We notice some of our streets are in a very delapidated condition, although large sums of money are annually expended upon them, they require repairing every season. This should be avoided, and we believe if the proposition made by several individuals of this place, for the Borough to give its credit for the loan of fifty thousand dollars for ten years, provided they advance the same amount, to erect a furnace, and they then fill up our streets, would be a decided advantage and would save hundreds of dollars annually. The citizens should take the matter into serious consideration and instruct the Borough Council in the matter.

IMPORTANT LAW SUIT .- One of the most important law sults, so far as the amount in conroversy is concerned, that has ever been tried in this county, was commenced in court on Monday has before Judge Wood, who presided in place of Judge Jordan during his recent illness. It was an action of ejectment by Wm. I. Greenough, Esq., vs. The Fulton Coal Company, for about sixteen hundred acres of coal land, with coal breakers, houses, and other valuable improvements, in Coal township, this county. The estimated value of the property, at present, is about one million of dollars. WE noticed about a month since the arrest of Wills McCormick, who was charged with numerous robberies committed in this place during the past year, amounting to some \$1,000 or \$1,200. A large amount of the plunder, consisting of m-rehandize, &c., was found in his possession A few weeks since the community was startled with the fact that McCormick had been released on giving ball in the sum of \$500. Of course, wo one who had any knowledge of legal proceedings expected that McCormick would appear. That he was connected with a gang of confederates, who were able and willing to pay three times \$500 if necessary, was also apparent. When the case came before the Grand Jury, that body was informed that Mr. McCormick had forgotten his promise to be present, and it would therefor be advisable to ignore the bill, as no one appeared against him. The Jury, however, represented the facts to the court, and Judge Wood sent for some of the absent victims, upon whose testimony a true bill was found against McCormick. Of course, the counsel of McCormick, as well as the District Attorney, who has in charge the 'peace and dignity of the Commonwealth," and all others connected with the proceedings which resulted in his release deeply regretted his strange and unaccountable conduct, in not appearing as he was bound to do according to law. But the victims and officers have accepted the situation of affairs with the utmost resignation, lamenting the instability of all things human. In the meantime six others were tried and convicted for stealing cattle, and other ungentlemanly practicee, and were therefore conveyed to the penitentiary this week by Sheriff Heller. As they had belonged to no outside organization, whose duty It is to aid their unfortunate chums in the hour ers, who were convicted during last week's court, of danger and affliction, they had no right to expect anything else.
