INCREASE OF RATS—The Farmer's Gazette (English) asserts and proves by figures that one pair Rats will have a progeny and descendants no less than 651,050 in three years. Now unless this immense family can be kept down, they would consume more food than would sustain 65,000 human

ings. See "Costan's" advertisement above.

RATS versus BIRDS .- Whoever engages in shooting small birds is a cruel man; whoever aids in ex-terminating rats is a benefactor. We should like some one to give us the benefit of their experience in driving out those pests. We need something besides dogs, eats, and trap for this business.—Scientific American, N.31. A compound remedy, designed to be the most effectual Alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is equited to cure. It is believed that such a momedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitated blood whenever you find its inpurities harding through the skin a pinyales counties. bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla.

of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on

DYSPEPSIA AND DEBILITY. From the Venerable Archdeacon SCOTT, D. D.

DUNHAM, Canada East, March 24, 1865. * "I am an inveterate Dyspeptic of more than 25 years standing." "I have been so wonderfully benefitted in the three short weeks during which I have used the Peruvian Syrup, that I can scarcely persuade myself of the reality. People who have known me are astonished at the change. I am widely known, and can but recommend to others that which has done so much for me."

One of the most Distinguished Jurists in New England Writes to a Friend as

follows: "I have tried the PERUVIAN SYRUP, and the result fully sustains your prediction. It has made a new man of me; infused into my system new vigor and energy; I am no longer tremulous and debilitated, as when you last saw me, but strenger, heartier, and with larger capacity for labor, mental and physical, than at any time during the last five

An Eminent Divine of Boston, says: "I have been using the PERUVIAN SYRUP for some time past; it gives me NEW VIGOR, BUDYANCY OF SPIRITS, ELASTICTY OF MUSCLE."

Thousands have been changed by the use of this remedy; from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial. Dear Sirs:—Having realized in my family important benefits from the use of your valuable preparation—Wistar's Balsam of Wild Cherry—it affords me pleasure to recommend it to the public. Some eight years ago one of my daughters seemed to be in a decline, and little hopes of her recovery were entertained. I then procured a bottle of your excellent Balsam, and before she had taken the whole of the contents of the bottle there was a great improvement in her health. I have, in my individual case made frequent use of your valuable medicine, and have always been benefitted by it.
