PAKE PARTICULAR NOTICE.

Dr. J. addresses all those who have injured them, selves by improper indulgence and solitary habits, which rain both body and mind, unfitting them for either business, study, society or marriage.

These are some of the sad and melancholy effects produced by early habits of youth, viz. Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power. Pulpitation of the Heart, Dyspepsy, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

MENTALLY.—The fearful effects on the mind are much to be dreaded—Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil-Forebedings, Aversion to Society, Self-Distrust, Love of Solitude, Timidity, &c are some of the evils produced.

Thousands of persons of all agos can now judge what is the cause of their declining health, losing trair vigor, becoming weak, pale, nervous and enscited, having a singular appearance about the eyes, cough and symptoms of consumption.

What a pity that a young man, the hope of his both mind and body, should apply immediately.

DISEASE OF IMPRUDENCE. When the misguided and impradent votary of pleasure finds that he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity, till at last the palate of the month or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commiscration, till death puts a period to his dreadful sufferings, by sending him to "that Undiscovered Country from whence no him to "that Undiscovered Country from whence no It is a melancholy fact that thousands fall victims to this terrible disease, owing to the unskillfulness of ignorant pretenders, who, by the use of that Deadly Forson, Mercusy, ruin the constitution and make the residue of life miserable.

Throw away your false frizzes, your switches, your wig Destructive of comfort, and not worth a fig; Come aged, come youthful, come ugly and fair,

Reparator Capilli,

For restoring hair upon baid heads (from whatever cause it may have failen out) and foreing a growth of hair upon the face, it has no equal. It will force the beard to grow upon the smoothest face in from five to eight weeks, or that upon baid heads in from two to three months. A few ignorant practitioners have ansected that there is nothing that will force or hasten the growth of the hair or beard. Their assertions are faile, as thousands of living witnesses (from their own experience) can bear witness. Hut many will say, how are we to distinguish the genuine from the sparrious? Is certainly is difficult, as attractions of the different Preparations advertised for the hair and beard are entirely worthless, and you may have already thrown away large amounts in their purchase. To such we would say, try the Reparator Cappilli; it will cost you nothing unless it fully comes up to our representations. If your Drangout does not keep it, send us one debar and we will forward it, pratipals, tiggether with a receipt for the meany, which will be returned you on application, providing entire satisfaction is not given.
