D. C. DIXONSON of the firm of Clement & Dixson, left us on Tuesday last for Philadelphia and the eastern cities for the purpose of buying a heavy stock of Dry Goods, Notions, Cassimeres, Groceries, &c., &c.

TRIMBLE sells nothing but the best quality of groceries and cheaper than the cheapest.

TRIMBLE'S grocery is the place to buy cheap. Everything in the grocery line is kept there.

ISAAC SEILER, BROKER & LEO.—A son of Mr. Blank on Fourth street, aged about seven years, on Wednesday last, broke a leg by falling off a shed.

The late heavy rains has put new life into our lumbermen. It is expected that the water will rise sufficient to get out all their logs in the small streams, in the upper counties. The river is now in good running order.

The painters are now finishing the inside work of the new depot. We are informed that the company expect to occupy the building by the first of May.

WHEN you want insurance, call on L. M. Yoder, agent, for none but reliable companies.

The Susquehanna river and its tributaries in this vicinity are alive this spring with muskrats, and quite a war is being made upon them by sportsmen.

The rooms formerly occupied by the AMERICAN office, in Messer's buildings, on Market Square, have been entirely changed and handsomely fitted up for offices. They are well calculated for law offices, and are located conveniently to the county buildings.

A new Billiard Saloon has been started in the third story of Moore & Dixson's building, by J. P. Fursel, Esq. The tables are of the most improved style, and we understand that the room will be fitted up in a style not surpassed in this part of the country.

We are requested to state that the information furnished to us last week, that Mrs. S. Conrad had lost an eye by being knocked down by her husband, is not correct. She has not lost the sight of her eyes, although they were placed in deep mourning for a few days.

A SPECIAL meeting of Col. James Cameron Post, No. 105, G. A. R., will be held at the office of A. N. Bruce, Thursday evening, April 13th, at 7 1/2 o'clock. All the members are requested to be present, as business of importance will be transacted. J. J. SMITH, P. C. A. N. BRUCE, Agt.

SUNBURY DIVISION, No. 267, Sons of Temperance, will celebrate their first anniversary on Monday evening, April 15th, at their hall, in Henry Haupt's building. The public are cordially invited to participate in the exercises of the occasion. Addresses will be delivered by the friends of the cause of temperance.

INSURE.—Now is the season for accidents on railroads. As the frost is coming out of the ground, rails are more liable to break than at any other time which generally result in injuries to passengers. We advise all who travel to guard against such results by procuring accidental insurance of Jacob Shipman, at the ticket office, before entering the cars. A small amount invested often keeps distress from the doors of those meeting with accidents.

WORK FOR OUR PRIZE OFFICERS.—There has been much complaint of late in regard to the crowd of men and boys gathering on the corner of Third and Market streets, in the evenings, obstructing the side walks so that it is difficult for female pedestrians to pass. The evil is on the increase, and the officers whose duty it is to remedy such evils should see to having all crowds dispersed.

A FESTIVAL.—A festival will be held during next week commencing on Monday evening, the proceeds of which are to be applied to the purchase of instruments for a Cornet Band. An organization of this kind has long been wanted in this place, and we hope to see the festival a success that the desired object may be accomplished. The young men composing the Band are not able to procure instruments at their own expense, hence they appeal to the citizens to patronize their festival.

The festival will be held in the hall and Arbitration room in the Court House. The ice cream will be furnished by M. C. Gearhart, who will give his whole attention to it during the entire festival.

The Town Council at their last meeting, decided on improving the public square in Market street by enclosing it with an iron railing and laying out walks, &c. The square will extend from Second to Third street, with a street on each side. Workmen commenced on Monday morning last in filling up the low places, and before many weeks we may expect to see this laudable enterprise completed. This will be one of the best improvements yet made by our borough fathers, and we hope they will continue in the progress of improving the streets and alleys. To do this it will require money, but we do not believe any citizen will object to paying a tax when improvements are made which will enhance the value of property generally, and give the town a better appearance than it ever had before.

IMPROVEMENTS.—Messrs. Isaac May & Co., the lessees of Burnside colliery, are engaged at present in making some extensive improvements at their colliery. On Monday last they commenced sinking a slope on the second lift of one side, which they expect to have completed in three months. They think that by sinking about 75 yards they will strike the basin. When this is reached a large area of the finest Burnside coal will be open to them, which will increase the capacity of their colliery to 10,000 tons per month.

They have also commenced driving the big tunnel, known as the "Bittenbender tunnel," the contract of which has been awarded to N. Dalton. They propose driving this work until they cut the No. 10 vein and the twin veins, which they expect to cut on driving about 150 yards. This work is to be completed by February, 1873. What is remarkable about this work and worthy of special notice is that while all these improvements are being made the regular shipments of the colliery (6000 tons per month) are steadily going on. This is a feat in coal mining heretofore unknown in our country. The operators are practical men, and when they succeed in making all the proposed openings, they can easily mine coal enough to supply two first-class smokers. The Burnside has a bright future.—Shamokin Herald.

RAILROAD EXTENSION.—We are pleased to chronicle the fact that the Danville & Hazleton Railroad Company have engineers employed to survey a route for the extension of their road to Wilkesbarre. The original act incorporating this company was entitled an act to incorporate the Danville & Wilkesbarre railroad company, and it was under the amended act that the Danville & Hazleton route was built, the amendment to the bill giving the company the right to construct branches not exceeding fifteen miles in length. Litigation proceeding from the building the route to Hazleton, the act was further amended last winter, which gave the company a right, without caveat, to construct a road from Sunbury to Hazleton. The company also retained the right to construct a road to Wilkesbarre.—Danville Intelligencer.

To lessen the taxes for the improvement of Market Square, a subscription is being taken up to raise money outside of the Borough Council to aid in defraying the expenses. We learn that some eight hundred dollars have already been subscribed to this laudable enterprise. We hope to see still more added to the list so that it will guarantee the projected improvement without burdening the poorer classes with taxes.

A SERIOUS ACCIDENT.—On Thursday evening last, about 9 o'clock, two freight trains collided at the upper end of this borough, on the P. & E. R. R., and cars were thrown down the embankment and piled up on the track. Mr. Patrick Mooney, fireman on one of the engines, was the act of firing up when the wreck took place, and was thrown between some cars and the engine. It took some time before he could be extricated. When taken out it was found that both legs and the lower part of his body was terribly mangled. He was taken to his boarding house at Mr. E. Brosnan's, where every attention was paid to him, but we learn at going to press, that his wounds were proving fatal. Mr. Mooney was only lately employed by the P. & E. R. R. Co., and we learn, from Blossburg, Pa.

MINING ACCIDENTS.—On Thursday afternoon, Storris Waldron, a Polishman, and his helpers, whose name we did not learn, were slightly injured by a fall of slate at the Henry Clay mine. Joseph Merkle, employed at Wm. Montell's mines, Mt. Carmel, was seriously burned by the explosion of a keg of powder, on Friday last. The accident occurred by his lamp falling into the keg which he was preparing a cartridge. His recovery are entertained.—Shamokin Herald.

ACCIDENT IN THE MINES.—A MAN KILLED.—A shocking accident occurred in the Mykens Valley (Short Mountain) colliery, on Monday afternoon last. A miner named John Donnan, of Gratz, was instantly killed by a fall of rock. He was completely buried beneath a mass of rock and fallen timber, so that some time was occupied in recovering his body. His funeral took place in Gratz, on Wednesday, where he leaves a family.

LYRARD F. NOLAN, of this place, while at work, in Big Lick colliery, on Saturday morning last, was severely burnt about the face and arms by an explosion of sulphur. He is recovering.—Lykens Register.

We refer our readers to the Prof. card of Dr. S. Gilbert, in another column, who has located at this place for the practice of medicine. The Doctor is a graduate from the old school Pennsylvania University, and comes highly recommended as a Physician and a gentleman. Having had considerable practice in Dauphin county with entire satisfaction, he now offers to the citizens of Sunbury and vicinity, his professional services. Professional calls both day and night will receive prompt attention.

ONE of our exchanges says: The Selinsgrove and North Branch R. R. has been contracted for from Selinsgrove to Port Trevorton—a distance of seven miles. The contractor gets \$20,000 per mile. He expects to begin grading in a few weeks.

LICK ON ANIMALS.—An exchange says that the best extermiator of lice on any kind of animals is fine sand or road dust put on the back from the head to the tail.

If there is an individual in this world we detest, it is one who professes friendship and by that means obtains your secrets, (political or otherwise) and then divulges them to an enemy.

EDITORIAL NOTICES are so common that it is almost impossible for an editor to express his honest opinion of the merits of any article without being suspected of interested motives. This fact, however, shall not deter us from saying what we think of a new addition to the Materia Medica to which our attention has been recently directed. We refer to Dr. J. Walker's, CALIFORNIA VENUSIAN BITTERS, a remedy which is making its way into more families just now than all the other advertised medicines put together. There seems to be no question about the potency of its tonic and alterative properties, while it possesses the great negative recommendation of containing neither alcohol nor mineral poison. That it is a specific for Indigestion, Biliousness, Constipation, and many complaints of nervous origin, we have reason to know; and we are assured on good authority that as a general invigorant, regulating and purifying medicine, it has no equal. It is stated that its ingredients, (obtained from the wilds of California,) are new to the medical world, and its extraordinary effects certainly warrant the claims made for it. Its compound of agents hitherto unknown. If popularity is any criterion, there can be no doubt of the efficacy of the VENUSIAN BITTERS, for the sale of the article is immense and continues increasing. ad-4v.

SUPPOSED INFANTICIDE.—On Monday last, a man passing through the woods on the Cameron farm, near town, observed that the ground bore the appearance of having recently been disturbed by a spade. Proceeding to investigate the matter, he unearthed a box in which lay the dead body of an infant apparently three or four days old at time of death. The body was wrapped in cloth and covered loosely with shavings. No clue exists as to the person implicated in the murder if murder it be.—Miltonian.

Jottings. It is stated that old ether is now made of sulphuric acid, sugar and lead water. An act exempting the parsonage of the First German Reformed Church, at Sunbury, from taxation, has been approved by the Legislature. It will interest those who have pug noses "growing pugger and pugger every day," to learn that a machine has been invented which will give to them the finest Roman form.

INJURED TREES.—Injured trees that have had their branches broken by winds or storms should have the damaged surface smoothly pared and covered with a coating of shellac varnish or melted grafting wax to prevent the water penetrating and causing decay. Every day brings some thing new. Razors are to be laid aside, and shaving, in the proper sense of the term, abolished, and henceforth the hirsute growth on the lip, chin and cheeks is to be removed, not with soap, brush, lather, hot water and a keen edged blade, but by simply rubbing a piece of pumice stone over the bearded parts. We have not tried it, but the Scientific American says it will do it.

A LETTER bearing the following inscription passed through the Williamsport post office one day last week: Sir, myster postmaster, Speed this to my sister, Her name, sure, is KIM Donyhoo. She's come over of late To the Dillywagoo State, With one Patrick McGivin, Her husband last fortnight or so. Her please now keep strict About the \$5 he paid me, In this same—it's a token I've well— If there's the least bit of thave, Ye'd best be believe I'll signat Myster Creaswell!

THREE OF THEM.—With the sitting up or sparring on Sunday night slipped into sweet oblivion the three first months of this leap year of love-making, when it was anticipated that the ladies, having the whip hand and the inside track, would do a flourishing business in the matrimonial line; but up to this time these expectations have scarcely been fulfilled. To be sure, they have had only three months in which to work; but still the time has been ample for a better display of results. Consummated matrimonial contracts have not increased. On the contrary, the marriage notice columns of most of our exchanges show a decided falling off from last year. Perhaps, like skillful race-riders, they are holding back for the last quarter, when they will make a desperate dash and come off victors.

AMERICAN PROMOVERS' BELL AHEAD.—W. M. Daugherty is now using marble that is superior to the Italian for monuments and grave stones. Who would ask for more dignified and striking testimonials? Hon. GEORGE W. WOODWARD, formerly Chief Justice of the Supreme Court of Pennsylvania, at present Member of Congress from Pennsylvania writes:

PHILADELPHIA, March 16th, 1867. I find "Hooiland's German Bitters" is a good tonic, useful in diseases of the digestive organs, and of great benefit in cases of debility, and want of nervous action in the system, Yours truly, GEO. W. WOODWARD.

Hooiland's German Bitters, or HOOFLAND'S GERMAN TONIC, with HOOFLAND'S PODOPHYLLIN PILLS, will cure you. They are the Greatest BLOOD PURIFIERS known to the Medical world, and will eradicate diseases arising from impure blood. Debility of the Digestive Organs, or Diseased Liver, in a shorter time than any other known remedies.

THE WHOLE SUPREME COURT OF PENNSYLVANIA SPEAK FOR THESE REMEDIES. Who would ask for more dignified and striking testimonials? Hon. GEORGE W. WOODWARD, formerly Chief Justice of the Supreme Court of Pennsylvania, at present Member of Congress from Pennsylvania writes:

PHILADELPHIA, April 28, 1867. I consider "Hooiland's German Bitters" a valuable medicine in case of attacks of indigestion or biliousness. I can certify this from my experience of it. Yours, JAMES THOMPSON.

Hon. GEORGE SHANWOLF, Justice of the Supreme Court of Pennsylvania. PHILADELPHIA, June 1, 1868. I have found by experience that "Hooiland's German Bitters" is a valuable tonic, relieving dyspeptic symptoms almost directly. GEORGE SHANWOLF.

Hon. Wm. F. Rogers, Mayor of the City of Buffalo, N. Y. Mayor's Office, Buffalo, June 23, 1866. I have used "Hooiland's German Bitters" and "Tonic" in my family during the past year, and can recommend them as an excellent tonic, invigorating tone and vigor to the system. Their use has been productive of decidedly beneficial effects. W. F. ROGERS.

Hon. James M. Wood, Ex-Mayor of Williamsport, Pa. I take great pleasure in recommending "Hooiland's German Bitters" to any one who may be afflicted with Dyspepsia. I had the dyspepsia so badly it was impossible to keep any food on my stomach, and I became so weak as not to be able to walk half a mile. The bottles effected a perfect cure. JAMES M. WOOD.

REMEMBER THAT HOOFLAND'S GERMAN BITTERS, and HOOFLAND'S GERMAN TONIC, will Cure every Case of MARASMUS, or Wasting away of the Body. REMEMBER that HOOFLAND'S GERMAN REMEDIES Are the medicines you require to purify the Blood, excite the torpid Liver, to healthy action, and to enable you to pass safely through any hardships or exposure.

DR. HOOFLAND'S PODOPHYLLIN, or substitute for Mercury Pills. Two Pills a Dose. The most Powerful, yet Innocent Cathartic known.

It is not necessary to take a handful of these Pills to produce the desired effect; two of them act quickly and powerfully, cleansing the Liver, Stomach and Bowels of all impurities. The principal ingredient is Podophyllin, or the Alcoholic Extract of Mandrake, which is by many times more powerful, acting and searching than the Mandrake itself. Its powerful action is upon the Liver, cleaning it speedily from all obstructions, with all the power of Mercury, yet free from the injurious results attached to the use of that mineral.

For all diseases, in which the use of a cathartic is indicated, these pills will give entire satisfaction in every case. They never fail. In cases of Liver Complaint, Dyspepsia and extreme constiveness, Dr. Hooiland's German Bitters or Tonic should be used in connection with the Pills. The effect of the Bitters or Tonic builds up the system. The Bitters or Tonic purifies the Blood, strengthens the Nerves, regulates the Liver, and gives strength, energy and vigor to the system.

Keep your Bowels active with the Pills, and tone up the system with Bitters or Tonic, and no disease can retain the hold, or even assail you. Recollect that it is DR. HOOFLAND'S GERMAN REMEDIES that are so universally used and highly recommended; and do not allow the Druggist to induce you to take anything else that he may say is just as good, because he makes a larger profit on it. These Remedies will be sent by Express to any locality, upon receipt of the PRINCIPAL OFFICE, at GERMAN MEDICINE STORE, 631 ARCH ST., PHILADELPHIA.

CHAS. M. EVANS, Proprietor. Formerly of M. Jackson & Co., These Remedies are for Sale by Druggists, Apothecaries, and Medicine Dealers every where.

AN APPEAL To Debilitated Persons, To Dyspeptics, To Sufferers from Liver Complaint, To those having no Appetite, To those with Broken Down Constitutions, To Nervous People, To Children Wasting Away, To any with Debilitated Digestive Organs, Or suffering with any of the following symptoms, which indicate Disordered Liver Stomach, such as Constipation, inward Piles, Fullness or Bloating of the Stomach, Headache, Heartburn, Digest for Food, Fatness or Weakness in the Stomach, Nausea, Fluttering at the Pit of the Stomach, Swelling of the Head, Hiccough, Distention of the Head, Deficient Supply of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden flushes of Heat, Burning in the Face, Constant Imaginations of Evil, and Great Depression of Spirits.

Hooiland's German Bitters. A Bitters without Alcohol or Spirits of any kind. It is different from all others. It is composed of the pure Juices of VITAL PRINCIPLES OF ROOTS, HERBS AND BARKS, for an medicinal termed EXTRACT OF THE WORTON OF S. H. HOOILAND'S GERMAN BITTERS are grown in Germany, their vital principles extracted in that country by a scientific Chemist, and forwarded to the manufactory in this country, where they are compounded and bottled. Containing no spirituous ingredients, this Bitters is free from the objections urged against all others: no desire for stimulants can be induced from the use of these most medicinal and healthful, and cannot, under any circumstances, have any but a beneficial effect.

HOOFLAND'S GERMAN TONIC. Was compounded for those not inclined to extreme religious and moral. Rev. A. B. Erie writes for me in cases when some alcoholic stimulant is required in connection with the tonic properties of the Bitters. Each bottle of the Tonic contains one bottle of the Bitters combined with the medicinal virtues of the Bitters. The price of the Tonic is \$1.50 per Bottle, which many persons think too high. They must take into consideration that the Tonic used is guaranteed to be of the highest quality. A poor article could be furnished at a cheaper price, but it is not better to pay a little more and have a good article. A medicinal preparation should contain more than the best ingredients; and they who expect to obtain a cheap compound, and be benefited by it will most certainly be cheated.
