#### Major-General Rosecrans Takes Buell's Command.

WASHINGTON, Oct. 24. Major-General Roscerans has been appointed to succeed Gen, Buell in Kentucky This is certainly a good change, and one that meets with almost universal favor in this city, the only disapproving voices being Buell's immediate friends or those who are Secessionists at heart. Gan. Rosecrans has proved himself one of the most able and

energetic soldiers of the war. He was successful in Western Virginia, in Tennessee, and no one doubts his good fortune will follow him in Kentucky. A female poisoner, Constance Wilson, has been sentenced to death in England, for

murdering by polson. She administered colchicum, and it is believed has, like Domollard, filled a cemetery by her crimes.

WASHINGTON, Oct. 25 .- The following was received at the head-quarters of the army to-day : --

Sr. Lot is, Mo., Oct. 24, 1862. - To Major-General Halleck, General in-Chief :- Our arms are entirely successful against Northwest Arkansas. General Schefield, finding that the enemy had encamped at Pea Ridge sent General Blant, with the first division westward, and moved towards Huntsville with the rest of his forces. Gen. Blunt, by toaking a hard night's march, reached and attacked the Robel force at Marysville, near the northwest corner of Arkanses, at 7 o'clock A. M., on the 224 inst.

The chenty was under cover, estimated at some 5000 to 1000 strong. The engagement insted about an hear, and resulted in th total rout of the energy, with the loss of all his artillery, a battery of six pounders, a large number of horses, and a portion of their transportation, camp and garrison equipage. Our cavalry and light howitzers were still in pursuit of the scattered forces. When the messenger left, our loss was small Gen. Schoffeld pursued the Rebels through Maysville, and beyond Huntsville. Coming The clesc upon him, the enemy fled precipitately beyond the Boston Mountains. All the arganized Rebel forces of the West have thus been driven back to the valley of the Arkansas river, and the army of the frontier has gallantly and successfully accomplished S. R. CURTIS, its mission.
