Semethness it burst out in Ulcars on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it burks one on to my head and everted my scaip and ears with one sore, which was painful and loathsome seyond description. I tried many medicine and several physicians, but without much relief from any thing. In lart, the disorder grew worse. At length I was repleted to read in the Goopel Musselger that you had prepared an alterative (Sarsaparilla, for I kines from your reputation that any thing you made arms the good. I sent to Cincinnatiand got if, and used it till it cured me. I took it, as you advise, in small doses of a tempoontial over a month, and used almost three bottles. New and healthy dain soon began to form under the scab, which after a while fell off. My skin is from clean and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am seying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully.
