Ayer's Sarsaparilla

A compound remedy, designed to be the most effectual Alterative that can be made. It is a concentrated extract of Para Sarasparilla, so combined with other substances of still greater alterative power, as to afford an effective antidote for the diseases Sarasparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

Complaints: - SCHOPULOUS COMPLAINTS,

complaints:—
Scropula and Scropulous Complaints, Eurptions and Eurptions Disease, Ulcens, Pinples, Blotches, Temors, Salt Runem, Scald Head, Struills and Syrhilitic Appetions, Mercurial Disease, Debilate, Appeting and Indeed the Mole class of complaints arising from Inferior of the Blood.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitated blood whenever you find its impurities bursting through the skin in pinples, cruptions, or sores; cleanse it when you find its impurities bursting through the skin in pinples, cruptions, or sores; cleanse it when you find its impurities bursting through the skin in pinples, cruptions, or sores; cleanse it when you find its impurities bursting through the skin in pinples, cruptions, or sores; cleanse it when you find its impurities bursting through the skin in pinples, cruptions, or sores; cleanse it when you find its impurities bursting through the skin in pinples, cruptions, or sores; cleanse it when you find its impurities bursting through the skin in panples, cruptions, or sores; cleanse it when you find its impurities bursting through the skin in panples, cruptions, or sores; cleanse it when you find its impurities bursting through the skin in panples, cruptions, or sores; cleanse it when you find its impurities bursting through the skin in panples, cruptions, or sores; cleanse it when you find its impurities bursting through the skin in panples, cruptions, or sores; cleanse it when you find its impurities bursting through the skin in panples, cruptions, or sores; cleanse it when you find

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla,

or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla but often no aggratice preparities whatever rilla, but often no curative properties whatev-er. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the sarsaparint which noot the market, that the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intend-ed to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on

Ayer's Cherry Pectoral has won for itself such a renown for the cure of every variety of Throat and Lang Comphaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.
