A compound remedy, designed to be the most effectual. Alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still

greater alterative power as to afford an effec-tive antidote for the disenses Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immenso service to this increasing our afficiated follows service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints : -- SCROPULOUS COMPLAINTS,

ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEOM, SCALD HEAD, SYPHILITS AND SYPHILITIC AF-FECTIONS, MERCURIAL DISEASE, DEOFST, NEC-RALGIA OF TIC DOULOURERX, DEGILITY, DYS-PEPSIA AND INDIGESTION, EXTSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from Incuntry or

THE BLOOD. This compound will be found a great pro-moter of health, when taken in the spring, to expel the foul humors which fester in the

blood at that season of the year. By the time-ly expulsion of them many rankling disorders ly expulsion of them many rankling disorders are nipped in the bul. Multitudes can, by the aid of this remedy, spare themselves from the endurance of facil cruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative modicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pinples, emptions, or sores; cleanse it whan you find it is obor sores; cleanse it when you find it is ob-structed and sloggish in the veins; cleanse it whenever it is foul, and your feelings will tell whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better bealth, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sconer or later something must go wrong, and the great machinery of life is disordered or overfurown. Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the victue of Sarsaparilla. or any thing else. During late years the public have been mis-led by large bottles, pretending to give a quart of Extract of Sarsaparilia for one dollar. Most of these have been frauds upon the sick, for

they not only contain little, if any, Sarsepa-rilla, but often no curative properties whetev-er. Hence, bitter and paintul disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the Surseparatia which flood the market, until the name itself is justly despised, on I has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irrestable by the ordinary run of the diseases it is intend-ed to cure. In ord a to source the computer ed to cure. In ord r to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on
