THE CASE OF MR. BROOKS.

We are indebted to the Hon. James H. Campbell for a copy of the report of the House Committee appointed to investigate the case of Mr. Brooks for his assault upon Senator Sumner.

The report is a voluminous document of 140 pages. The evidence fully sustains all the charges made against Brooks, and the ruffianly conduct of those acting with him.

The conduct of those members of the Senate and House who were present and did not interfere is severely commented on by Mr. Crittenden.

Mr. Brooks rose to a question of privilege, saying that he had felt that the rights of his constituents and the rights of members have been violated by the action of the House.

Congressional News.

THIRTY-FOURTH CONGRESS. First Session. WASHINGTON, July 14. SENATE.—The Senate considered and passed the bill amendatory of the act to promote the efficiency of the Navy.

At 4 o'clock an unsuccessful motion was made to adjourn. Mr. Tombs obtained the floor, saying that as the Senate was anxious to discuss the question now, he would proceed to give his views at large.

Mr. Tombs—No sir. The Senate has just refused to adjourn. I intend to speak on the subject, and when the Senators get tired of hearing me they can go home, I hope, however, the reporters will keep their seats, for my speech is intended for the country as much as for the Senate.

Correspondence.

For the Sunbury American. POTTSVILLE, July 8th, 1856. Mr. Editor:—This for the question of who should be the member of Congress from this district, has created but very little excitement.

It is true, a few trimmers to lead off the immaculate Colonel, at our last county meeting procured the adoption of a resolution conceding the next nominee for Congress to Northumberland County.

This however, is not very far from justice, had it perhaps been with the idea who the nominee should be, inasmuch as the friends, and opponents of that resolution, with few exceptions, are decidedly in favor of the nomination of some person belonging to the Democratic party in Northumberland County.

Whoever is nominated, it is my opinion, will be elected, and my word for it, our friends in the county will stand by it manfully.

It is however, on the other hand, our friends in Northumberland County should determine to elect a man who would think of nothing but the good of his district, and who has nothing to recommend himself at home or abroad but *zeal* instead of abilities, they will most assuredly find their error upon a count of the ballots on the second Tuesday of October next.

Such a state of affairs would be a disgrace, and no one more than the writer of this *review*, for such is what is intended by the writer of this communication.

May we hope then, that our friends in Northumberland will take this as a friendly warning and drop the notion of again imposing upon a candidate who has been rejected twice already, and get up some new man of good standing in the Democratic party; one who has never run against the ticket nor assisted to defeat a portion of it every Fall for years—one who is possessed of talent and integrity, and whose character for industry and sobriety would bear the strictest scrutiny and public investigation.

Give us a man, Sir, that will come up to this standard, and we will guarantee, instead of defeat, that he will give at least fifteen hundred majority for the nominee of Northumberland county.

Yours truly, J. JACKSON.

For the American. Mr. Editor:—The time is at hand, when the different political parties are on the alert to find their best and most popular men to fill the different offices in the gift of the people.

And as this is the fall for the election of Congressmen, permit me to name Mr. SAMUEL JOHN PERKINS of Shamokin, as a person every way qualified to represent this district in the National Congress.

Mr. Perkins is an intelligent and practical farmer, and well known to the people, and will, if nominated and elected, represent their interests to the best of his ability.

Northumberland county will be entitled to the candidate this fall, and should the different parties opposed to the present Administration, form a Union ticket, I think Mr. Perkins is the man for the contest.

AN OLD LINE WHIG. Elysburgh, July 14, 1856.
