BICK HEADACHE. Its Simptons Cause and Care.

This has received its name from a cons ant nausea or sickness at the stomach, which attends the pain in the bead. This headsohe is apt to begin in the morning on waking from a deep sleep, and when some irregularity of dist-has been committed on the day before, or sometimes for several days previous. At first there is a distressingly oppressive feeling in the head, which gradually merger into a severe heavy pain in the temples, frequently attended by a teme of fullness and tenderness in one eye, and exsending across the forshead. There is a clammy, unpleasant taste in the mouth, an offersive breath, and the tongue covered with a yellowish white fur. The sufferer desires to be alone in the durk room. As soon as the patient feels the fullness in the head and pain in the temples, take a large dose of Schenke's Mandrake Pills, and in an hour or two they will feel as well as well as ever. BHA BURLED WOS SOLIDIFIED DENTAL CREAM, For Cleansing, Whitening and

Preserving the TRETH : Preserving the TRETH:

This article is prepared with the greatest care upon scientific principles, and warranted not to contain anything in the slightest degree deletrious to the teeth or gams. Some of our most eminent Dental Surgeons have given their sanction to, and cheerfully recommend it as a preparation of superior qualities for cleaning, whiteoffig and preserving the TEETH. It cleans them readily, rendering them beautifully white and pearly, without the lighlest injury to the ename! It is healing to the gams where they are alterated and sore. It is also an excellent disintector for old decayed teeth, which are often exceedingly oftensive. It gives a rich creamy taste to the mouth, cleaning it thoroughly, and imparting a delightful fragrance to the breath.

TESTIMONIALS

The following opinion of Dr. White, as to the high esteem in which he holds the Dental Cream, must be sufficient evidence of its value; to quote other testimetrials in detail is needless contenting ourselves by simply giving the names and addresses of persons who speak of its excellency for the teeth.

Philadelphia, April 15th, 1863.

Having carefully examined A. Hawley "Solidified Deatal Cream," I hereby cheerfully recommend it to the public generally. It is an excellent preparation for cleansing and preserving the teeth, and can be used by all persons with the utmost confidence, as its properties are purfectly harmless. Besides preserving the teeth, it promotes a healthy action to the gums, and impurts a pleasantness to the breath.
