

The Baltimore papers notice the death of Rev. Dr. Kurtz, a noted clergyman of the Lutheran Church, aged 71 years.

There was no Thanksgiving in the South. The sly rebels say they have nothing to be thankful for and are much more disposed to find fault with the Almighty than to praise Him.

Our neighbor in the Democrat affects to be greatly pleased to see that we heartily endorsed the policy of President Johnson.

There is also another essential point of difference in the democracy of the President and our neighbor. He is in favor of restoring the revolted States and bring them back into the Union, by force, if necessary.

THE ORGANIZATION OF THE LEGISLATURE.—Both branches of the Legislature met on Tuesday last. In the Senate, the organization as it stood at the close of the last session, was continued.

GOVERNOR'S MESSAGE.

GENTLEMEN:—The tolls and anxieties of the last four years have from time to time brought on me severe attacks of disease.

CONSCIOUS though I am of having used my best endeavors to draw from what I saw and learned, correct general conclusions.

EXECUTIVE ORDER.

here is a volume of political philosophy following from a recent Southern letter to the stage between Augusta and Millville.

CAUSES OF SUDDEN DEATH.

Very few of the sudden deaths which are said to arise from diseases of the heart do really arise from that cause.

At the Pittsburgh Gazette this quotes the live stock market at that place: "Fish cattle, which last week did not command more than 50 cents, sold this week at 6 to 6 1/2, and prime to extra steers at 71 to 75 cents."

Gen. Shurz' Report.

The following is the conclusion and summing up of the late report of Gen. Carl Shurz of his examination into the state of affairs in the South:

But if it is required that the Southern people should also accommodate themselves to the results of the war in point of spirit, these movements fall short of what must be insisted upon.

The loyalty of the masses and most of the leaders of the Southern people consists in submission to necessity.

Such evils can be prevented only by continuing the control of the National Government in the States lately in rebellion.

There is also another essential point of difference in the democracy of the President and our neighbor.

At the Thanksgiving dinner of the Americans in Paris, the toast: "His Majesty, the Emperor of the French," was a signal for an outbreak from a believer in the Monroe doctrine.
