When waves their sparkles cease to throw Upon the pebbly shore, When sunset hues no longer grow, And green boughs wave no more,

No words at Nature's shrine are breathed, She silently lays down
The garland that her temples wreathed. And takes the withered crown ;

But in her mystic circle's range There lurks a quiet spell, Where time and beauty interchange Their eloquent farewell. And so when I am called to lose

Communion sweet and dear.

And feel no more its holy dews My weary spirit cheer,
Ab, streams that drooping willows shade From sunshine turn aside, Let me from joys thy presence made A mournful silence glide.

## Items of News.

In some portions of Ankansas the corn is said to be five and a half feet in height, and still growing at a rapid rate.

It is said that nearly 1.000,000 of bushels of oats have arrived at Buffalo and Oswego. N. Y., since the navigation opened. A kind neighbor is not one who does half

a dozen great favors in as many years, but the doer of little every day kind actions.

your mother is a dangerous secret, one that will be likely to bring you sorrow. SECRET SORROW is like those destructive in-

gredients which we are forced to confine and seal up, but which corrode in the vessels in which they are contained. Ir you are backbitten and annoyed, take

example by your boots--which, though blackened every day, shine the more brightly, and which endure every rub without a murmur The ship Great Republic, on her late voy-

age from London to Marseilles, run 342 miles on the third day out, with royal studding-sails LARGE SALES .- The land sales of the Illinois Central Railroad last month, amounted to \$580,000, and for five days of this month

The Hadley, (Mass,,) Manufacturing Company, it is said, have just succeeded in making

nice article of paper from broom corn stalks, which has been patented. Hydrophosia .- Mr. Youatt, the celebrated cattle dealer, has cured more tuan 400 cases of persons bitten by dogs, with muriate of silver, which, in every instance, prevented any symptoms of hydrophobia.

THE OLDEST PAPER IN AMERICA.—The Newport (R. I.) Mercury closed it ninetyseventh year of publication on the 12th inst. It is said to be the oldest paper in the United States, and one of the oldest in the world.

LAND WARRANTS .- Among the claims allowed is a large number for 80 acres, the plate for which is not yet engraved, neither will the Pension Office receive it until about the 2d of July next, so that claimants of that

class will have to be patient. It is harder to avoid censure than to gain applause; for this may be done by one great or wise action in an age; but to escape cen-sure, a man must pass his whole life without saying or doing one ill or foolish thing.

INTERESTING DEBATE.-The following subject is proposed for debate, at a meeting of a society at Rochester, N. Y.:—"Who have the most to fear, the uninsured from fire, or the insured from the bursting of insurance companies ?"

MUCH NEEDED.—A new paper mill, it is said, is about to be started near Dayton, Ohio, where an establishment of the kind is much needed. The printers of that city pay from \$2000 to \$3000 per week for paper at the present time.

APPROPRIATE LOCATIONS .- A New Haven (Ct.) paper remarks that, in that city, the Medical College is on the road to the cemetery, the Divinity College on the road to the poor-house, and the Law School on the road to the jail.

DELAWARE AND MARYLAND RAILROAD COM-PANY .- The amount of stock required to authorize the formation of this company, the Easton Star informs us, has been subscribed. and the subscribers are to assemble at Easton on the 14th July, to effect the organization as required by the charter.

Ashes both dry and leached, are a good manure for dry and sandy loams—also, for dry peaty meadows. But they are not suita-ble for heavy and clayey loams because their mechanical operation is to render all soils more compact and more capable of retaining moisture.-Mass. Ploughman.

Gov. Clark, of New York, has pardoned a man named Higgins from the penitentiary of Rochester on condition that he shall "wholly abstain from using intoxicating liquors except in case of sickness, when prescribed by a reg ular practising physician."

REMARKABLE RESTORATION OF SIGHT, About forty years ago, (says a Chester, Efig-land, paper,) Owen Williams, of Bodedern, Isle of Anglesey, became perfectly blind, and remained so until last Easter, when his sight was suddenly and unexpectedly restored. He is now in his 92 year.

BEATING JOHN BULL.—Capt. Rodman, the commandant of the Ordinance Department at Baton Rouge, La., has invented a machine by which sixty Minnie rifle balls per minute can be cast. The English machine casts only forty per minute. The Ordinance Department at this place is also manufacturing Minnie rifles. This is done by effecting cer tain changes in the common rifle.

Elections .- Alabama, Arkansas, Iowa, Kentucky, Missouri and Texas hold the elec-tions on the first Monday in August, Tennes-see on the first Thursday, and North Caroli-na on the second Thursday of the same month. Ou the second Monday in September the section in Maine occurs, and that of Vermont on the first Tuesday of the same month.

AN OLD BIRD, - As some masons were efecting repairs in a house in the Rue Merej. ere, in Lyons, they surprised, in its nest, where it was apparently expiring from old age, a swallow, having round its neck a chain bearing a little silver plate, with the following weds engraved on it: "Ludovicus Margaritæ fidels, 1749."

MINT SAUCE .- Many of our country friends do not know what a luxury they deprive themselves of when they eat lamb, either boil-ed or baked, without mint sauce. Set a few roots of spear mints in one corner of the gar-den, and they will soon furnish an abundant supply. Strip off the leaves and chop them fine, add an equal amount of sugar, and cov-er the whole with vinegar. A small teacup-full of the mixture is sufficient for a large fam-ily. Try this, and see if it is not preferable to greasy gravies.—Ohio Cultivator.

THE AMERICAN'S FRIEND!! HOLLOWAY'S PILLS.

To the Citizens of the United States : In most humbly and sincerely thank you for the immense patronage which you have bestored pea my Pills. I take this opportunity of stating that my Ancestors were all American Citizens, and that concerns American and the Americans, the most lively sympathies, so much so that I originally compounded these Pills expressly to sait your climate, habits, constitutions, and manner of living, intending to establish myself among you, which I have now done, by taking premises in New York.

LIVER AND BILIOUS COMPLAINTS. LIVER AND BILIOUS COMPLAINTS.

The Citizens of the Union suffer much from diseases o the Liver and Stoumch, scarcely only are free from the influence of these destructive maladies, hence they fai fast. The fair sex, perhaps the most handsome in this World, up to a certain period when, distressing to say, namy loose their teeth and good looks, while yet in the heyday of life, such sad evils may be effectually remedied by continually keeping the blood pure, and the Liver and Stomach in a healthy action, when life will flow smoothly, and resemble plants in a congenial clime, where an eternal spring appears to reign. As at regards the preservation of the human frame, and the duration of life, much may be effected, and I say fearlessly, that health and life can be prolonged for many years beyond their ordustry limits, if Holloway's Pills are taken to purify the blood according to the rules laid down for health contained in the directions which accompany each box.

After using them for three months, the result is that I non now in better health than I have been for eleven years past, and indeed as well as ever I was in my life. With notes and additions, together with a shor system of conveyancing. By A. Jordan, President Judge of the Eighth Judicial district of Pa., and Wm. M. Rockefeller and M. L. Shindel, of the bar of Northumberland county. Since the publication of the book, the following letter has been received from Judge Pearson of Harrisburg: HARRISBURG, June 30, 1853. GENTLEMEN:

After a careful examination of your "Amer After a careful examination of your "American pleaders assistant," I take pleasure in expressing my entire approval of the selection and composition of the precedents thus offered to the public. The legal profession in Pennsylvania stands in need of a correct system of pleading, adented to our health of the public of precedents. adapted to our habits of business, and the practice of the courts. Your forms of declarations being to a great extent, founded on the acts of assembly will be as aving of labor to the pleader, and conduce to safety and brevity in our pleadings. It should be in the hands of every practising lawyer in our state. Yours, with great respect,

JNO. J. PEARSON. Hon, A. Jordan, Wm. M. Rockefeller and M L. Shindel, Esquires. W. McCarry, Esq.,
Dear Sir:—I received more than a year ago
a copy of "Reed,s Pleaders' Assistant" improved

by Judge Jordan and others. I examined it with some care soon afterwards, and have had occasion to use it several times since. I think it de cidedly valuable as a manuel for practising attorneys in Pennsylvania, and do not hesitate to recommend it. If it were generally used it would increase the accuracy of the profession in matters which are often very carelessly done. I am very truly yours, &c., J. S. BLACK.

I also received a copy of the Pleaders' Assistant, and have examined it sufficiently to enable me to concur very heartily in the above commen dations by the Chief Justice GEO. W. WOODWARD.
