Local Affairs.

CAMPBELL BADGER, FLAG, &c., wholesale and retail, at Lighter & Zeigler's Book Store, Market Square, Sunbury, Pa.

STeam Mill.—We understand that Messrs. Showers & Co. have sold their steam flouring mill, on the site of the old mill, to William Rangan, Esq. The price paid was \$16,000.

MARKS B. PRINSTEAD, Esq. has sold his dry goods store, in Northumberland, to Messrs. Van Allen & Co., proprietors of the rolling mill and nail factory in that place.

It is stated that the commissioners appointed to select a site for the Northern Insane Asylum have decided in favor of Danville, although it has not been officially announced.

RECEIPTS COURT.—On the 14th of the month, the Register in Bankruptcy for the (11th) District, held a court at the office of Messrs. Rockefeller & Rohrback on Thursday last week.

ACCIDENT.—John Renshaw, an employee of the Lackawanna & Bloomsburg Railroad, was accidentally hurt, but his fingers badly mangled, a few days since, while attempting to couple cars.

MERCHANTS and others will find it to their advantage to buy their Paper Bags, at this price, saving the freight, of Lighter & Zeigler, Bookbinders and Paper Dealers, Market Square, Sunbury, Pa.

We see it announced in the Shamokin paper that Rev. C. H. Vanlynne, of St. Matthew's (Episcopal) Church, of this city, is to officiate in Trinity Church, Shamokin, to-morrow, (Sunday) morning and evening.

ACCIDENT AT THE RAILROAD.—On Monday forenoon last, Chas. S. M. F. Roth, of Shamokin, was badly hurt by falling from the cars, and was carried to the hospital, where he is now recovering from his wounds.

WE learn that Messrs. Van Allen & Co., of the mill factory at Northumberland, are doing a heavy business, and are sometimes compelled to refuse orders on account of their inability to fill them. Four or five additional mill machines will soon be added to their establishment.

TAX APPEAL.—Our City Chief Burgess gives notice that an appeal from the Board and Poor Taxes will be held by the Burgess and Common Council, at the office of Jacob Shipman, Esq., on Tuesday, the 18th of August. This is a matter in which most of our citizens are interested.

SENEGANSKA DELEGATES ASSOCIATION.—We observe by the proceedings of the annual meeting of the Association, held in Scranton last week, that Drs. George M. Roon, of Sunbury, B. F. Vettercamp, of Selingsgrove, and John Locke, of Lewisburg, were selected as the Executive Committee for the ensuing year.

THE EXTENSION OF THE ROUND HOUSE.—We learn that the contract for the brick work of the round house, of the Phila. & Erie Railroad, at this place, has been let to D. S. Miller, of Selingsgrove, and Col. Moore, of Lewisburg. Twenty-two engine stalls will be added when the work is completed, which will be about the first of October.

MIDDLEBROOK RAILROAD.—The Lewistown Gazette says that the Reading Railroad Company intend connecting the Trevorton road, which they lately purchased, with the Middlebrook road at Selingsgrove, by means of the route abandoned on the latter road, between Selingsgrove and Northumberland.

ROPE WALKING.—On Saturday evening last an individual, calling himself Professor Chaffee, entertained a crowd of at least five hundred persons by his feats of rope walking. The rope was suspended from Hooper's saloon building to one of the depot buildings, on Third street. The "Professor" afterwards gave a performance in the Masonic Hall, but was not very well patronized.

FATAL ACCIDENT AT DANVILLE.—On Thursday morning of last week a led named Thomas Monahan, son of John Monahan, a workman at the Pennsylvania iron works, at Danville, while hanging to a train of cars on the Lackawanna & Bloomsburg Railroad, was thrown off by a sudden jerk of the cars, and being thrown across the track, the car wheels passed over his neck, severing his head entirely from his body.

HEEL CUT OFF.—A farmer named Geo. Thomas, residing on Mr. John S. Haas' farm, about a mile east of this place, met with a serious accident on Tuesday last. He was cutting grass with a reaper, and having stopped to adjust some of the gearing, fell from the horse he was riding, and his heel was cut off by the knife. The heel of his foot was cut off and the ankle and foot terribly lacerated. Dr. Shindel was immediately called, and dressed his wounds.

MARRIAGE.—The Most Excellent Grand High Priest and other Grand Officers of the Grand Chapter of Pennsylvania, of A. Y. M., during the present week have been making a visitation through the 3d, 4th, 5th and 6th districts, composed of the counties of Northumberland, Schuylkill, Luzerne, Columbia and Carbon. They will visit Northumberland on Friday next, at Sunbury, on this (Friday) evening, and accomplish the work of Mark, Most Excellent and Royal Arch Degrees.

BITTEN BY A DOG.—Charles Weaver, a lad about twelve years of age, was sent to the cellar of Garinger's grocery, on Third street, on Monday last, for some articles. While in the cellar he was attacked by Mr. Garinger's watch-dog, who would, no doubt, have killed him, had he not been rescued by some one who heard his cries. The dog inflicted several serious wounds on the leg and arm of the boy. The case is attended by Dr. Shindel, and the lad is recovering every attention. Though critical at first he is now thought to be out of danger.

THE STRIKE IN THE SHAMOKIN.—The Shamokin Herald, of Thursday last, says: Since our last issue some of the operators have agreed to the eight-hour system, and seven collieries are now working, but there seems to be no prospect of its general adoption in this region, the majority of the operators alleging that it would cost them more to put their coal in market than can be realized at present prices, and unless the men will work at a corresponding reduction in wages, they prefer to suspend operation until prices advance. The strikers have made no more lawless demonstrations, and all is quiet.

BURGLARY AT GEORGETOWN.—On the night of the 7th inst. the public house of Gen. A. Wald, in Georgetown, this county, was entered by a burglar, through a back window. The till of the bar was first rifled of its contents, amounting to about \$9 in money, and one gold and one silver watch. The burglar then entered the sleeping rooms of some of the boarders and succeeded in rifling their pockets, but did not obtain much. After leaving their rooms he made an attempt to cut a hole in the door leading into Mr. Wald's bedroom, with the intention, it is supposed, of administering ether to them. Mrs. Wald, hearing him cutting the door, awakened her husband, who watched the burglar's progress for some time, and prepared to give him a warm reception, but the burglar overhearing the conversation between Mr. and Mrs. Wald, hastily withdrew his knife from the door and fled down stairs. Mrs. Wald followed him, but before she could catch up to him, he had succeeded in stealing a face-book and escaped across the river.

The next night a store was robbed at Halifax, and the thief followed a hotel at Danville, which was, no doubt, done by the same party.

THE STRIKE.—The Potsville Journal, of Saturday last, says: We have but little to add to the facts which we gave in our last reference to the strike of the miners of this region, for eight hours a day's work, and for an increase of wages. The turnout commenced a fortnight since at Ashland and in the Mahony Valley, (not at Mount Carmel and Locust Gap) and extended until on Tuesday last the collieries in the western end of the county were stopped. The strike is now general, and it is likely to continue until an improvement in prices will warrant concession to the demands of the men. For it is certain that only an advance of prices will warrant a reduction in the hours of labor and an increase of the wages of the miners.

It is in connection with this subject, due to the miners and operators of this region, to state, that many of the despatches which have been transmitted during the past fortnight, to the papers of Philadelphia and New York, have had no foundation in fact. The statements were simply preposterous and ridiculous. There was no rioting on the part of the strikers, a number of men marched in a body to the different collieries, and compelled the men to cease work, which is the usual mode of securing general strikes adopted in the coal regions.

We have made inquiry, but cannot learn that there has been any destruction of property, and the miners are now peaceable and orderly, and the operators had no hand in sending these despatches for speculative purposes. The fact is that the wild and unfounded statements were sent broadcast, by some venal and (as far as acquaintance with this region is concerned) attaches of the Philadelphia press who were here last week. They caught up all the idle rumors which one can hear at almost any hour of the day on the streets, and transmitted them as veritable facts, generally by the aid of some reporter or editor. The statements were simply preposterous, and the coal operators had nothing whatever to do with their transmission, and were surprised when they saw them. It is to be hoped that the respectable journals who have charged the operators with sending these despatches, will refute the calumny, and do no more to do justice to the miners, who no more than we are able to discern, are doing all in their power to do justice to the laws. It is understood that the ruffians who infested this county, a year or two since, were driven out by the legislation obtained, establishing a new Criminal Court and Police force, and that the great mass of the miners who remain are peaceable and law-abiding.

DEATH OF DR. J. W. PEALE.—Our citizens will regret to hear of the death of Dr. J. W. Peale, which occurred at the residence of his son, S. R. Peale, Esq., in Lock Haven, on Tuesday last week. The Doctor was an old and highly respected citizen of this place, and relinquished his extensive practice on account of failing health. He resided at Lock Haven about three months since, where he resided with his son. The Lock Haven Republican, in speaking of his death, says:—Dr. Peale, the father of S. R. Peale, Esq., died in this place yesterday morning at 5 o'clock. He had been for many years a successful physician in Sunbury and vicinity. Two years ago his health failed him, and for months he was just able to do about. This spring his condition grew so bad that he was unable to give his usual necessary attention to his patients, and the attention of his relatives and the courtesy of our citizens could do but to linger in much agony until the 14th of this month, when death ended his sufferings. A few weeks ago he celebrated his 68th birth day in his sick room, surrounded by his children and some friends.

CHIEF.—Deceased by name Watson, was committed to prison on the 12th inst., to await trial on a charge of the larceny of four dollars and twenty cents from a letter entrusted to him by H. B. Moffatt, to deliver to the Postmaster at Watonsburg.

J. O. Williams, of Point township, was placed in jail on Friday of last week, on a charge of adultery.

There are sixteen prisoners confined in our jail at present. As the August session of Court will commence on Monday week next, we may expect a general "jail delivery." We are sure Sheriff Brockley will not regret parting with most of his troublesome captives.

THE LATE FATAL SHOOTING AT MUSCY DAM.—The Miltonian, of last week, gives the following particulars of the shooting of a boatman named Huff, at Muscy Dam, on Saturday week last. The frame as usual was by several who were eye witnesses, was as follows: The boats were alongside of each other when Huff and Norcross commenced quarreling about something. Huff jumped aboard Norcross' boat and endeavored to strike the latter with a boat pole. Norcross retreated into the cabin of his boat, secured his revolver and returned to the deck. Just as he was coming up out of the cabin door Huff seized him, and a scuffle ensued, during which the pistol went off, and Huff was shot and instantly killed. Norcross then fled and came to the shore in haste, and Mr. David Kner, at that place, told him he had shot Huff but that the pistol went off accidentally in the scuffle. Mr. Kner advised him to give himself up; but Norcross said the friends of Huff had threatened to lynch him, and he wanted to get among his friends before he gave himself up. He took the train at this place for Baltimore, and he had not been arrested up to our latest accounts. An inquest was held upon the body of Huff on Tuesday evening last, at his late residence in Danville, by the coroner, Dr. B. W. F. G. L., and a warrant issued for the arrest of Norcross. Huff's remains were taken to Lock Haven on Saturday.

SUMMER COMPLAINTS.—This, of all other seasons of the year, demands the greatest care in the best of health, and demands particularly in the case of children. This, to a very great extent, is the fault of parents; they are too apt to indulge their children with food and drink which had far better be withheld from them. The simplest food possible is best for them—rice, milk, fruit, and light food generally is to be preferred. Pork and veal should be avoided, as well as imperfectly matured potatoes, and particularly the unripe and diseased apples, peaches and pears, which are beginning to appear in our markets. A little extra care in regard to diet, proper attention to cleanliness, and the avoidance of exposure to drafts of air, will, in the majority of cases, prove a preventive of summer complaints to which children are subject.

AN immense store of Boots and Shoes, from New York and Philadelphia, has just been received at Miller's Excelsior Boot and Shoe Store, in Market Square. We venture the assertion that Miller sells more goods than any other establishment in Sunbury or vicinity. The reason is that he always keeps the largest and best assortment, and sells at a small advance on cost.

For a stylish suit, and one that fits; for one that will wear, and for one a little cheaper than the same can be made up elsewhere in the city, go to Miller's. His clientele most of our cutting garments render him able to give entire satisfaction to all. Try him. (Advertisement for Miller's Excelsior Boot and Shoe Store)

THE COMING CONFLICT! We give greater inducements to Agents than any other House in the trade. Ladies and Gents, get up Clubs in our

ONE DOLLAR SALE Of Dry Goods, Fancy Goods, Silver Ware, Plated Ware, &c., &c.

THE HOT WEATHER.—The warm days of the season are now upon us, and every one seems to be making an effort to "keep cool." With one of Faust's fashionable and easy-fitting straw hats one can certainly be made comfortable, and as it costs but a trifle to procure one of them, we would recommend our gentlemen to wear them. They are about as much of a luxury, these hot days, as ice-cream "lagers" or "mint juleps."

COR'S COUGH BALM.—The great popular Remedy for Coughs, Colds, Croup, Whooping Cough, and Consumption. Both sides—ordinary &c., also mammoth family bottles—for sale by all druggists and dealers in medicines. No family should be over night without it in the house.

COR'S DYSPEPSIA CURE.—Will immediately relieve and permanently cure the most aggravated case of Dyspepsia, Flatulency, Sour Stomach, Constipation, and all diseases of the Stomach and Bowels. Physicians, clergymen and all who use it, join in unbounded praise of its great virtues. Sold by Druggists everywhere. Price \$1.00.
