MESSIS. EVANS & WATSON, —Gentlemen: —The small size No. I Salamander Safe which I purchased from your agent, Mr. Adam R. Barr, in Lancaster City, on July 20th, 1858, has been adjected to a very severe test, which it withstood in a most satisfactory manner. This Safe, contaming all my books, together with valuable papers belonging to myself and some to my neighbors and triends, and representing a value of over Twendy Thousand Dollars, Son 0.000 mession my Mell with stars destroyed on the (\$20,000) was in my Mill, which was destroyed on the night to the 27th of July, 1860, and passed through the fiery ordeal enseathed. The Safe was on the second floor, and fell to the basement of the Mill, and was subjected for six fell to the basement of the Mill, and was subjected for six hours to an intense heat among the ruins, which was greatly increased by the combustion of a large quantity of grain confined within the brick walls. After the fire the Safe was opened and the books and papers taken out in a state of perfect preservation, the paper not even being discolor-dd. This fact was, however, to many bystanders, a better recommendation of your Safes than could be expressed is any other words from me:
