Scrofula, or King's Evil.

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its erigin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the injunities of the fathers, upon

it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, cruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous comthe energies of life, so that scrofulous constitu-tions not only suffer from scrofulous com-plaints, but they have far less power to with-stand the attacks of other diseases; conse-quently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which de-cimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or

and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking in-fection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and in-vigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is com-bined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only Scrofula, but also those other affections which arise from it, such as Energiva and Skin Diseases, Sr. Anthony's Fine, Rose, or Envirenas, Pimples, Pustules, Blorches, Blains and Boils, Tumors, Tetter and Salt Rusem, Scald Head, Ringworm, RHEUMATISM, SYPHILITIC and MERCURIAL DIS-RABECURATION, SYPHILITIC AND MERCURIAL DIS-gases, Deofay, Dyspersia, Debility, and, indeed, all Complaints anising from Vitta-ted on Enture Blood. The popular belief in "impurity of the blood" is founded in truth,

particular purpose and virtue of this Sarsapa-rilla is to purify and regenerate this vital fluid, without which sound health is impossible in

contaminated constitutions.

Ague Cure, FOR THE SPEEDY CURE OF

Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Billous Readache, and Bilious Fevers, indeed for the whole class of diseases originat-ing in billary derangement, caused by the Malaria of Miasmatic Countries.

We are enabled here to offer the community a remedy which, while it cures the above complaints with certainty, is still perfectly harmless in any quantity. Such a remedy is invaluable in districts where these afflicting disorders prevail. This "Cure" expels the miasmatic poison of Fever And Agua from the system, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of every body; and in bilious districts, where Feven and Ague prevails, every body should have it and use it freely both for cure and protection. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Internittents is that it contains no Quinine or mineral, consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the missmatic poison. A great variety of disorders arise from its irritation, among which are We are enabled here to offer the community a

Fever and Agne is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralgia, Ilhematism, Gont, Headache, Blindness, Toothache, Earache, Cataorh, Asthma, Palpitation, Painful Affection of the Spiene, Hustericz, Pain in the Bowels, Cohe, Paralysis and Derangement of the Stomach, all of which, when originating in this cause, put on the internitient type, or become periodical. This "Cunn" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be exercted from the system, and cannot accumulate in sufficient quantity to ripen into discase. Hence it is even more valuable for protection than cure, and few will ever suffer from Intermittents if they avail themselves of the protection this remedy affords.

This Distressing Affection—which renders Life miscrable and marriage impossible—is the penalty paid by the victims of improper indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent? reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed without these, the journey through life bedarkens to the view, the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of another becomes blighted DISEASE OF IMPRUDENCE.

When the misguided and improdent votary of pleasure finds that he has imhibed the seeds of this painful disease, it too eften happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nore, nocturnal pains in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity, till shin bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commiscration, till death puts a period to his dreadful sufferings, by sending him to "that Undiscovered Country from whence no traveller returns."

It is amelancholy fact that thousands fall victims

It is amelancholy fact that thousands fail victims to this terrible disease, owing to the unskillfulness of ignorant pretenders, who, by the use of that Deadly Poison, Mercury, ruin the constitution and make the residue of life miserable.

STRANGERS

Trust not your lives, or health, to the care of the many Unlearned and Worthless Pretenders, destitute of knowledge, name or character, who come Dr.

many Unlearned and Worthless Pretenders, destitute of knowledge, name or character, who copy Dr. Lohnston's advertisements, or style themselves, in the newspapers, regularly Educated Physicians, incapable of Curing, they keep you trifling month after month taking their filthy and poisonus compounds, or as long as the smallest fee can be obtained, and in despair, leave you with ruined health to sigh over your galling disappointment.

Dr Johnston is the only Physician advertising. His credential or diplomas always hang in his office. His remidies or treatement are unknown to all others, prepared from a life spent in the great hospitals of Europe, the first in the country and a more extensive Private Practice than any other Physician in the world.

INDORSEMENT OF THE PRESS

The many thousands cured at this institution year after year, and the numerous important Surgical Operations performed by Dr. Johnston, witnessed by the reporters of the "Sun," "Clipper," and many other papers, notices of which have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.
