From the Bev. Levi G. Beck, Pestor of the Baptist Chursh, Pemberton, N. J., formerly of the North Baptist Church, Philadelphia.

I have known Hoodand's German Bitters favora-I have known Hoofland's German Bitters favora-bly for a number of years. I have used them in my own family, and have been so pleased with their effects that I was induced to recommend them to ma-ny others, and know that they have operated in a strikingly beneficial manner. I take great pleasure in thus publicly proclaiming this fact, and calling the attention of those afflicted with the descape for which they recommended, to these Bitters, knowing from experience that my recommendation will be sustain-ed. I do this more cherrilly as Hoofland's Bitters is intended to benefit the afflicted, and is "not a rum drink." Yours truly, LEVIG. BECK.

From Rev. J. Newton Brown, D. D., Editor of the Encyclopedia of Keligious Knowledge, and Christian Chronicle, Philadelphia.

Although not disposed to favor or recommend Pa-tent Medicines in general, through distrust of their ingretients and effects. I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofland's I do this the more readily in regard to Hoofland's German litters, prepared by Dr. C. M. Jackson, of this city, because I was prejadiced against them for more years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend Robert Sheomaker, Esq., for the removal of this prejadice by proper tests, and for encourage-ment to try them, when suffering from great and long continued debility. The use of three bottles of these litters, at the beginning of the present year, was followed by evident relief and restoration to a degree of budily and mental vigor which I had not feil for six months before, and had almost despaired of reguing. I therefore thank God and my friend for directing to the use of them. for directing to the use of them. J. NEWTON BROWN.
