TANNERY BURNED .- The Democrat says that the new steam tennery of Hull & Pensyl, at Elysburg, was destroyed by fire on Friday evening, 15th inst. It was with difficulty that the old tannery buildings and residence of Mr. Hull, adjoining, were saved. The fire was caused by the extreme heat in the engine-room, a high pressure of steam having been kept up during the day. The hands were at work when the roof of the engine house caught fire, and it was not noticed until too late to save the building.

* FIRE AND DREADFUL CONSEQUENCES .- The Sclinsgrove Times says that a serious misfortune occurred near Richfield, Snyder county, on Sunday night, 17th inst. The house of John and Willis Gordon took fire about midnight, from some unknown cause, and the flames spread so rapidly that nearly all of the family were be lly burned, and two of John Gordon's children perished in the flameshis oldest daughter and oldest son. Alice, the daughter, was nearly 14 years of age, and the son 7.

SUNBURY CATTLE INSURANCE COMPANY .- A charter having been obtained for this company, the corporators, on Tuesday evening last, met at the office of Mosers. Bruner & Kase, in this place, and organized by electing the following Directors, to serve for one year :-William Brindle, John Shissler, Solomon Stroh, Charles Martin, C. A. Reimensnyder, Thos. Baldy and Charles J. Bruner. The following persons were elected officers of the Company :- President, Charles J. Bruner ; Treasurer, Solomon Stroh ; Secretary, C. A. Relmensnyder.

The par value of the shares is now \$9.50. At a meeting of the Directors, on Monday night

last, the following resolution was adopted : Resolved. That after the meeting on the fourth Friday in June next the premium shall be calculated upon the actual number of shares sold.

Accreent .- On Saturday afternoon last, William, son of Mr. Geo. W. Smith, aged about 12 years, had his hand terribly crushed while unloading a barrel of molasses in front of the co-operative store, in this place. While backing the horse to the pavement for the purpose of unloading the molasses, by a sudden movement of the horse he was thrown out of the wagon, and while holding on to a tree to recover himself the barrel was thrown out, striking his hand resting on the tree, which badly crushed it. We are pleased to state that under the skillful care of Drs. Masser and Awl he is rapidly recovering, and amputation, which was at first thought necessary, will be avoided.

SHAMORIN ITEMS .- We copy the following from the Shamokin Herald, of the 28th inst. : The Fenians had quite an enthusiastic meeting

at Kutsner's Hall, on Monday evening. Messrs. Cruikshank & Brother are putting up a

small breaker, opposite the Furnace, with a capacity of about 25 cars per day.

A fire occurred at the house of John Edmunds, on

Dewart street, on Thursday morning last, but luckily was discovered and extinguished before much damage was done. It appears that a little girl, in playing with matches, had set a bed on fire, which

THE LATE ROBBERIES AT WATSONTOWN.-The Miltonian gives the following particulars of the arrest of the colored man, who gave his name as Togood, at Watsontown, on the 16th inst., for robbing the office of the Watsontown Lumber Company, and also the office of Wagner, Hogue & Co., of that place. The prisoner's real name is Moore:—On Saturday last a young colored man named Moore, ormerly of this borough, went into Watsontewn and endeavored to sell some postage and revenue stamps. As it was known that the Watsontown Lumber Co. had been robbed of stamps of those kinds, informa-tion was immediately given to Mr. J. M. Follmer, agent of the Company, and he procured the services of a constable and started in pursuit of Moore.—
They overtook him on the road between Watsontown and Dewart. On being brought back to the former place and searched, a lot of postage and revenue stamps and the missing key to the Company's safe were found on his person. The safe key was in one of his shoes, and when they made him take the shoe off he transferred the key by a dexterous movement to his mouth; but was not sharp enough to escape detection. On the key being found he gave up and acknowledged to being one of the parties who robbed the Company's office, as well as Wagner, Hogue & Co.'s office, and told who were his accomplices and where the clothing that had been stolen could be found. His accomplices were white men, and old hands at the business. Measures have been taken to apprehend them. The clothing has all been recovered and Moore has been lodged in jail at Sun-bury to await trial. From information in our pos-session we are convinced that this arrest has broken up a gang of villains who have long been committing depredations in this section, and it is to be hoped that all the members of the gang may be brought to trial and punishment.

OUR FALLEN HEROES .- In compliance with the order of Gen. John A. Logan, Commander-in-Chief of the Grand Army of the Republic, the Posts everywhere throughout the country will, to-day, (Saturday,) visit the cemeteries where the bodies of the dead soldiers of the Union rest, and in the beautiful language of the order, "gather around their sacred remains and garland the passionless mounds above them with the choicest flowers of spring time raise above them the dear old fing they saved from dishonor; and in this solemn presence renew our pledges to aid and assist those whom they have left among us as a sacred charge upon a nation's gratitude, the soldier's and sailor's widow and orphan.' To carry out this order, Post No. 105, of this Borough, appointed a committee to arrange the details for the ceremonies, and at a subsequent meeting the committee submitted the following, which was adop

ted:

As a tribute of respect to the memory of our fallen soldiers, the graves of those buried in the Cemetery, at Sunbury, will be strewn with flowers on the 30th day of May, under the direction of Post No. 105, Grand Army of the Republic.

The committee of arrangements directs that the members of the Post will meet at their Head Quarters, on Saturday, May 30th, at 5 o'clock, P. M., where wreaths and flowers will be prepared for them, and then march to the Cemetery. On reaching the Cemetery they will at once proceed to the monument erected to the memory of the soldiers of the 47th Regiment, where an address will be delivered by the Rev. Mr. Evans, after which the flowers will be strewn upon the graves of our comrades.

The ceremony at the Cemetery will conclude with prayer, and the members of the Post will then march to their quarters and be dismissed.

A cordial invitation is extended to all soldiers and others, who feel an interest in this work, to participate in the exercises with us.

It being a fixed fact that works of charity and benevolence cannot be conducted successfully without

MIDDLECREEK RAILROAD .-- We learn authoritatively that an arrangement was made last week between the Shade Mountain Iron Company and the Board of Directors of the M. C. R. R., by which the road is to be graded from Selinsgrove to Beaver Furnace, a distance of 12 miles, by the first of August -the contractor having ratified this part-and as the ties and rails will be on the ground by the time it is graded, track laying will immediately thereafter commence and the cars run this fall. By this arrangement, the S. M. Iron Company will furnish the rails, 56 lbs. to the yard, and agree to take out the cost in transportation, so that 12 miles of the road will be laid with rails without the expenditure of a single dollar over and above the cost of laying track. Mr. Alexander, the President, has thus far been most fortunate in pushing ahead this important link in railroad communication, and if nothing untoward occurs, we may now safely predict that the ears will run from Lewistown to Northumberland before the close of 1869.

John McFarland, of Northumberland, an energetic business man, was elected a Director in place of John A. McKee, Esq., resigned—the latter now filling the positions of Secretary and Treasurer .- Lawistown

POPULARITY OF THE GROVER & BAKER SEWING MACHINES.—There are, we believe, no sewing machines without some merits. Indeed, we consider the most indifferent ones in use vastly preferable to none at all. Nevertheless, in sewing machines, as in most other things, the best is the cheapest, and the most satisfactory. The people seem to understand this, and hence the annual sale of the Grover & Baker instruments probably exceeds the annual sale of all the other sewing machines combined. The secret is plain. The Grover & Baker machines family where comfort, convenience, health and taste in severy are appreciated.

TEMPERANCE CONVENTION .- At a meeting of the Northumberland District Convention of the I. O. of G. T., held in Bloomsburg, Columbia county, on the 13th inst., the following preamble and resolutions, after being fully discussed, were adopted, viz. :

WHEREAS, Intemperance is sweeping over our fair land, carrying down to the grave sixty thousand drunkards annually, crushing the hearts of hundreds of thousands of wives, mothers and children, increasing crime to an alarming extent, spreading poverty far and wide, and even threatening the foundation of society itself; therefore,

Godey's Lady's Book, you June.—We have received the June number of Godey, which is, as usual, up to its standard of excellence. The stories in this number are interesting, while the miscellaneous matter commands itself, as being of a character that will furnish a vast fund of information to the reader. The illustrations that are given in the present number of this excellent monthly are the following:—A Dresm of the Future, one of the finest steel plates of the year; colored fashion-plate, containing six figures; a tinted picture—Leaving Home. Another large extension sheet, containing thirty-three engravings of dresses and novelties. An evening-dress, and four summer cloaks. The work-department contains an excellent variety of useful articles with simple descriptions for making them. In the July number of the Lady's Book will be commenced a story, by a new contributor, entitled "Unrest." This story is without doubt one of the best that has ever been published. Address, L. A. The publishers have in this given the public a volume of which they may well be proud. It is a standard work, commends is off to all who examine it, and should be found in every family. MANY A MAN ascribes his entire success in life to proper impression, made at the proper time, upon the proper person. Any one who attires himself at J. O. Beck's Tailoring establishment, on Fourth St., knows this for himself. In a suit of the pretty summer goods at Beck's even a sloven can make himself gainly, and without startling his pocket-book.

"THREE and six pence per Gal?" exclaimed Mrs. Partington, looking over the price current. "Why bless me, what is the world coming to, when the gals are valued at only three and six pence?" We think the old lady's surprise would be equally as great, if she would examine the price list at the Continental Clothing Baznar, for it has astonished less susceptible persons.

"A TRING of beauty is a joy forever," is a saying s old as it is true, and it applies exactly to the beautiful new Spring Hats just received by Faust, the fashionable Hatter, Market Square. Judging from the rapidity and extent of his sales, our citizens appreciate the cheapness at which his goods are disposed of.
