Salamander Sufes. No. 304 Chemut Street, above Third.

PHILADELPHIA. PHILADELPHIA, Sept. 20, 1850. To the President of the Pennsylvania Agricultural Society:

Agricultural Society:

The subscribers, your committee to canmine the contents of a SALAMANDER SAFE of Evans & Watson, after being exposed to a strong fire on the fair grounds for chest hours, respectfully represent—

That, after seves cords of oak wood and three of pine had been commined around the safe, it was opened, in the presence of the committee, and the contents taken out, a little warmd, but not even scorched.

Several Silver Medals, heretofore received by the manufacturers, and a large quantity of documents, were in the safe, and came out entirely uninjured.

The experiment satisfied us of the capacity of Safes of this kind to protect contents from any fire to which they may be exposed.

The Committee awarded a Diploma and Silver Medal.

Washington, Sept. 17, 1859—Messers. Evan & Watson, Philadelphia.

Gentlemen:—The Salamander Fire-Proof Safe of your manuface, purceased by us from your Agent, Ferris and Garrett, of our city, some more months ago, was severely tried by burglars hat Saturday night, and glunpowder, they had a sleege harmer, cold chisels, and gumpowder, they did not succeed in opening the Safe. The lock being one of "Halls" Patent Powder-proof," they could not get the powder into it, but drilled a hole in the lower panel and forced in a large charge, which was ignited, and although the door, inside and out, showed the explosion not to have been a small one, it was not forced open. We suppose they were the greater part of the night at work on it. We are much gratified at the result of tes attempt to enter it, and if the above facts are of any service, you are at liberty to use them.

Mesers Evans and Watson, -- Gentleman-It pifords me Mesers Evans and Watson,—Gentleman—It affords me great pleasuae to say to you that the Salamander Safe, which I purchased of you in February, 1858, proved to be what you recommended it—a sure protection from fire. My storehouse, together with several others, was burned to the ground in March last. The Safe full through into the feel-lar, and was exposed to intense heat for six or eight hours, and when it was taken from the ruins and opened all its contents where found to be in a perfect state, the books and the papers not being injured my whatever. I can cheerfully recommend your Safet to the community, believing, as I do, that they are as near fire-proof as it is possible for any Safe to be made. THOMASJ. POWELL.

HOSTETTER'S STOMACH BITTERS.

It is a fact that, at some period, every memper of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has in-troduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfac-tion to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple pro-

cess of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausoa, Flatulency, Loss of Appetita, or any Bilious Complaints, arising from a merbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bilters have no equal

Bitters have no equal. Diarrhoa, dysentery or flux, so generally conby new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to decongraphents of the digestive be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind then why not use an article known to be infallible ! All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation ema-nated, based upon scientific experiments which

have tended to prove the value of this great preparation in the scale of medical science. FEVER AND AGUE .- This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Fears, who are

suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Litters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, temporary strength and vigor to the system, Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION .- We caution the public against using any of the many imitations or counterfeits, but ask for Hospitten's Celebrated Stonach Bitters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic esp covering the cork, and observe that our autograph signature is on the label."
