THE GREAT

ZINGARI BITTERS

The component parts of this remarkable preparation were first discovered, compounded and distributed, some twenty years ago, by Dr. Chropsus, the celebrated Egyptian Physician. Thousands of his suffering countrymen were restored to health, as well as great numbers of the inhabitants of Nubia and Abyseinia, and of the countries bordering upon the Southern coast of the Mediterranean Sea. Indeed, the fame of the ZINGARI HITTERS soon spread over Europe, and was adopted by the principal Physicians in the countries bordering upon the Southern coast of the old world, in which it is still used with preeminent success. The Vicercy of Egypt placed the name

A FEW WORDS TO LADIES.—The use of the ZINGARI BITTERS will give to you that soft, semi-transparent complexion which the God of nature (designing woman to be the loveliest of his works) fully intended that you should have—for it is nature's own powder and paint combined. By purifying the blood, stimulating the pigmentary cells of the dermis, and imparting health and life throughout the entire system, it especially gives that smooth clearness and beauty to the complexion so much to be desired—removing all roughness, blotches, freckles, pimples, and that yellow, sletchy look so common in our day; and what is even better than this, it cures every species of female irregularities and disease.

Young Men Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of Young Men of the most exaited talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence or waked to cestaty the living lyre, may call with full confidence.

Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensise. Now, who that understands the subject will pretend to deny that the power of procreation is but sooner by those failing into improper habits than by the prudents? Take Particular Notice.

Dr. J. addresses all those who have injured themselves by improper indugence and solitary habits, which ruin both body and mad, infitting them for either business, study, society or marringe.

These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the black and Lamis, Pains in the Head, Dinness of Sight, Loss of Moscular Power, Palpitation of the Heart, Dyspepsy, Nervous Irritability, Detangement of the Digestive Functions, General Debulity, Symptoms of Consumption, &c.

MENTALLY—The fearful effects on the mind are much to be direaded—Loss on Memory, Confusion of ideas, Depression of Spirits, Evil-Fortesdings, Aversion to Society, Self-Distrast, Love of Solitude, Timidity, &c. are some of the evils produced.

Thousands of persons of all ages can now judge what is the cause of their deciming health, losing their vigor, becoming weak, pale, nervous and emented, having a singular appearance about the eyes, cough and symptoms of consumption. Take Particular Notice.

impossible, and destroys both mind and body, should apply immediately.

West a pity that a voung man, the hope of his country, the durling of his parents, should be snatched from all properts and enjoyments of life, by the consequence of deviating from the puth of nature and indulging in a certain secret habit. Such persons mart, before contemplating **Minerringee*, reflect that a sound mind and body are the most necessary requisites to promote communal happiness. Indeed without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the month hecomes shadowed with despair and filled with the melanchidy reflection that the happiness of another becomes blighted with our own

Discusse of Imprudence**.

When the misguided and imprudent votary of pleasure

When the maguided and impradent votary of pleasure finds that he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame, or dread of diseavery, deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horized disease make their appearance, such as ulcerated sortheast, diseased once, nectural pains in the head and limbs, dimness of sight, deafness, nedes on the shin bones and sams, blotches on the head, face and extremities, paggressing with frightful tapidity, till at last the palate of the mouth or the homes of the none fall in, and the victim of this awful disease becomes a horrid object of commiseration, till death puts a period to his dreadful suffering, by sending him to "that Undiscovered Country from whence no traveller returns."

It is a melancholy fact that thousands fall victims to this terrable disease, owing to the unskillfulness of ignorant pretenders, who, by the use of that "Deadly Poison, Mercary," rain the constitution and make the residue of life miserable.
