Pimpies, Pustales, Blotches, Bolis,
Blains, and all Skin Diseases.

Oaklard, Ind. oth June, 1859,
J. C. Ayan & Co. Gents: I feel it my duly to acknowledge what your Sarsquarilla has done for me.

Having inherited a Scrofulous infection, I have suffered
from it in various ways for years. Sometimes it burst
out in Ulcers on my bunds and arms; sometimes it
turned inward and distressed me at the stomach. Two
years ago it broke out on my head and covered my scalp
and ears with one sore, which was palaful and loathcome
beyond description. I trust many medicines and several
physicians, but without much relief from any thing. In
fact, the disorder grew worse. At length I was rejoiced
to read in the Gospel Messenger that you had prepared
an alterative (Sarsquarilla), for I knew from your regutation that any thing you mode must be good. I sent to
Cincinnationed got it, and used it till it cured me. I took
it, as you advise, in small doses of a tempoonful over a
mount, and used almost three bottles. New and healthy
skin soon began to form under the scab, which after a
while foil off. My skin is now clear, and I know by my
feelings that the disease has gone from my system. You
can well believe that I feet wint I am aving when I tell
you, that I hold you to be one of the apostles of the age,
and remain ever gratefully.

New Oblems, 25th August, 1850.

Dr. J. C. Aren: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Saresparilia.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Meconical Disease. One of my patients had Syphilitic alcers in his throat, which were consuming his poliste and the top of his mouth. Your Sarsaparilla, steally taken, cured him in five weeks. Another was attacked by secondary symptoms in his nesse, and the alceration bad esten away a considerable part of it, so that I believe the disorder would soon reach his brain and bull him. But it yielded to my administration of your Sarsajariba: the ulcers leaded, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she authored excursed entirely by your Sarsajariba in a few weeks. I know from its formula, which your agent gave me, that his Proparation from your bhoratory most be a great remedy; consequently, these truly remarkable recuits with it have not surprised me.

This Sofe, containing all my beaks, together with valuable papers belonging to myself and sorae to my neighbors and friends, and representing a value of over Twenty Thousand Dollars, (\$50,000) was in my Mill, which was destroyed on the night for the 27th of July, 1860, and passed through the fiery orderal unscathed. The Safe was on the second floor, and fell to the basement of the Mill, and was subjected for six hours to an interne heattamong the ruins, which was greatly increased by the combustion of a large quantity of grain confined within the brick walls.
