Take Particular Notice.

Dr. J. addresses all these who have injured themselves by improper indulgence and solitary labits, which ruin both body and mind, unfatting them for either business, study, society of marriage.

Thiese are some of the sad and melancholy effects produced by early babits of youth, viz: Weakness of the Buck and Limbs, Pains in the Head, Dimness of Sight, Loss of Musecular Power, Palpitation of the Heart, Dyspepsy, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

MENTALLY—The fearful effects on the mind are much to be dreaded—Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil-Forebodings, Aversion to Society, Self-Distruct, Love of Solitude, Timidity, &c. are some of the evils produced.

Thousands of persons of all ages can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and emeciated, having a singular appearance about the eyes, cough and symptoms of consumption.
