for everybody. This no "Blowing," but plain truth, which every one will be convinced that calls and ex-amines the stock, which consists of

Dress Goods, Cassimeres, Cloths, Gents' Overcoating, Jeans, Cottenades, Muslins, Dress Goods in great variety.

-Bits

Tun peculiar taint or

infection which we call SCROPULA lurks

decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy

come ulcerous sores; in the stomach and bowels, derangements which produce indi-

feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarapparilla

Ayer's compounded from the most effectual anti-dotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far supe-rior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary

in their effect upon this class of complaints

is indisputably proven by the great multitude

of publicly known and remarkable cures it

has made of the following discases : King e Evil, or Glandular Swellings, Tumors,

Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire,

Salt Rheum, Scald Head, Coughs from

tuberculous deporits in the lungs, White

Swellings, Debility, Dropsy, Neuralgia.

Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases,

Fornale Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual

cases may be found in AVER'S AMERICAN

ALMANAC, which is furnished to the druggists

for gratuitous distribution, wherein may be learned the directions for its use, and some

of the remarkable cures which it has made when all other remedies had failed to afford

relief. Those cases are purposely taken from all sections of the country, in order

that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrafula depresses the

vital energies, and thus leaves its victims far more subject to discase and its fatal results

than are healthy constitutions. Hence it tends to shorten, and does greatly shorten,

the average duration of human life. The vast importance of these considerations has

led us to spend years in perfecting a remedy

which is adequate to its cure. This we now offer to the public under the name of ATTU's

SARSAPARILLA, although it is composed of ingredients, some of which exceed the best

of Sarsaparilla in alterative power. By its aid you may protect yourself from the suffer-ing and danger of these disorders. Purge out the foul corruptions that rot and fester

in the blood, purge out the causes of disense, and vigorous health will follow. By its pecu-liar virtues this remedy stimulates the vital

functions, and thus expels the distempors which lurk within the system or burst out

on any part of it. We know the public have been deceived

Although under the same name, it is a very

different medicine from any other which has been before the people, and is far more ef-fectual than any other which has ever been

AYER'S

CHERRY PECTORAL.

available to them.

LADIES' DRESS GOODS. living, disordered digestion from unlicality food, impure air, fiith and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The disenses it originates take various names, according to the organs it Plain and Figured Delaines, French and Figured Marinos, Fine Wool Delaines all sorts and shades, Prints, Nankcens, LADIES' CLOAKING, Table-Covers, Irish Linen, Erown and White Sheetings, Shawls, Balmoral Skirts of all kinds, Hoop Skirts, all prices, Hand-kerchick, Finnnels, Ladies' Kid, Sitk and Merino Glores, &c. various names, according to the organs it attacks. In the lungs, Scrofula produces Jewetry of all kinds. tubercles, and finally Consumption ; in the glands, swellings which suppurate and be-

AN INTERESTING HISTORY

OF DR. SCHENK'S OWN CASE. WHILE LABORING UNDER CONSUMPTION And how his Pulmonic Syrup, Seawsed Tonic,' and Mandrake Pills act on the System in Curing that

Disease, and the Great Success Attending It !

The above is a correct likenow of Dr. Schenk taken many years ago, after he had recovered from Consumption ; by a course of his "Schenk's Pulmonic Syrup." The likeness, although it does not represent him anything like as bad as he wasat the worst. yot it is in strong contrast with the hale and vigorous looks of the Portrait below, which is the true likeness of him at present time. The contrast between these two pertraits is so great that many would not believe them to be the same person. Yet there are hundreds of persons, in and around Philadelphia,

who will recognise both portruits to be true representations. When the first was taken he weighed 107 pounds ; at the present time his weight is 220 pounds

NEW YORK, Wednesday, March 30, 1864.

TO THE PUBLIC.

Echenk's Palmonic syrup is one of the best prepa-rations of iros in use, if is a powerfal tonic of itsell, and when the beaweed Tonic disclves the mucus

ne was represented as

the stomach, and is it carried pofi off by the sthe Mandrake Pills, the Pulmonie Syrup is made into blood. This is the only way to cure consumption. If I cannot cure the patient Never mind the cough; remove the cause and will stop of itself.— This is the most trouble I have with my patients at my rooms. They my, "Doctor, I feel stronger; I can eat; my night sweats are better, and I feel bet-ter every way; but my cough is so bad yet;" and they are astomated to hear me say that does not matter; remove the cause and the cough will scop in about nine days, when there is no lung disease, uples the liver is so congested that the Mandrake Pills cannot unlock the ducts of the gall bladder in that short space of time, in order to allow the stale bile to pass off. Keep the liver and atomach healthy and there is no do cause of them, and one box at exercises. It is hard to take cold when those organs are healthy. Those that are bilious, low-spirited, dreary, feeling stupid, conteil tengue, nour appetite, envois, stomach fall of wind, vereything that is eaten lies heavy, loss of memory, try one bottle of SCHENK'S MANDILAKE PILLS. It is only a cost of one dollar and twenty-five cents, with full di-strong the sufficient, in many cases, to satisfy what the medicines are. Frequently one bottle makes a great change in the system. Any person to any stronge in the system. Any person to decommptives patients in the system and the stale wind andrake Pills occasionally, must get the digestive organs in such a bealthy condition that on the and Mandrake Pills occasionally on the fills in the theory low pounds. I will conclude by which are all different, and wish any one who feels in the event heave made in New York, and which are all different, and wish any one, who feels in the event heave made in New York, and which are all different, and wish any one, 32 Hond street and wished me to call and see her. He said I could do up good i the the back and we had a down of a street and wished me to call and see her. He said I could do up goo an inter set in the matter to visit them. First is Mrs. Farlow, residing then at No. 101 Houston street Her hashand ealled upon me at my rooms, 32 Hond street and wished me to call and see her. He said I could do no good ; that be had had all the best medical attendance, and all said she was too far gone with Uonsumption to be cured; but she bad heard of some great cures I had made, and be desired to gratify her wishes. I called, and found her lying confined to her bed in the last stage of bronchial consumption and without doubt must have died soon. I examin-ed her lungs, found both bronchial tubes very much affected, but no exvities had formed, her cough was very severe, the spit-box was half fall of thick put. Fulse 140, leg swollen very much; and worse than all, she had ohronic diarthese. Her bowels had bed here and standing, and her stomach was in south a doubt runst faither that this diarthase had been of long standing, and her stomach was in such a ulcerated coultion that I was affraid nothing outh faither and for her, observing that she could not make her any worse. I gave her first a dose of my Mandrake Filh, and the tonic and Syrup freely, .---furt was on Tuesday, and by the next sunday the invasion function she was in, and I could not make her any worse. Si West Forty-fifth street, what was on Tuesday, and by the next sunday the draftake was earried off, her appetite had retures dist as to ny rooms with a tumor on her fiver. She shal ben spitted, skiu sallow, tongue coated, hered is to ny rooms with a tumor on her fiver. She was low-spirited, skiu sallow, tongue coated, hered is to take them just as the directions were printed. She to hav count had beter running over fourteen years. I gave her Syrup. Tonic and Fills, and told her totake them just as the directions were printed, she could sit the inter them then describe before. She kept gradually improving, and in about two months the each of my rooms very much fight end, anying that the tumor ind hearly stopped

two months she came to my rooms very much fright-ened, saying that the tumor had nearly stopped running, and was bealing up, and that every doctor had told her that if it ever healed it would cause her seath. I told her that the disease had all left her system, and nature would heat the ulcer up. They are now heated, and have been for about a year and system, and nature would heal the ulcer up. They are now healed, and have been for about a year and she is a hearty and robust a woman as you will find in a days walk. She is glad for any one to call on her, and takes great pains to visit any one to call on her, and takes great pains to visit any one to call on her, and takes great pains to visit any one that she hears has snything like her case, and trice to get them to come and see me. The next case is Miss Scofield, from Stamford, Com., Mrs. Bartholomew got her down to see me, and she has been ever since at her house. When she first came to my rooms, she was much emaciated with a distressing cough, spit-ting arge quantifies of blood. I examined hor lungs with the respirometer, and in all my practice never found one with one long so far goue and the other lang so sound. I could not give much encourage-mont. I thought she would die; but to my aston-ishment the Palmonie Syrap. Scaweed Tonic, and Mandrake Pills all seemed to go right to work, the lung is all beaded over, leaving a cavity as large as a goose egg; good appetite, fine spitis, and has gained some thrty-five pounds in weight. She has some cough yet, which I do not think will leave her before Jane. I should think it would be of great interest to some unprijudiced physician to visit these cases, particularly Miss Scofield, or any of them who have been cured by my medicines. They are num-from each other; and if my medicines are doing what I represent they are, they should have the credit and the afflicted know where and how they my be cared. J. H. SCHENK, M. D.

may be cared. J. H. SCHENK, M. D.

simply giving the names and addresses of persons who speak of its excellency for the teeth. Philadelphia, April 15th, 1863. Having carefully examined A. Hawley's "Solidi-fied Dental Gream," I hereby cheerfully recom-mend it to the public generally. It is an excellent preparation for cleansing and preserving the teeth, and can be used by all persons with the utmost con-fidence, as its properties are perfectly harmless. Be-sides preserving the teach, it promotes a healthy action to the guma, and imparts a pleanentness to the WATCHMAKER & JEWELRY.
