# ZINGARI BITTERS

The component parts of this remarkable preparaters first discovered, compounded and distributed

The component parts of this remarkable preparation were first discovered, compounded and distributed, some twenty years ago, by Dr. Cascovers, the celebrated Egyptian Physician. Thousands of his suffering countrymen were restored to health, as well as great numbers of the inhabitants of Nubia and Abyssinif, and of the countries bordering upon the Southern coast of the Mediterranean Sea. Indeed, the fame of the SINGARI BITTERS soon spread over Europe, and was adopted by the principal Physicians in charge of the hospitals of the old world, in which it is allil used with preeminent success. The Viceroy of Egypt placed the name of na. Chropeus upon the "Roll of Nobles," and presented to him a Medal bearing the following inscription: "Da. Chropeus, the Public Benefactor." This Bitters is now offered to the public of America with the full assurance that it will be found, upon a fair trial, to act as a specific for the cure of Cholera. Dysentery, Diarrhea, Cholera Morbus, Fever and Ague, Yellow Fever, Rheumatism, Typhoid Fever, Dyspepsia, Colle, Bronchills, Consumption, Fiatualency, Diseases of the Kidneys, Nervous Debility, and Fernale Complaints.

A FEW WORDS TO LADIES.—The use of the ZINGARI BITTERS will give to you that soft, semi-transparent complexion which the God of nature (designing woman to be the loveliest of his works) fully intended that you should have—for it is nature's own powder and paint combined. By purifying the blood, stimulating the pigmentary cells of the dermis, and imparting health and life throughout the entire system, it especially gives that smooth clearness and beauty to the complexion so much to be desired—removing all roughness, blotches, freckles, pimples, and that yellow, slekly look so common in our day; and what is even better than this, it cures every species of female irregularities and disease.

This Distressing Affection—which renders Lafe miserable and marriage impossible—is the penalty paid by the victims of improper indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of proceeding is lost seomer by those falling into improper habits than by the prudents? Benides deing deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind sine. The system becomes Deranged, the Physical and Meatai Punctions Weakened, Loss of Procycutive Power, Nervous Irritability, Dyspepsia, Palpitation of the Heart, Indigestion, Constitutional Debility, a Wasting of the Frame, Cough, Consumption, Decay and Death,

This is are some of the sad and melancholy effects produced by early habits of youth, viz. Wenkness of the Back and Lumbs, Panus in the Head, Dimacas of Sight, Less of Muscular Power, Palpitation of the Heart, Dyspepsy, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Comampion, &c. pression of Spirits, Evil-Posebodings, Aversion to Society, Self-Distrust, Loye of Solitude, Timidity, &c. are some of the evils produced.

Thousands of persons of all ages can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and enactated, having a singular appearance about the eyes, cough and symptoms of consamption.

Who have injured themselves by a certain practice included in when alone, a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, the darling of his parents, should be suntched from all prospects and enjoyments of his, by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons wars, before contemplating

\*\*Therefore that a sound mind and body are the most necessary requisites to promote congular happiness. Indeed without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the metancholy reflection that the happiness of another becomes highted with our own

choly reflection that the happiness of another becomes bighted with our own Discarse of Empredence.

When the misquided and imprudent votary of pleasure finds that he has imbibed the seeds of this painful discase, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this borild discose make their appearance, such as ulcerated size throat, discased nose, nectural pains in the head and limbs, dimness of sight, deafness, nosles on the shin bones and aims, blotches on the head, face and extremitias, pagressing with frightful tapidity, till at last the palate of the mouth or the bones of the ness fall in, and the vectim of this awfol discase becomes a horrid object of commiseration, till death puts a period to his dreadful suffering, by sending him to "that Undiscovered Country from whence no traveller returns."

It is a melancholy fact that thousands fall victims to this terrible disease, owing to the unskillfulness of ignorant protenders, who, by the use of that "Deadly Poisson, Mercury Frain the constitution and make the residue of life miserable.

Trust not your lives, or benith, to the care of the many Unlearned and Worthless Pretenders, destitute of knowledge, name or character, who copy Dr. Johnston's advertisements, or style themselves, in the newspapets, regularly Educated Payareans, incapable of Curing, they keep you trifling mouth ofter mouth taking their fifthy and poissons compounds, or as long as the smallest fee can be obtained, and in despair, leave you with ruined health to agh over your gained disappointment.

Dr. Johnston is the only Physician advertising.
His credential or diplomas alwoys hang in his office.
His remidies or treatment are unknown to all others, prepared from a life spent in the great hospitals of Europe, the first in this country and a more extensive "Private Practoo" than any other Physician in the world.

Lime | Lime | Lime | THE new Lime Kilns of H. B. Masser, at Selins-Grove Station, are now completed and in successful operation, producing lime of the very best quality. These kilns are built with all the modern conveniences and improvements, and have a capacity of producing 400 bushels per day. Excellent roads have been made to the kilns, not interfered with by the railroad, where wagon or sleds can be loaded in a few minutes from the schutes, without handling. Having opened a large body of the best timestone, at the mouth of the kilns, they are enabled to sell lime at the low rate of 11 cents per bushel. The kilns are in charge of competent persons, who will always be prepared to supply outomers. Apply to H. B. Masser, Sunbury, or to Chas Dinkleberger, or Chas. J. Conrad, at the kilns.
