PHILADELPHIA, Sept. 29, 1859. To the President of the Pennsylvania Agricultural Society:

The subscribers, your committee to examine the contents of a SALAMANDER SAFE of Eyans & Watson, after being exposed to a strong fire on the fair grounds for eight hours, respectfully represent—

That, after seven cords of oak wood and three of pine had been consumed around the safe, it was opened, in the presence of the committee, and the contents taken out, a little warmh, but not even scorched.

Several Sliver Medals, heretofore received by the manufacturers, and a large quantity of documents, were in the safe, and come out entirely uninjured.

The experiment satisfied us of the capacity of Sofes o this kind to protect contents from any fire to which they may be exposed.

Wilmington, Sept. 17, 1859.—Mosses. Evas & Watson, Philadelphia
Gentlemen:—The Salamander Fire-Proof Sufe of your manifere, purceased by us from your Agent, Ferris and Garrett, of our city, some nine months ago, was severely tried by burglars last Saturday night, and although they had a slodge hammer, cold chasels, and gunpowder, they did not succeed in opening the Safe. The lock being one of "Hall's Patent Powder-proof," they could not get the powder into it, but drilled a hole in the lower panel and forced in a large charge, which was ignited, and although the door, inside and out, showed the explosion not to have been a small one, it was not forced open. We suppose they were the greater part of the right at work on it. We are much gratified at the result of tee attempt to enter it, and if the above facts are of any zervice, you are at liberty to use them.

Yours, truly,
BAYNARD & JONES. THE subscriber has just opened at his well known establishment in Sunbury, one of the

Great Fire !- Another Triumph!!

Messrs Evans and Watson,—Gentleman—It affords me great pleasure to say to you that the Salamannet Safe, which I purchased of you in February; 1858, powed to be what you recommended it—a sure protection from fire. My storehouse, together with several others, was burned to the ground in March last. The Safe full through into the jeeliar, and was expected to intense heat for six or eight hours, and when it was taken from the ruins and opened all its contents where found to be in a purfect state, the books and the papers not being injured any whatever. I can cheerfully recommend your Safes to the community, believing, as I do, that they are as near fire-proof as it is possible for any Safe to be made. THOMASJ POWELL.

HOSTETTER'S STOMACH BITTERS.

Ir is a fact that, at some period, every mem-ber of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has intreduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfac-tion to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nau-sea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these

Bitters have no equal.

Diarrhœa, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fall by using HOSTETTER'S STOMACH BITTERS, as per-directions on the bottle. For this disease every directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infal-lible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation ema-nated, based upon scientific experiments which

have tended to prove the value of this great preparation in the scale of medical science. FEVER AND AGUE .- This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him phy-sically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of the contract of the con duction of a thorough and permanent cures

For Persons in Advanced Years, who are
suffering from an enfectbled constitution and body, these Bitters are invaluable as a

ive of strength and vigor, and need a tried to be appreciated. And to a while nursing these bitters are indis-e, aspecially where the mother's nour-'s inadequate to the demands of the isequently her strength must yield, it is where a good tonic, such as Stomach Bitters, is needed to impart frength and vigor to the system. d by all means try this remedy of debility, and, before so doing, heir physician, who, if he is ith the virtue of the Bitters, will heir use in all cases of weakness. -We caution the public against using v imitations or counterfeits, but ask S CELEBRATED STONACH BITTERS, ach bottle has the words "Dr. J. omach Bitters" blown on the side
