A REQUEST TO SUBSCRIBERS. A REQUEST TO SUBSCRIBERS.

We are at present sending bills for subscriptions to the American to a number of subscribers, mostly residing at distant points, who, we trust, will promptly remit the amounts due. These bills, although small in individual cases, in the aggregate make a considerable amount, and are very important to enable us to carry on our business. We shall feel greatly obliged to our patrons to whom these bills are sent if they will immediately comply with our request. Our subscribers are particularly requested not to allow their indebtedness to overrun one year. All subscriptions should be paid in advance, but under no consideration should the year pass around with the subscription unpaid.

Tue commencement exercises of the University nt Lewisburg, took place last reck. It was the 17th commencement, and was attended by a large num-ber of the friends of the institution from abroad.

ROBBERT OF A SAPE .- On Sunday night last the office of S. B. Boyer, Esq., of this place, was entered by burglars, and some valuable papers belonging to Mr. Boyer were stolen. The safe was opened by means of false keys. Mr. Boyer offers a reward of \$300 for the recovery of his papers.

Tonsonial .- We call attention to the advertise ment of Messre. Gunnison & Co., who have lately opened a first-class Barber Shop, over the Post Office, in Third street. Their establishment is decidedly neat, and with the aid of two barbers well skilled in the tonsorial art they guarantee satisfaction to all who may favor them with a call.

PRETTY GIRLS .- Lewisburg, we have been informed, has a superabundance of young ladies, and good looking ones, 'oo, while the beaux are so scarce that the girls are estimated as ten to one of the latter. Here is a fine field or opening for a "foreign invasion," and some of our young bachelor friends, in this place, have already evinced unmistakable signs that indicate intentions to accept the bounty

LIME AND LIMESTONE.-Messrs. Lenker & Bro ther, as will be seen by their advertisement in ano ther column, have commenced burning lime in their new kilns at this place, and call the attention of those who want good lime and limestone to the fact that they are prepared to deliver either at the shortest notice. As their limestone is procured from the celebrated quarries in Lower Mahanoy township. they think they can furnish an article of lime that cannot be excelled in the county.

FIRE AT MILTON .-- On Tuesday evening last, about 9 o'clock, a fire broke out in the dry-house of the Milton Car Factory, owned by Messrs. Chamberlin, McCormick & Co. The building is of brick, one story high, and covered with a slate roof. The engine played steadily upon the burning mass for more than an hour, without extinguishing it. One car of building. We did not hear any estimate of the loss, but it must be considerable. The pile was still has the endorsement of eminent legal authority. It burning when we left on the 11.20 train.

in our advertising columns, the partnership heretofore existing between Messrs. J. W. Friling & Son. the well known proprietors of the Mammoth Store, in this place, has been dissolved, the senior member of the firm, John W. Friling, Esq., retiring. Several thousand bushels of new wheat were brought to Milton during the rast ten days and sold, at first, for about \$2. It is now quoted at \$1.80. In provisions there is nothing so high as beef. Mutton is said to be abundant, and is selling in the city markets at 50 per cent. less than is demanded for it here. Berries are higher than last year-the reason why we don't understand. Blackberries are selling at 7 to 8 cents: whortleberries, from 10 to 12 cents. New potatoes at \$1.50 per bushel. Tomatoes at 80 cents per peck

ACCIDENT ON THE SHAMOKIN VALLEY RAILROAD. -On Thursday morning of last week, as a camelback engine with 90 empty coal care and a passenger ear, going to Shamokin, was rounding a curve about two miles from this place, the front afte of the engine broke, precipitating it and 25 of the cars down an embankment of eight feet. The passenger and some 30 of the rear cars remained upon the track, while those in the centre of the train were piled up in general confusion. Fortunately no person was enjured, and but two of the cars totally wrecked .-The engine was but slightly damaged. By 4 o'clock in the afternoon the wreck was cleared from the track, and interfered but little with the regular business of the road.

I. O. or O. F .- A special session of the Grand Encampment of I. O. of O. F. was held at Lewisburg on Tuesday evening, July 234, for the purpose of organizing Buffaloe Valley Encampment No. 157. The Encampment was duly instituted by the following officers, viz :-D. Dep. G. P., S. B. Boyer, acting M. W. G. P.; P. C. P., Henry Haldeman, acting M. E. G. P.; P. C. P., Josiah Kelly, acting R. W G. S. W.; P. M. Shindel, acting R. W. G. J. W. Eman'l Wilvert, acting G. S. After the Encampment was instituted it was or

ganized by the election of the following officers to serve the ensuing term :- C. P., I. S. Sterner; H. P., D. Oswald; S. W., W. D. Snyder; J. W., E. Straub; S., S. Young.

THE NEW BRIDGE AT LEWISBURG.-The stone work for the railroad and wagon bridge at Lewisburg was awarded on Monday of last week to Mr. John Shields, of Mauch Chunk, for the sum of \$51,-000. The wood work was secured by the Keystone Bridge Company, at a little less than the amount required for the stone work, the whole amounting to \$98,000. The Chronicle says the work will be commenced in a few days, and expresses the hope that the tridge will be so far completed as to pass trains

by the first of January next.

Another Jan. Bird .- On Monday last the constable of Shamokin brought to town an Irishman named Stephen Grant, who was arrested for committing an assault and battery, with intent to kill, on William Nettle, of that place. Nettle, who is a man about sixty years of age, was a boss in one of the mines near Shamokin, and the prisoner had been employed under him, but was discharged by Nettle for some offence. The prisoner became very angry and made threats that he would kill his amployer. On Monday last, meeting him in one of the streets of Shamokin, he deliberately struck him with a stung shot, knocking him senseless, and repeated the hlows with the weapon after his victim had fallen to the ground. Several persons who happened to be near at the time of the occurrence, arrested the prisoner and took him before Esquire Caldwell, who committed him to jail. Nettle's injuries are of a not recover. REMARKABLE SURVEY.-The Pottsville Meners Journal, of the 27th art, says that an interesting survey has recently been made in Northambertand eounty, not only as it settles a long open and vexed question as to the true boundaries of important sur-veys, embracing an extensive range of valuable coal lands, but from two remarkable coincidences conected with it. The Journal says:

iands, but from two remarkable colocidences connected with it. The Journal says:

"After years of anxious search, certain important lines and corners were found and established, by clearly defined monuments, on the anniversary of the day on which they were made, seventy odd years ago, in 1793.

"The old compass used by John Reese, a deputy of Wm. Gray, the old surveyor, to run the lines and fix the boundaries originally in 1793, passed down through various owners, into the possession of Mr. David Rockefeller, of Sunbury, and was used by him and his associates on this anniversary to re-trace the old original iconners. After seventy odd years, this ancient truth teller compass, faithful to its high trust, told the same story in May, 1867, which it told in May, 1793.

"This remarkable survey was made by Mr. David Rockefeller, of Sunbury, so eminent in his profession, in company with Meesrs. Shipman, McWilliams and West, of Danville, also favorably known as faithful and able surveyors.

"It has been well said, human testimony may fail, human witness may be corrupted, but nature never lies and never betrays the trust reposed in her.

"In 1793 the monuments and corners were made in the trees, and to the bosom of those witnesses were confided the memorials which were to ascertain and determine private rights of individuals to immense estates for a long serice of years to come.

"Annid sunshine and storm, night and day, summer and winter, stood the pine tree, which was made the corner. A sentinel faithful to its trust, it stood a true and incorruptible witness of the truth. To its faithful bosom was confided the sacred trust.— Years rolled around and each successive year buried the truth deepet and deeper in its heart, and furnished accumulating evidence of the identity of the witness. At length comes the surveyor, directed by his faithful compass, in search of the truth, and behold as the axe penetrates the bosom of the old pine, the interesting fact committed to its keeping, is revealed. It is the important corner, t

BENZINE .- At the Oil Refinery of Messrs. Bowen & Wilder, at this place, the fuel used for generating steam and driving the machinery is the benzine extracted from crude petroleum, in refining. The demand for this product is not equal to the supply, and the sales are, therefore, limited, even at the low price of twenty cents per gallon. It is a valuable but dangerous substance, and when too much is left in the oil it is liable to explosion. In this respect we consider the oil of Messrs. Bowen & Wilder the best and safest we can get.

INSURANCE PAID .- The barn owned by Geo. P. Mertz, near Northumberland, which was destroyed by fire on Wednesday night of last week, was insured in the Farmers' Mutual Insurance Co., of Danville, to the amount of \$1,200. This sum has already been paid in full by the company, and Mr. Mertz has commenced rebuilding.

THE WASHINGTON LIBRARY COMPANY, of Philadelphia, gains credit and support every day. The sales of stock surpass all expectation, and the pros-pect is that the funds for the noble object will be secured even in advance of the time anticipated .-The reason is obvious. The design is worthy, and creditable to the patriotic hearts who are laboring to reward a too much neglected class. The funds go into responsible hands, and the public have up fears lumber was run out on the track that runs into the that they will be mis-directed. The plan adopted is by its distinctive features entirely removed from the taint of catch-penny schemes which have so often been the means of imposing on the public. It gives to purchasers of its stock a full equivalent for the consideration paid. All its transactions are open and above board. It has no concealments, and the reputation of the managers is such that they cannot afford to be dishonest in this transaction. Read ad-

Dr. Wistar's Balsam of Wild

Cherry. Where this article is known it is a work of superc ogation to say one word in its favor, so well is it established as an unfailing remedy for Coughs, Colds, Bronchitis, Croup, Whooping Cough, Asthma, diseases of the Throat, Chest and Lungs, as well as that most dreaded of all diseases, Consumption which high medical authority has prenounced to be a curable disease. Those who have used this remedy know its value; those who have not, have but to make a single trial to be satisfied that of all others it is the remedy.

well known and much respected among the German population of this country, writes as follows:

HANOVER, PA., Feb. 15, 1859.

Messrs. S. W. Fewle & Son, Borton—Dear Sirs:

Having realized in my family important benefits from the use of your valuable preparation—Wirth & Balsan of Wild Cherry—it affords me pleasure to recommend it to the public. Some cight years ago, one of my daughters seemed to be in a decline, and little hopes of her recovery were entertained. I then procured a bottle of your excellent Balsan, and before she had taken the whole of it there was a great improvement in her health. I have, in my and before she had taken the wable of it there was a great improvement in her health. I have, in my individual case, made frequent use of your valuable medicine, and have always been benefited by it. I would, however, caution the public against imposi-tion, because there is a good deal of spurious Wis-tar's Balsam of Wild Cherry aftont throughout the country.

Schenck's Seaweed Tonic. This medicine, invented by Dr. J. H. Schenck of Philadelphia, is intended to dissolve the food and make it into chyme, the first process of digestion.— By cleansing the stomach with Schenck's Mandrake Pills, the Tonic soon restores the appetite, and food that could not be eaten before using it, will be

casily digested.

Consumption cannot be cured by Schenck's Pulmonic Syrup uniess the stomach and liver is made healthy and the appetite restored; hence the Tonic and Pills are required in nearly every case of consumption. A half dosen bottles of the SEAWEED TONIC and three or four boxes of the MANDRAKE PILLS will care any ordinary case of dyspepsia.

Dr. Schenck makes professional visits in New York, Boston, and at his principal Office in Philadelphia, every week. See daily papers of each place, or his panophlet on consumption, for his days for visitation. Please observe, when purchasing, that the two likenesses of the Doctor, one when in the last stage of Consumption, and the other as he now is, in perfect health, are on the Government stamp.

Sold by all Druggists and Doalers, price \$1.50 per bottle, or \$7.50 the half dozon. All letters for advice should be addressed to Dr. Schenck's Principal Office, No. 15 North 6th Street, Philadelphia, Ps.

MEANS OF THE COMPANY.

Estimating the distance to be built by the Union Pacific to be 1,565 miles, the United States Government issues its Six per cent. Thirty-year Bonds to the Company as the road is finished at the average rate of about \$28,250 per mile, amounting to \$44,205,

The Company is also permitted to issue its own The Company is also permitted to issue its own First Mortgage Bonds to an equal amount, and at the same time, which by special Act of Congress are made a First Mortgage on the entire line, the bonds of the United States being subordinate to them.

The Government makes a donation of 12,500 acres of land to the mile, amounting to 20,032,000 acres, estimated to be worth \$30,000,000, making the total resources, exclusive of the capital, \$118,416,000; but the full value of the lands cannot now be realized.

The authorized Capital Stock of the Company is one hundred-million dollars of which five millions The authorized Capital Stock of the Company is one hundred-million dollars of which five millions have already been paid in, and of which it is not supposed that more than twenty-five millions at most will be required.

The cost of the road is estimated by competent en-

gineers to be about one hundred million dollars, ex-clusive of equipment. PROSPECTS FOR BUSINESS.

PROSPECTS FOR BUSINESS.

The railroad connection between Omaha and the East is now complete, and the earnings of the Union Pacific on the sections already flushed for the first two weeks in May were \$113,000. These sectional earnings as the road progresses will much more than pay the interest on the Company's bonds, and the through business over the only line of railroad between the Atlantic and Pacific must be immense. Value and Security of the Bonds

The Company respectfully submit, that the above statement of facts fully demonstrates the security of their Bonds, and as additional proof they would suggest that the Bonds now offered are less than ten mil gest that the Bonds now offered are less than ten infinion dollars on \$17 miles of read, on which over twenty million dollars have already been expended — on 330 miles of this road the cars are now running, and the remaining 187 miles are nearly completed.

At the present rate of premium on gold these bonds pay an annual interest on the present cost of

Nine Per Cent., and it is believed that on the completion of the road, like the Government Bonds, they will go above par. The Company intend to sell but a limited amount at the present low rate, and retain the right to advance

the present low rate, and retain the right to advance the price at their option.
