FOR ALL THE PURPOSES OF A FAMILY PHYSIC. THERE has long existed a public demand for an effective purgative pill which could be relied on a sure and perfectly sete in its operation. This a been prepared to meet that demand, and an exten sive trial of its virtues has conclusively shown with what success it accompliances the purpose design " It is easy to make a physical rel, but not easy ... make the best of all relies—one which should have none of the objections, but all the advantages of every other. This has been attempted here, with what success we would respectfully submit ... the public decision. It has been unfortunate for the patient hitherto first almost every purgative medicine is not many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These rules produce no irritation or pain, nules it wise from a previously to be investing them. These rules produce no irritation or pain, nules it wise from a previously scienting purely them. These pills produce no irritation or pain, nuless it since from a previously existing obstruc-tion or derangement in the bowets. Being purely vegetable, no harm can arise from their use in any quantity ; but it is better that any medicine about be taken judiciously. Minute directions for their use in the several discasses to which they are ap-plicable are given on the box. Among the com-plants which have been specially cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Ap-petite, Listleseness, Irritability, Bilions Headache, Bilions Fever, Pever and Ague, Pain in the Side and Loins : for, in truth, all these are but the con-sequence of discussed action in the liver. As an sportent, they afford prompt and arise relief in Co-tivanem, Piles, Colds with accreases of the lody. Unlers and impurity of the blood; in short, any and every case where a parative is required. They have also produced some singularly suc-cessful curse in Rheumatism, Gout, Droma, Gravel, Eryspelas, Pelpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and users the sentem for the mean of the scenters of the blood of the same and singular the strengthed. Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional desse stimulates the stomach and bowels into healthy action, and restores the appe-tite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, reno-vate the strength of the body, and restore the wasted or discassed energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but un-necessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a should is required eanore the curried boy. as every purgative measure the housand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been available to manking.
