A FEW WORDS TO LADIES.—The use of the ZINGARI DITTERS will give to you that soft, semi-transparent complexion which the God of nature (designing woman to be the laveliest of his works) fully intended that you should have—for it is nature's own powder and paint combined. By purifying the blood, stimulating the pigmentary exits of the dermis, and impairing health and life throughout the entire system, it especially gives that smooth clearness and beauty to the complexion so much to be derived—removing all roughness, blotches, freekles, pimples, and that yellow, shelly look so common in our day, and what is even better than this, it cards every species of female irregulanties and discars.

Especially, who have become the victims of Solitary Vice. The subscribers have made arrangements to have all their best stoves made to order, and those who would have a good stove would do well to go and examine their large and well selected stock.

Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which anoually sweeps to an untimely grave thousands of Young Men of the most exaited talents and brilliams intellect, who might otherwise have entranced listening Senates with the thanders of columne or waked to ecstary the living lyre, may call with full confidence. First. They defy competition on the following tried Brands of Cook Stoves, viz: Marriage. Married Persons or Young Men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., specify cured.

He who places himself under the care of Dr. J. may may religiously confide in his honor as a geatleman, and confidently rely upon his skill as a Physician. and the well known Antidust Cook Stove called SPEAR'S ANTIDUST.

This Distressing Affection—which renders Life miserable and marriage impossible—is the penalty paid by the victims of improper indulgences. Young permus are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost some by those failing into improper habits than by the prudents? Besides deing deprived the pleasures of healthy offspring, the most serious and destractive symptoms to both body and mind arise.
