Truth is Nighty, and Must Prevail. Report of the Committee appointed to superintend the Burning of the Iron Safes, at Reading, February 27, 1857.

READING, Murch 4. The undersigned, members of the committee, do respectfully report, that we saw the two Safes originally agreed upon by Farrels & Herring and Evans & Watson, placed side by side in a furnace, viz: The Safe inuse by the Paymaster of the Philadelphia and Reading Railroad Company, in his office at Reading, manufactured by Farrels & Herring, and the Safe in use by H. A. Lantz, in his store, manufactured by Evans & Watson, and put in books and papers precisely

alike.
The fire was started at 83 o'clock, A. M., and kept up until four cords of green hickory, two cords dry oak and half chesnut top wood were entirely consumed, the whole under the superintendence of the subscribers, members of the Committee. The Sales were then cooled off with water, after which they were opened, and the books and papers taken out by the Committee and sent to H. A. Lantz's store for public examined and marked by the Committee. The books and papers token from the Safe manufactured by Farrels & Herring were in our judgment. damaged fully fifteen per cent, more than those taken from Evans & Watson's Safe. We believe the above to have been a fair and

impartial trial of the respective qualities of both JACOB H. DYSHER. DANIEL S. HUNTER.
