STONE BUILDING BLOCKS .- We observe in the mens of artificial stone, beautifully moulded into blocks; of various patterns, about three times the size of brick. They resemble, in appearance, hand-somely dressed blocks of brown and sand stone. These blocks are composed, principally, of sand and lime by the American Building Block Company, at

FRUIT TREES, VINES, &c .- Our people should be cautious in making contracts for fruit trees, grape vines, &c., and not trust every traveling agent who may approach them. We observe that a large number of fruit trees, vines, &c., have been recently distributed in this place. Some of these were in a had condition, and had not been properly put up. fesides the prices, in some bases, were exhorbitant. A friend paid \$4.50 for two grape vines, which we could furnish, in a much better condition, for less than balf the money.

THE Lewisburg Chronicle has been informed that several head of cattle, in Buffaloe Valley, Union county, have recently died from the effects of eating damaged cucumber pickles. The brine is fatal to nnimal life if taken in large quantities. Where pickles are thrown out, care should be taken to place hem out of the reach of cattle.

ACCIDENT .- We learn from the Democrat that 'dr. Jacob Martz, of this place, met with a painful secident at Clement's saw-mill on Wadnesday of last week. He was engaged in moving lumber from the nill to the vard, over a kind of railroad, about welve or fourteen feet above the ground, and while assing over it the trestle work gave way, throwing im to the ground. His arm was fractured in a cking manner. Dr. Awl dressed the wound, and to patient is doing as well as can be expected.

DROWNED .- A young school teacher, named Snyor, from Wayne township, Clinton county, was owned in the river, at Ben Hummel's, below Sha. skin Dam. He was engaged on a raft, and about o'clock in the morning as they were about to start om shore on their day's journey, he walked over e raft by mistake. His body has not yet been re. vered. The cause of the mistake is supposed to this: Two rafts were lashed together, and one of em was considerably shorter than the other. He s walking towards the rear end of the short raft I kept his eyes on the long raft, not noticing or nking of the difference of the lengths of the two ts-und thus, whilst looking at the one, he was gived and walked over the end of the other .insgrove Times.

Too Good to BE TRUE .-- It is very evident that there exists some attraction at the N. W. corner of Third and Market streets, in this place. Every day witnesses a large swemblage congregated at that place, and upon inquiry it was ascertained that J. F. "SETTLED AT LAST."-Not the tariff or currency question, but the weather and the price of the suits of Spring Clothing made at Smick's, Fourth street, Sunbury. The former, beautiful and bright-the latter, beautiful and cheap.

FOR a Man to say that he can never change his opinion is either to imply that he is too obstinate to be taught by experieppe, or that he claims infalli-bility.
