SELECT SUMMER GOODS.

LARGE ASSORTMENT! WE have received our NEW GOODS for the summer trade, and respectfully invite all the world and the rest of mankind to Catt AND

San Tunn.
People who would economize and save their dimes will do well to call and see how very cheap goods can be had, and should they not conclude to purchase from us, they will be more conversant as to the actual value of all kinds of Goods. There are a great many reasons why people should closely examine our stock, and while it is clearly demonstrated that the "obvious meaning and imports" of this multitude of reasons refers directly to the BEAUTY OF TEXTURE, and theapness in price of goods, it will at the same strike the mind of the observing

ECONOMIST, that a state of things combining a great and di-versified supply, with low prices, must bring about a "consummation devoutly to be wished"

versified supply, with low prices, must bring about a "consummation devautly to be wished" in making the POOR MAN RICH, and the rich man epulent.

And although we may digress, yet permit us to wid that nothing would afford a better ground work for a summer evening's entertainment, than for the kind mother who is presumed to have examined our stock, to gather her little flock around her, and tell them of BRIGHT & SON'S beautiful goods, the handsome Silks from France and ludy, the Ribbons and Lacra from Lyons, the Merinos from France, the prints from Manchester, the Licens and Lawns from Glasgow and Dublin, and a thousand things of great beauty and utility. But to be a little more practical, we will state for the good of the country, the rising generation, and the full grown, more in detail, the goods we retail, in very large or smaller slices, at very greatly reduced prices! and though we may regret we said it, we'll sell our goods on six months credit, at the end of which the people "flush," will come and pay us with a rush, for none can feel so unconcerned about a debt so fully carned, as to be guilty of procrastination, to the hazard of their reputation.

Then Gentlemen and Ladies fair, hearken, if you've the time to spare, and hear of New Goods rich and rare, received and being opened.

A WONDERFUL COINCID ENCE.

HOLLOWAY'S OINTMENT

The anniversary of the introduction of Holloway's Continent ought to be a jubilee forever. It has saved countless math ades from disfigurement, pacelyzation, mutilate a, agony and death. Surfing from the surface to which it is applied, its healing haim finds its way through every coating and ligament of the body, to the very source and basis of all certifive, theorems, tomorous, and cancerous discusses. It distinguishes the febrile principle that leeds them, and the outward symptoms finds, benl, and pass away with a rapidity incressible to those who have not witnessed it. SCROPULOUS ERUPTIONS AND ULCERS.

SCROPTUROUS ERRUPTIONS AND ULCERS.

The poison of scredula has never been neutralized or expelled by any of the remedies of the pharmacepesia. The sile antidate to this virulent and destructive element is Holloway's Outment. Majenthe & Brodie, the great Freuch and English surgeons, do no deny or dispute this great fact. There is no form of scrodula that may not be controlled and cured by this balanine remedy.

CANCERS AND TUMORS.

The knife or caustic may remove a cancer or tumor, but the seeds of the terrible excrescence remain in the blood, and it is soon reproduced in a worse form than before. Holloway's Omtonent, on the countrary, penetrates into the circulation, and pervades every infected vesicle, and ki is the disease by destroying the corrolly principle that generated and sustains it.
