of 12 years has found immediate and permanent relief from the use of soda water. It appears from experiments, since made, that carbonic acid gas is the active curative agent.

"I am rich enough," says Pope to Swift, "and can afford to give away a hundred pounds a year. I would not crawl upon the earth without doing a little good. I will enjoy the pleasure of what I give by giving it alive, and seeing another enjoy it. When I die," he added, "I should be ushamed to leave enough for a monument, if there was a wanting friend above ground.

A PRETTY LITTLE CROWD .- Mr. Frederick Kembell, from the neighborhood of Rumney, Harrison county, Ohio, arrived in Steubenville, last Wednesday, by railway, with his wife and nineteen children-twenty-one in all. It is said that he owns enough land in that State to give each of his family one hundred and sixty acres, and retain a "plice" for himself.

WATER DRINKING -Prof. Silliman, in a recent Smithsonian lecture at Washington, gave the following sensible advice to young men, which all should read, and remember,

and adopt: "If therefore you wish for a clear mind, strong muscles, and quiet nerves, and long hie and power prolonged into old age, permit me to say, although I am not giving a temperanco lecture, avoid all drinks but water and mild infusious of that fluid; shun tobacco and opium, and everything else that disturbs the normal state of the system; rely upon nutritious food and mild dilutent drinks, of which water is the basis, and you will need nothing beyond these things except test and due moral regulations of all your powers, to give you all long, happy and neeful hees; and the highest pri -a serone evening at the close."

THE information brought to us by the steam-ship Asia of the sudden decline of Flour, Indian corn, &c. in Europe, is no doubt interest-ing to some, and therefore it must be also interesting to a great many others to know that white there is so much fluctuation in the price of Bread-stuffs at home and abroad, there is nothing to effect the low price of the
