FROM THE "HOME JOURNAL" "Of all the child furniture we have ever necu no article combines so much of those two important things-health and happiness-as the Adjustable Patent Steel Spring Saddle-Horse, in-vented by Jease A. Crandall, R is not dangerous, like a common rocking-horse, to children's feet, cannot be upset, does not wear carpets, but stands firm on its buse, and its action is so like wearies of it. This intest of child novelties is exceedingly elegant and artistic in design; and so ulgastable, substantial, and durable, that last a lifetime. It is indispensable in every family where there are children. It should be in every primary school and gymnasium in the country, as it can be made large and strong mough to sustain grown persons.
