Lyon's Periodical Drops, THE GREAT FEMALE REMEDIES FOR IRRE GULARITIEST

GULARITIES!

I have tested these Drops in my own place, over ten years, and do not heattate to say, that nothing his yet been developed by medical research, that sets so powerfully, positively, and harmlessly, in cases of female irregularity, as does this medicine. In all recent cases it never rais, while thousands who have been long saleiers, are indebted to it for the bron of heatts to day.

Although so powerful and positive, they are perfectly harmless, and may be used at all times, except when specially fortuides in a thedirections.

They have been extensively employed by eminent physicians in France and England, as well as in my own practice, over ten years, and I have yet to hear of the first instance of fasinte. I cooling we you testimonials of their efficacy from ladies till over the northern and western States, were they not in their nature private. Over 100,000 bottles have been said the past year, and I hope and trust as many sufferers have been benefitted. I am well aware that a remedy so pofent to remove all obstituctions, may be used for a bad purpose, but trust that where one instite is thus used, ten may full into the heals of really needy sufferers.

where one bottle is has used, ten may be all the control of really needy sufferers.

To all who suffer from any tregularity; publical deficult, excessive, offensive or obstructed Memerical at the corrien, or the train of disenses that follow, I would say, try a bestle of Dr. Lyox's French Periodical Drops. Being a fluid preparation, their action is more direct and positive than any pilts or powders. Explicit directions, hearing my facsimile, accompany each bottle.

Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of Young Men of the most exalted talents and brilliant intellect, who might otherwise have entranced listen-ing Senates with the thunders of elequence or waked to cestaty the living lyre, may call with full con-idence.

Married Persons, or Young Men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., speedily cured.

He who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and coundently rely upon his skill as a Physician.

ORGANIC WEAKNESS

Immediately Cured, and Full Vigor Restored.

This Distressing Affection—which renders Life miscrable and marriage impossible—is the penalty paid by the victims of impreper indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by these falling into improper habits than by the prudent? Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to toth body and mind arise. FARE PARTICULAR NOTICE. PARKE PARTICULAR NOTICE.

Dr. J. addresses all those who have injured them, selves by improper indulgence and solitary habits, which rain both body and mind, unfitting them for either business, study, society or marriage.

These are some of the sad and melanchely effects produced by early habits of youth. viz: Weakness of the Back and Islambs, Pains in the Head, Dinness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsy, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption. &c.

MENTALLY.—The fearful effects on the mind are much to be dreaded—Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil-Forebodings, Avertion to Society, Self-Distrust, Love of Solitude, Timidity, &c are some of the evils produced.

Thousands of persons of allages can now judge what is the cause of their declining health, losing tueir vigor, becoming weak, pale, nervous and c naciated, having a singular appearance about the eyes, cough and symptoms of consumption.

Who have injured themselves by a certain practice indulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when salesp, and if no cured renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, the darling of his parents, should be sustehed from all prospects and enjoyments of life, by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons sust, before contemplating

NARE RELAGE.

reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed without these, the journey through life besomes a weary pilgrimage; the prospect heurly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of another becomes bighted with our own.

DISEASE OF IMPRUDENCE. When the misguided and impudent votary of pleasure finds that be has imbibed the ceeds of this painful disease, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this hornel disease make their appearance, such as ulterated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, deefness, nodes on the ship bones and arms, blothes on the head, face and extremities, progressing with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commiscration, till death puts a period to his dreadful sufferings, by sending him to "that Undiscovered Country from whence no traveller rotures." traveller returns."

It is a mclanckoly fact that thousands full victims to this terrible disease, owing to the unskillfulness of ignorant pretenders, who, by the use of that Deadly Poison, Mercary, ruin the constitution and make the residue of life miserable.

Pason. Mercury, ruin the constitution and make the residue of life miserable.

STRANGERS

Trust not your lives, or health, to the care of the many Unlearned and Worthless Pretenders, destitute of knowledge, name or character, who copy Dr. Linnston's advertisements, or style themselves, in the newspapers, regularly Educated Physicians, incapable of Curing, they keep you trifling month after month taking their filthy and poisonus compounds, or as long as the smallest fee can be obtained, and in despair, leave you with rained health to sigh over your galling disappointment.

Dr Johnston is the only Physician advertising. His credential or diplomas always hang in his office. His remidles or treatement are unknown to all others, prepared from a life spent in the great hespitals of Europe, the first in the country and a more extensive Private Practice than any other Physician in the world.

NDORSEMENT OF THE PRE

The many thousands cured at this institution year after year, and the numerous important Surgical Operations performed by Dr. Johnston, witnessed by the reporters of the "Sun," "Chipper," and many other papers, notices of which have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.

CURED.

Persons writing should be particular in directing their letters to his Institution, in the following manners.
