TTE PREEZER! As Improved for 1859 and 1860,

Just published, a new edition of Dr. Culverwell' Celebrated Essay on the radical cure (without medicine) of Spermatorshea, or seminal weakness. Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc. also, Consumption, Epilepay, and Pits, induced by self-indulgence or sexual extravagance.

Ly Price, in a scaled envelope, only six cents. The celebrated author in this admirable essay clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may radically cured without the dangerous use of internal medicine or the application of the knife-pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.

Ly This Lecture should be in the hands of every youth and every man in the land.

Sent, under seal, in a plain envelope, to any address, post-paid, on receipt of six cents, or two post stampe. Address the publishers.

fall into disorder and decay. The scrothlous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy labits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Illin who says, "I will visit the injustices of the fathers upon their

visit the iniquities of the fathers upon their children." The diseases it originates take children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tabercles, and finally Consumption; in the glands, swellings which suppurate and bocome ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease. healthy, you cannot have scrofulous disease. Ayer's Sarsaparilla is compounded from the most effectual anti-dotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far supe-

rior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head. Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, E. male Washesser. Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are lealthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast in portance of these considerations has led us to spend years in perfecting a renedy which is adequate to its cure. This we now offer to the public under the name of AYER's

in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of Sarsaparilla, that this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more ef-fectual than any other which has ever been

available to them.

DENTAL CRIAM, For Cleansing, Whitening and Preserving the TEETH! This article is prepared with the greatest care upon scientific principles, and warranted not to contain anything in the slightest degree deleterious to the anything in the slightest degree deleterious to the teeth or gums. Some of our most eminent Dental Surgeons have given their sanction to, and cheerfully recommend it as a preparation of "uperior qualities for cleaning, whitehing and preserving the TEETH. It cleans them readily, rendering them beautifully white and pearly, without the lightest injury to the enamel. It is healing to the gums where they are ulcerated and sore. It is also an excellent disinfector for old decayed teets, which are often exceedingly oftensive. It gives a rich creamy taste to the mouth cleaning it thoroughly, and imparting a delightful fragrance to the breath.

TESTIMONIALS.

The following opinion of Ir. White, as to the high esterm in which he holds the Dental Cream, must be sufficient evidence of its value; to quote other testimonials in detail is needless, contenting ourselves by simply giving the names and addresses of persons who speak of its excellency for the teeth.

Philadelphia, April 15th, 1863.

Having carefully examined A. Hawley's "Solidified Dental Cream" I hereby cheerfully recommend it to the public generally. It is an excellent preparation for cleaning and preserving the teeth, and can be used by all persons with the utmost confidence, as its properties are perfectly harmless. Besidely reserving the teeth, it promotes a healthy action to the guns, and impairs a pleasantness to the breath.
