Lackawanna & Bloomsburg Rail rond.

ON and after Jan. 18th, 1864, Passenger Tesins by the will ran as follows:

U. S. 7-30 LOAN. The Secretary of the Treasury gives notice that subscriptions will be received for Compositions Notes, psyable three years from August 15th 1861, with semi-annual interest at the rate of seven and

three-tenths per cent, per annum,--principal and interest both to be peid in lawfel money. These notes will be convertible at the option of the holder at meturity, into six-per cent. gold bear ing bonds, payable not less than five nor more thatwenty years from their date, as the government may They will be issued in denominations of \$50, adjusted. \$100, \$500, \$1,000 and \$5,000, and all subscriptions must be for fifty dollars or some multiple of fifty

dollars The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be

As the notes draw interest from August 15, persons making deposts subsequent to that date must pay the interest accrued from date of note to date of

denceil. Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be ellowed a commission of one-quarter of one per cent. which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. N deductions for commissions must be made from the deposits.

Special Advantages of this Long IT IS A NATIONAL SAVINGS BANK, offering a higher rate of interest than any other, and the best seen rity. Any savings bank which pays its depositors in S. Notes, considers that it is paying in the best droulating medium of the country, and it example FER MANUFACTORY | pay in anything better, for its own nesets are "either in government scenrities or in notes or honds payable in covernment manner.

It is equally convenient as a temporary or perma nent investment. The notes can always be sold for I have now in store within a fraction of their face and accumulated inte rest, and are the best security with banks as collatersts for discounts.

> CONVERTIBLE INTO A SIX PER CENT 5-20. GOLD BOND.

In addition to the very liberal interest on the notes

for threefyears, this privilege of conversion is now, worth about three per cent. per annum, for the curt rent rate for 5-20 Bends is not less than nine per cent. premium, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present murket rate, is not less than ten per cent. per annum.

ITS EXEMPTION FROM STATE OR MUNICI-PAL TAXATION.

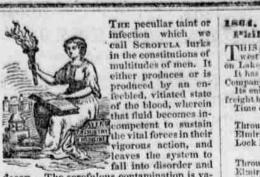

But aside from all the advantages we have enur erated, a special Aut of Congress exempts all bands and Treasury notes from local taxation. On the average, this exemption is worth about two per cent. per anuum, scoonling to the rate of taxation in vari ous parts of the country.

It is believed that no securities offer so great in docemants to fenders as those issued by the government. In all other forms of indebtodness, the faith and ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held e secure the discharge of all the obligations of the United States.

While the government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people Duplicate certificates will be issued for all deposits The party depositing must choose upon the origin n' certificate the denominations of notes required and whether they are to be issued in blank or mayable to order. When so endorsed it must be left with the officer receiving the deposit, to be forwarded to the Treasury Department.

Subscriptions will be received by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositaries, and

decay. The scrofulous contamination is va-riously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy lubits, the depressing vices, and, above all, by the venereal infection. Whatever be its the venerent interior. Whilever be as origin, it is bereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and be-come ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigora-tion of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the fiesh" healthy, you cannot have scrofulous disease.

Ayor's Sarsaparilla is compounded from the most effectual anti-dotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Biotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AVER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it ends to shorten, and does greatly shorten, the average duration of human life. The yast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of Sorsaparilla in alternive power. By its aid you may protect yourself from the suffer-ing and danger of these disorders. Purge out the foul corruptions that rot and fester in the load, purge out the senses of the in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers

on any part of it. We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in on any part of it.

Its virtues have been proven by abun-

AN INTERESTING HISTORY OF.

DR. SCHENK'S OWN CASE. WHILE LABORING UNDER CONSUMPTION And how his Pulmonic Syrup, Seaweed Tonie," and Mandrake Pills act on the System in Curing that Disease, and the

Great Success Atlending It!

The above is a correct like tess of Dr. Schenk taken many years ago, after he had recovered from Con. sumption ; by a course of his "Schenk's Pulmonic Syrap." The likeness, although it does not represent him anything like as had as he was at the worst. yet it is in strong contrast with the hale and vigorous looks of the Portrait below, which is the true likeness of him at present time. The contrast between these two portraits is so great that many would not believo them to be the same person. Yet there are hundreds of persons, in and around Philadelphia, who will recognise both pertraits to be true representations. When the first was taken he weighed 107 which lurk within the system or burst out pounds ; at the present time his weight is 220 pounds

<text>

The set ourse I had made, and have desired to gravity of the total in the last stage of browning continues in the spit-box was half full of their purcess in the spit-box was half full of their purcess in the spit-box was half full of the spit-box was half full he spit-box was ha

death. I told her that the discuss had all left her system, and nature would heat the alcer up. They are now healed, and have been for alcut a year and system, and nature would head the alcer up. They are now healed, and have been for alcost a year and she is a hearty and robust a woman as you will find in a days walk. She is glud for any one to call on her, and takes great pains to visit any one that she hears has anything like her case, and tries to get them to come and see me. The next case is Miss Scofield, from Stamford, Com., Mrs. Bartholenew got her down to see me, and she has been ever since a ther horse. When she first came to my rooms she was much emaciated with a distressing cough, spit-ting large quantities of blood. I examined her lungs with the respirometer, and in all my practice never found one with one lung so far gone and the other lung is sound. I could not give much encourage-ment. I thought she would die, but to my astor-bement the Polynomic Symp. Scaused Toole, and Mandrake Pills all scemed to go right to work, the lung is all healed over, leaving a cavity as large as goode egg; good appetite, fine spirits, and has gained some untry-field eet physician to visit these eases, particularly Miss Scofield, or any of them who never une. I should thick it would be of great interest to some unprejudiced physician to visit these eases, particularly Miss Scofield, or any of them who arous in New York ; but the above three all differ from each other , and if my medicines are daing what the respirate they are, they should have the result on the affliced know where and how they any be cured.

may be cured

#### NEW YORK, Wednesday, March 30, 1864. TO THE PUBLIC.

Thirty years ago I was in the last stages of Pul-monary Consumption, and given up to die. I resided a Philadelphia, and Dr. Joseph Parrish, then of this in Philadelphia, and Dr. Joseph Parrish, then of this city, ordered use to Morestown, N. J., a distance of nine miles which took met two days to got there. On my arrival I was put to bed, and there had for many weeks. This was my native place, where all my family lived and had died of Consumption. Dr. Thornten, who attended my father in his last illness, was called, and gave me one week to fix up my af-fairs. Ho had seen all my family go that way, and thought I was to go, too Then I heard of the reine-dles I now affect to the public, which cured me. It seemed to me that  $\frac{1}{2}$  could feel them penetrating my whole system.

whole ystom, They soon ripened the maiter on my lungs, and I would spit off more than a plat of offensive yellow subside, my cough, fover, pain, night sweats—all began to have me, and my appoilte became so great that it was with difficulty I could keep from eating too much. I soom gamed my strength and I have been growing in flosh over since. For many years I have subyed miniterrupted good health, keeping the liver main stommer healthy with the Seaweed To he and Mandrake Pills, as I am of a billious temper-ment. My weight is two hundred and twenty points. On my remersy people would send for me for this purpose I pay professional visits in the large of the store incluers, and who was cured of con-simption by them. To make new lungs is impeti-tions of the bronchial tabes can be healed. Such makes these medicines, and who was cured of con-simption by them. To make new lungs is impeti-tions of the bronchial tabes can be healed. Such and the avrites in the lungs and chronic ulcera-tions of the bronchial tabes can be healed. Such and the avrites in the lungs and chronic ulcera-tions of the bronchial tabes can be healed. Such and the avrites in the lungs and chronic ulcera-tions of the bronchial tabes can be healed. Such and the avrites in the lungs and chronic ulcera-tions of the bronchial tabes can be healed. Such and Mandrake Pills. They soon ripered the matter on my lungs, and I This article is prepared with the greatest care upon releating principles, and varianted not to contain anything in the slightest degree deleterious to the techt or guins. Some of our most eminent Dental Sorgeons have given their substim to, and cheerful-ly recommend it as a preparation of superior quali-ties for elemning, whilening and preserving the TEETH. It elemns them readily, rendering them beautifully white and pourly, without the lightest injury to the emand. It is heating to the gams where they are alcerated and zore. It is also an ex-cellent disinfector for old dromyed toeth, which are often exceedingly oftensive. It gives a rish creany heat to the month cleaning it thoroughly, and im-parting a delightful fragment to the breath. PREPARED ONLY BY eA. If A.W.L.E.Y.& CO teeth or guins. The following opinion of Dr. White, as to the high esteem in which he holds the Deutal Cream, must be sufficient evidence of its value ; to quote other testiand Mandrake Fills. I am new a healthy man, with a large cavity in the middle lobe of the right long, the lower lobe very mach hepatizad and complete adhesion of the pierra. The left lungs is sound, and the upper lobe of the right long is in a tolerably healthy condition. The great reason why physicians do not cure consump-ion is they try to do too meen; they give medicines to stop the easily, to stop chill, to stop night sweats, heating from the provide the stop of the sweats, heating from the stop of the sweats, heating from the powers, locking up the secretions and eventually the patient sinks and dies. After I make a careful examination of the patient with the Respiranters, and find lungs enough left to eure, I direct the patient how to use the three remedies...-Remove the cause and they will all stop of their form accord. No one can be sured of consumption, iver ecouplaint, dyspeptis, catarth, caaker, ulcerated threat in any other section of the country. This is frequently caused by a foul stomach. You may part the stomary roller. Corrot the stomach and liver, and they will heal up themselves. sufficient evidence of its value ; to quote other testi-monials in detail is needless, contenting ourselves by simply giving the names and addresses of persons who speak of its excellency for the testis. Philadolphia, April 15th, 1563. Having carefully examined A. Hawley's "Solidi-field Dental Cream," I hereby cheerfully recom-mend it to the public generally. It is an excellent preparation for cleansing and preserving the testh, and can be used by all persons with the utmost can-bidence, as its progenties are perfectly harmless. Benee, as its properties are perfectly harmless. Beddes preserving the teeth, it promotes a healthy action to the guins, and imparts a pleasantness to the breath,

and liver, and they will heat up themselves. Good autrition is the remedy. If you have any disease in any part of the body, it will remain there and decay more and more until you can get the sto-mach in the condition to digest food and make new blood to take the place of diseased matter. This is the only way to heat eavities in the lungs and ulcer-sted bronchial tubes. Correct the stomach and liver and dature will do the heating. Many persons have an idea that cortain modificies are great purifiers of the blood. When blood is once diseased it cannot be purified; it is diseased the same as the diseased matter in the system; but get the apparatus in or-der, the liver and stomach, and give it plenty of nourishing food it will make new blood, which will take the place of that which is diseased Schenk's P theonic syrup is one of the best prepa-ETTER OF ADVICE FOR LADIES
