Books, Papers, &c., exposed to the calamitatous fire in Reinstead Place, on the morning of the 11th inst.

When we reflect that these Safes were located in the fourth story of the building we occupied, and that they fall subsequently into a heap of burning ruins, where the vast concentration of heat caused the brase plates to snell, we cannot but regard the preservation of the valuable contests as most convincing proof of the great security afforded by your Safes.

Mears, Evans & Wutson—I have to offer you my testimony in favor of the great security afforded to my entire thock of jewelry, books, papers &c., during the recent disastrons confingration in Ranstend place, from the fact that the same were contained in two of the Salamander Safes manufactured by you.

Mosers Evans & Wutson-tentlemen—No doubt you will be deeply gratified to learn the good condition in which I discovered my book, policy of insurance, certificates of stock, and other valuable obcuments, when on Friday last I original the safe made by your firm.

With my knowedge of its great exposure, both to the intensity of the heat from so hot a fire as that which destroyed the Artisan Building, as also from the force of the full from its former elevated position in the third story, I could entertain but slender upone prior to its intensor inspection, that the contents which I once so highly prized would ever be of any service to me, but as these fears are now bappily removed. A HUMAN LIFE SAVED! Downerse, Mich., March 11, 1856,
J. A. RHODES, Esq.: Dear Sir.—I task your medicine to self on consignment, 'no cure no pay,'' I take pleasure in stating its effects as reported to me by three proteins who live in this place, and their their testimony is a fast specimen of all I have received:
W. S. Courtist told me.—'I had taken nine bottles of Christie's Aque Baleum, and commosily ran down while using it anni my lungs and laver were Congested to that degree that blood inscharged from my mouth and Savets, as that all throught it impossible for me to live through mother chill. The discrets too did all they could for me, but thought I must die. Nothing did me any good antil jett Rinde's Fever and Agae Care, which at once relieve me of the distress and muses at my stounch and pain in my head and bowels, and produced a permanent cure in a short time."

H. M. CONKLIN says: "I had been taking medicine

of as good a doctor as we have in our county, and takes as y quality of quintus and specifies without any good result, from 25th August to 17th December. But seem how meets it operated on my brother, I got a bottle of RHODES' FEVER AND AGUE CURE, which effected a permanent cure by using two thirds of a bottle."

S. M. CONKLIN was and here, but herb the other brahers say his sase was the same as H. Mis. I said the medicing to both the same day, and the cure was as speedy from the same small countity, and I might a smeety.

brothers say his ease was the same as H. M's. I said the medicine to both the same day, and the cure was as specify from the same small quantity, and I mirry as specify.

Yours with respect,

The above specific for itself. Good process it is, it so no better tenot than the vast number of the like certificates. I have abovely published, and the still greater amount that is continued pouring in to me.

One thing more Last year I had occasion to Caution the Public at these Cards:

"I notice one from who have taken one of my general circulars, salistituted the name of their nessrom for my medicine, and then with biazen impodence end their pamphics with the exclamation, 'Let the proprietor of any other modicine say as much if he dates.' 'Ac.

Now I take plansure in saying that the Caution referred to the same 'Dr. Christie's Ague Balsam' that is mentioned in the above certificate.

There are several other industrious people who are applying to their possenous teach all that I publish about my Faver and Ague Cure, or Antidote to Mularia, except the Certificates of Ourse, and the Certificate of the celebrated Chemist, Dr. James R. Chilton, of New York, in favor of its perfectly HARMLESS CHARACTER, which is straighted my medicine from imitations.
