LILLIES CHILLED IRON SAFE. The Only Safe Reliable against both Fire

I am now prepared to furnish three sizes of National Bunk Safes. They are both Fire and Burglarproof, with two distinct Inside Burglar Safes, and
three of my new Anti-Mierometer Locks on each
safe, believed to be the only bank-lock now in use
that has not been picked or cannot be picked by
the sul of the micrometer. These Safes all present
four to six inches in thickness of solid iron, guaranteed
to be the strongest, the most difficult to drill and to
stand the most resistance against both fire and
burglary of any Safe in the United States of the
same size and cust.

I have on band also, and will furnish all sizes of
Bank Vault Safes, possessing all the advantages of
the above against burglary.

Also, all sizes of Mercantile Safes both burglarproof and fire and burglar-proof.
Also, Ornamental Dwelling-home Safes, burglar
proof, and fire and burglar-proof (warranted not
disap).

Also, the strongest and cheapest Varit doors, for and Burglary.

Ayer's SARSAPARILLA

Scrofula and Scrofulous Diseases Prom Emery Edes, a scell-known merchant of Oz-ford, Maine.

Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rec. Robt. Stratton, Bristol, England.

"I only do my duty to you and the public, when I add my testimony to that you publish of the medicinal virtues of your Sansapaulilla. My daughter, aged ten, had an afflicting humor in her cars, eyes, and hair for years, which we were unable to care until we tried your Sansapaulilla. She has been well for some months."

From Met. Jans E. Rice, a well-known and much-

cure until we tried your Sarsaparita. She has been well for some months."

From Mrs. Jane E. Rice, a well-known and muchesteemed lady of Dennisville, Cape May Co., N. J.

"My daughter has suffered for a year past with a scrotulous cruption, which was very troublesome. Nothing afforded any relief until we tried your Sarsaparitals, which soon completely cured her."

From Charles P. Gage, Esq., of the widely-known Gage, Murray & Co., manufacturers of chameled papers in Nashue, N. H.

"I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost every thing a man could of both advice and medicine, but without any relief whatever, until I took your Sausapariti. A. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I am without any symptoms of the disease that I know of. I enjoy period health, and without a doubt owe it to your Sausapariti. A.

From Dr. Robt. Seevin, Houston St., New York.

"Dr. Ayth." I seldom fail to remove Eruptions and Seriglatous Sorve by the persevering use of your Sarsary Antilla, and I have just now cared an attack of Maligness Erysipelas with it. No alterative we possess equals the Satsaryanilla you have supplied to the profession as well as to the people."

From J. E. Schaston, Esg., Wakeman, Ohio.

"Foor twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so but that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your Sansaranilla. Took two buttles, and some of your Pills. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

From Harvey Sickler, Esq., the able editor of the Tankhansock Democrat, Pennythemia.

"Our only child, about three years of age, was stacked by pimples on his forchead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied his eyes for some days. A skilful physician applied his eyes for some days. A skilful physician applied his eyes for some days. A skilful physician applied his eyes for some days. A skilful physician applied his hands, lest with them he should tear open the featering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your Sansarianita, and applying the todide of potash lotion, as you direct. The sore began to heal when we had furshed the second. The child we yelsakers, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease.

From Dr. Hirars Sloat, at St. Louis, Missouri.

"I find your Sansaramilia a more effectual remedy for the secondary symptoms of Syphilis and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. French M. D., an eminent physician of Lawrence, Mass., who is a prominent significant of the Legislature of Mossachusetts.

"Dr. Attin. My dear Sir: I have found your Sansapantilla an excellent remedy for Syphilis, both of the primary and secondary type, and effectual in some cases that were too obstunct to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Liene, of New Brunswick, N. J.,

Mr. Chor. S. Van Lieu, of New Brenswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or mercurial disease, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SAESMARILLA relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him.

Leucorrhœa, Whites, Female Weakness, are generally produced by internal Scrafulous Ul-ceration, and are very often cured by the atterative ceration, and are very often cured by ineffect of this Sansayamu. A. Some cases require,
however, in aid of the Sansayamu. La, the skillul
application of local remedies.

From the well-known and widely-celebrated Dr.
Book Marvill, of Cincinnati.

"I have found your Sansapantilla an excellent alterative in diseases of formules. Many cases of Irregularity, Lencorrhom, Internal Ulceration, and local debility, arising from the serofulous diathesis, have yielded to it, and there are few that do not when its effect is properly aided by local treatment."

AYER'S CATHARTIC PILLS possess so many advantages over the other purgatives in the market, and their superior

virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done. Prepared by J. C. AYER, M. D., & Co., Lowell, Mass., and sold by

Yet there are hundreds of persons, in and around Philadelphia, who will recognise both portraits to be true representations. NEW YORK, Wednesday, March 30, 1864. TO THE PUBLIC.

Thirty years ago I was in the last stages of Pul-monary Consumption, and given up to die. I resided in Phitadelphia, and Dr. Joseph Parrish, then of this city, ordered me to Morestown, N. J., a distance of nine miles which took me two days to get there. On my arrival I was put to bed, and there laid for many weeks. This was my native place, where all my

nine miles which took me two days to get there. On my arrival I was put to bed, and there laid for many weeks. This was my native place, where all my family lived and shad died of Consumption. Dr. Thornton, who attended my father in his last illness, was called, and gave me one week to fix up my affairs. He had seen all my family go that way, and thought I was to go, too. Then I heard of the reme dies I new offer to the public, which cured me. It seemed to me that I could feel them penetrating my whole system.

They soon ripened the matter on my lungs, and I would spit off more than a pint of offensive yellow matter every morning. As soon as that began to saleside, my cough, fever, pain, night sweats—all began to leave me, and my appetite became so great that it was with difficulty I could keep from eating too much. I soon gained my strength and I have been growing in desh ever since. For many years I have enjoyed uninterrupted good health, keeping the liver and stomach healthy with the Seaweed Tonic and Mandrake Pills, as I am of a billions temperament. My weight is two hundred and twenty pounds. On my recevery people would send for me for and near, to see if their cases were like mine. For this purpose I pay professional visits in the large office. The consumptives wish to see the one that makes these medicines, and who was cured of consumption by them. To make new lungs is imposible; but cavities in the lungs and chronic alcerations of the bronchial tabes can be healed. Such cases are dying hearly under the ordinay treatment of physicians, and just sach are cured by the proper use of Schenk's Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills.

use of Schenk's Pulmonic Syrup, Scaweed Tonic, and Mandrake Pills.

I am now a healthy man, with a large cavity in the middle lobe of the right lung, the lower lobe very much hepatized and complete adhesion of the pleura. The left lungs is sound, and the upper lobe of the right lung is in a tolerably healthy condition. The great reason why physicians do not care consumption is they try to do too much; they give medicines to stop the cough, to stop enight sweats, heetic fever, and, by so doing, the; derange the whole digrestive powers, locking up the secretions and eventually the patient sinks and dies. Arter I make a careful examination of the patient with the Respirometer, and find lungs enough left to cure, I direct the patient how to use the three remedies.—Remare the causes and they will all stop of their own accord. No one can be careful of consumption, liver complaint, deep pais, catarrh, canker, delerated throat, unless the liver and stomach are made healthy. In New England this canker chronic catarrh, allicerated throat, clongation of uvula, is more prevalent than in any other section of the country. This is frequently entsed by a foul stomach. You may burn it out with causire time and again, and all they will get is temperary relief. Correct the stomach and liver, and they will heal up themselves.

Good natrition is the remedy. If you have any disease in any part of the body, it will remain there and decay more and more until you can get the stomach in the condition to digest food and make new blood to take the place of diseased matter. This is the only way to heal cavities in the lungs and ulcerated bronchial tubes. Correct the stomach and liver and nature will do the healing. Many persons have an idea that certain medicines are great purifiers of the blood. When blood is once diseased it cannot be purified; it is diseased the same as the diseased matter in the system; but get the apparatus in order, the liver and stomach, and give it plenty of nourishing food it will make new blood, which will take t

First is Mrs. Farlow, residing then at No. 107 Houston street. Her husband called upon me at my rooms, 32 Bond street and wished me to call and see her. He said I could do no good; that he had had all the best medical attendance, and sil Taid she was too far gone with Consumption to be cured; but she had heard of some great cures I had made, and he desired to gratify her wishes. I called, and found her lying confined to her bed in the last stage of bronchial consumption and without doubt must have died soon. I examind the room of the last stage of bronchial consumption and without doubt must have died soon. I examind the room of the last stage of bronchial consumption and without doubt must have died soon. I examind the room of the last stage of bronchial consumption and without doubt must have died soon. I examind the room of the last stage of bronchial tubes very much affected, but no cavities had formed, her cough was very severe, the spit-box was half full of thick pus. Pulse 140, leg swollen very nuch; and worse than all, she had chronic diarrhoea. Her bowels had been moved eleven times that day, told her that she had been of long standing, and her stomach was in such a ulcerated condition that I was afraid nothing could be done. She insisted I should try and do what I could for her, observing that she could not last long in the condition she was in, and I could not make her any worse. I gave her first a dose of my Mandrake Pills, and the tonic and Syrup freely.—That was on Tuesday, and by the next sunday the diarrhoea was carried off, her appetite had returned and she could and gave a long certificate, certified to by the Rev. Dr Downing.

and she could sit up in bed and eat her dinner. She is now well, and gave a long certificate, certified to by the Rev. Dr Downing.

Mrs. Bartholomew, 83 West Forty-fifth street, came to my rooms with a tumor on her liver. She was low-spirited, skin sallow, tongue ceated, bowels costive, no appetite, and fast sinking into the grave. The said tumor had been running over fourteen years. I gave her Syrup. Tonic and Pills, and told her to take them just as the directions were printed. She came back to my rooms, \$2 Bond street in two weeks, somewhat better; her tongue had begun 2 clean a little around the edges, her skin whiter and her eyes brighter and the tumor discharging very offensive matter, much faster than it had ever done before. She kept gradually improving, and in about off-nsive matter, much faster than it had ever done before. She kept gradually improving, and in about two months she came to my rooms very much fright-ened, saying that the tumor had nearly stopped running, and was bealing up, and that every doctor had told her that if it ever healed it would cause her death. I told her that the disease had all left her system, and nature would heal the ulcer up. They are now healed, and have been for about a year, and are now healed, and have been for about a year, and she is a hearty and robust a woman as you will find in a days walk. She is glad for any one to call on her, and takes great pains to visit any one that she hears has anything like her care, and tries to get them to come and so me. The next case is Miss Scolled, from Stamford, Conn., Mrs. Barthelomew got her down to see me, and she has been ever since at her house. When she first came to my resuss, she at her house. When she first came to my rosuns, she was much emaciated with a distressing cough, spitting targe quantities of blood. I examined her langs with the respirometer, and in all my practice never found one with one lung so far gone and the other lungs so sound. I could not give much encouragement. I thought she would die; but to my astonishment the Pulmenic Syrup, Scaweed Tonic, and Mandrake Pills all seemed to go right to work, the lung is all healed over, leaving a cavity as large as a goose egg, good appetite, fine spirits, and has gained some thrity-five pounds in weight. She has some cough yet, which I do not trible will leave her before June. I should think it would be of great interest to some unparjudiced physician to visit these interest to some unjacjudiced physician to visit these cases, particularly Miss Scoffeld, or any of them who have been cured by my medicines. They are numerous in New York; but the above three all differ from each other; and if my medicines are doing what I represent they are, they should have the credit and the afflicted know where and how they
