Our Democratic friends in this county must be getting hard up for material in their ranks for candidates to represent the people of this county in our State Legislature, judging from those who are seeking nominations. It looks as though the material had given out, and that they were compelled to import from other districts to keep up appearances. The candidates are well scattered, however, and the nomination will show what county, in the estimation of the leaders, produces the fittest candidates. Among those now presented for nomination we find one from Snyder county, one from Lebanon county, one from Butler county, and last but not least, an editor, who we understand, left Lancaster county, where the Republicans happen to have the majority, and where he could not even get his nose into an office, who now expects the Democracy of Northumberland county to bow down to him and do him homage. Whether he intends to build an addition to Sunbury or not, on his retirement from public life, we are not yet advised.

A notorious character by name of John Williams attempted to assassinate Hiram Miller, a respectable citizen of Millersburg, Dauphin county, on Saturday last. It appears there was a dispute as to the burial place of Williams' father who was lying in a coffin. Williams attacked Miller on the street and struck him in the head with a stone, inflicting a serious wound and then fled.

The Reading Times says that there are thousands of Democrats in Berks county who will not vote for Greeley. And this is the feeling everywhere. Honest Democrats don't want to be sold like sheep.

OPENING CAMPAIGN BY THE WOOLEN DEMOCRACY.—The opening of the campaign of the Greely or woolly-head Democracy, took place at a meeting in the Court House in this place, on Monday evening last. The speakers were Hon. Charles R. Buckalew, candidate for Governor, Hon. Hendrick B. Wright, candidate at large, for Congress, and John Campbell, of Philadelphia, candidate for the Lunatic Asylum, if he makes many more such mental efforts which characterized what, no doubt, he intended as a speech.

The house was well filled, though not crowded, perhaps, two-thirds being Republicans not one of whom will vote the mongrel ticket. When we say that the efforts of the speakers fell far short of the expectations of the hearers, we assert a simple truth that no candid person present can deny. Mr. Buckalew's speech was very short, and fell cold and lifeless upon the ears of his hearers. His theme was a mere recital of what he did as State Senator in passing three or four proposed amendments to the Constitution, to be voted on this fall in regard to the State Treasurer and the public debt. He referred also to General Hartman, and attempted to connect him with the Evans fraud and Ring, but adduced no proof whatever. He neglected, however, to mention that while Gen. Hartman was gallantly fighting the rebels, he himself was at the Clifton House in Canada, closeted with Thompson, Clay and Holcombe, giving those rebel incendiaries advice and consolation.

Mr. Wright's effort was a labored one in attempting to excuse, if not justify, the Democracy in selling out their seven principles to the serfdom of the Republican party. He took special pains to impress upon the meeting the fact that he had never sympathized with the rebels in their efforts to destroy the Union, whatever his party might have done. He confessed that swallowing Greeley whom he had despised for thirty years, was an awful effort, but consoled himself that after all he only swallowed the Greeley platform of principles. Now when we take into consideration the fact that Mr. Sumner himself declares that the Grant and Greeley platform are substantially the same, the confession must be rather humiliating. What the object was in introducing John Campbell from Philadelphia, is a mystery we cannot fathom. John, who is a raw and an uneducated Irishman, though he denials in second-hand law books, has not even the mother wit common to his race, to compensate for the barrenness of his ideas, and his incoherent utterances, accompanied by grimaces and gestures that would have been ludicrous had they been less ridiculous. It was John's misfortune that he had not the capacity to comprehend the Grant platform, which was metaphysical and incomprehensible, while the Greeley platform was perfectly plain. Yet Mr. Sumner and the authors of the Greeley platform contend that both platforms are Republican, and omitting the one term principle, in all respects alike. Such are the incongruities and the inconsistencies of men who become reckless and abandon all principle, and whose only guiding star is that of self-interest. It is only a few days since that he swallowed Greeley, not his principles, in order to beat Grant, while Mr. Wright and others, assert they have swallowed, not Greeley, but his platform of principles. Alas! has the once powerful Democratic party come to this? With no platform, no fixed principles in name or substance, floating in the open sea without sail or rudder, and without a pilot to save them from being shipwrecked and engulfed to rise no more, except an old abolitionist whom they have hated and denounced for the last thirty years, to whom they now cry to save them lest they sink forever.

BUCKALEW IN CANADA.—What was Buckalew doing in Canada during the rebellion in consultation with Holcombe, Clay, Thompson and others? This is a question which many Democrats would have like to have had explained at the meeting in the Court House, on Monday evening last, but were deprived of that pleasure. Not a word was said about the visit to Canada or what he was doing there. It is well known however, that Thompson, Clay and Holcombe were at the Clifton House, Niagara Falls, with a million dollars in gold to pay incendiaries to burn the cities of the North, and destroy the steamboats owned largely by Mr. Buckalew's constituency in western Pennsylvania, and inciting the "Sons of Liberty" to rise in insurrection against the draft. Mr. Thompson reports to the Secretary of State of the Confederacy that "a daring attempt had been made to burn New York," and that "a great destruction of steamers at St. Louis was caused" through the act of a man to whom he paid money for this dastardly act. Mr. Holcombe reports also, to Benjamin, that he met Charles R. Buckalew in Canada, and that in the efforts made by himself, and conspirators, to "put themselves in communication with the leading spirits" of disloyalty, insurrection and incendiarism in the North, they were successful.

Mr. Thompson, discussing the contemplated insurrection in the North through the "Sons of Liberty" led by their "master spirits," says: "I was received among them with cordiality. * * * Its organization was essentially military; it had its commanders of divisions, of brigades, of regiments and of companies. * * * The 20th of July (1863) was fixed as the day for a movement. * * * It was necessary to have series of public meetings to prepare the public mind; and the first one was at Peoria, and to make it a success, I agreed that so much money as was necessary would be furnished by me! The vast multitudes who attended seemed to be swayed but by one idea—Peace." * * *

The property of Pennsylvanians had been burned at St. Louis. A ruffian had gold in his pocket to burn more boats at Cincinnati. A daring attempt had been made to burn New York. Another wretch had money to introduce loathsome diseases into Northern cities. Others had more to burn them in the stillness of midnight, giving the aged and the helpless to the flames. Thompson, Clay and Holcombe were in

Canada inciting those ruffians, paying them and hiring them to blood. And they were there for those objects alone! We ask Charles R. Buckalew, "What was your business with those wretches intent on the destruction of your constituents and their property?"

THE NORTH CAROLINA ELECTION.—At the last election for Governor in North Carolina, which took place two years ago, the Democrats carried the State by about 5000 majority. Another election took place on Thursday, the 1st inst., and assurances were given the public that the majority would be increased to at least 10,000. As the first despatches sent were greatly exaggerated, the Democrats and sore heads hereabouts felt quite jubilant at such good result, but it appears their friends in that State had overdone the matter in guessing at the final result and as the returns came in shouted vociferously over their supposed triumph. As the official returns come in they indicate that the Democratic majority has not only been overcome, but that about 1500 has been rolled up on the other sides for Caldwell, the Republican candidate.

We give below the latest despatches: RALEIGH, Aug. 7.—The official and positive returns are pretty well in. The western counties having been heard from, except Ashe and Yancy. Caldwell is elected by about one thousand majority. The Democrats claim that there have been great frauds, and it is thought that the matter will be brought before the Legislature to-morrow night. Excitement subsided, and the Democrats receive the news of defeat quietly.

RALEIGH, Aug. 7.—The following telegram has been received from the Republican State Committee: "We have carried the State beyond the shadow of a doubt. The Democrats all give up the fight. J. H. WARWICK, WASHINGTON, Aug. 7. The following dispatch was received at the White House this morning: "RALEIGH, N. C., Aug. 7. 'To the President: North Carolina has elected the entire Republican State ticket by majorities ranging from 1,500 to 2,000. [Signed] 'THOMAS SETTLE.'"

GEN. JOHN F. HARTMAN'S management of the State finances, as Auditor-General, has kept all State securities at a premium. He has collected more outstanding taxes, and paid more of the State debt, than any Auditor-General since the office was made elective. The result of which is to put the credit of the Commonwealth at a premium. The charges made against him in certain newspapers claiming to be Republican, are without the shadow of foundation, and these papers know them to be so; but they are made to mislead for personal ends.

examined the Globe, the Democratic members on seventeen different occasions resisted the passage of the civil rights bill by the parliamentary process known as filibustering. They would not even allow it to come to a vote. Two intelligent colored members from South Carolina, Elliot and Rainey, begged of the Democratic side of the House to merely allow the Civil Rights bill to be voted on, and they were answered with a denial so absolute that it amounted to a scornful jeer of the rights of the colored man. And now you lend your voice and influence to the defeat of these Democratic members who are co-operating with you in the support of Mr. Greeley. Do you not know, Mr. Sumner, and will you not as a candid man acknowledge that with these men in power in Congress, the rights of the colored man are not so much as they are so far as those rights depend on Federal legislation?

Still further: the rights of the colored men in this country are secured, if secured at all, by the three great constitutional amendments, the 13th, 14th, and 15th. To these amendments, the only effect of legislation by Congress imperatively required, as you have so often and so eloquently demonstrated. But the Democratic party are on record in the most conspicuous manner against any legislation on the subject. It was only in the month of February last that my colleague, Mr. Peters, offered a resolution in the House of Representatives, affirming the "validity of the constitutional amendments and of such reasonable legislation of Congress it may be necessary to make them in their letter and spirit, most effectually secured, as they are, by the amendments, as you will see—was adopted by 124 yeas to 58 nays; only eight of the yeas were Democrats; all the nays were Democrats.

The resolution of Mr. Peters was followed, a week later, by one offered by Mr. Simmon, of Ohio, following: Resolved, That we recognize as valid and binding, all existing laws passed by Congress for the enforcement of the Thirteenth, Fourteenth and Fifteenth amendments of the Constitution of the United States, and for the protection of citizens in their rights under the Constitution, as amended. On the vote upon this resolution there were 107 yeas to 65 nays. All the yeas were Republicans, and they are now unanimous in support of President Grant. All the nays were Democrats, who are now equally unanimous in support of Mr. Greeley.

When, therefore, you point out to the colored man that their rights will be safe in the hands of the Democratic party, you delude and mislead them—I do not say willfully, but none the less really. The small handful of Republicans—compared with the whole of the white man with yourself and Mr. Greeley in going over to the Democratic party, cannot even let you lump of political unsoundness even if you preserve your own original principles in the contact. The administration of Mr. Greeley, therefore, should be elected, would be a disaster to the colored man, and you would be compelled to go with the current or repent and turn back when too late to mend the evil you had done. Your argument that Horace Greeley does not become a Democrat by receiving Democratic votes—illustrating it by the analogy of a marble cutter, and having been solicited by numerous friends for the office of Sheriff, and solicited the suffrages of the colored man, if elected I shall endeavor to perform the duties of the office impartially and to the best of my ability.

Having been urged by the voters of the lower end of the County, I have consented to become a candidate for the office of COUNTY COMMISSIONER, subject to the decision of the Republican County Convention, should I receive the nomination and be elected, I will endeavor to fill the office impartially and to the best of my ability. JUDGE BLACK'S OPINION OF GREELEY.—The Hon. Judge Black writes to the York Gazette: "There are many thousands of men in the party who will refuse to be dragged or bullied into the support of the ticket. The Greeley men had better suspend their plan of operation immediately. The longer they continue it, the less likely they are to succeed in July or November. 'We, the people,' the rank and file, the yeomanry of the country, cannot be driven to the polls as negroes are driven in the South by the carpet-baggers and scalawags."

A COUPLE of up-river young men, says the Lewisburg Chronicle, whose father, on his death-bed, bequeathed thousands of dollars, a number of years ago, recently purchased a broken tombstone for a few dollars, to erect over said deceased parent's grave, as a token of their deep and hearty gratitude. Who wouldn't be willing to die if surrounded by a family of such ungrateful, half-developed Darwinians? To which we add the question: Isn't it cheering to risk bodily health and the soul's salvation to make money for such children?

"Of all the prominent men in the country," says shrewd old Jere Black, Horace Greeley is the only one who lacks every single qualification for the Presidency. "The New York Times is confident that New York State will give a larger majority for the Republicans next fall than she has done for many a year past.

THE Oil City Bulletin, always a strong Democratic paper, cannot go Greeley, and comes out fair and square for Grant. Of the late emulations, the Bulletin thinks Grant the best fitted for the office, and this is what tens of thousands of honest Democrats also think.

THE Scranton Republican, which has heretofore opposed Hartman and Allen, on the Republican State Ticket, has withdrawn its opposition, and now gives the whole ticket a cordial support.

NOW is the time to destroy weeds. Burdock, milkweed, thistle, and every rank growing plant should be cut down and burned before the seeds ripen.

ALL the year round, Sheridan's Cavalry Condition Powders should be given to horses that are "kept up." To horses and cattle that graze in summer they should only be given in winter and spring.

Officers and soldiers who served in the army, physicians, surgeons, an eminent means, and women everywhere, join in recommending Johnson's Anodyne Liniment to be the best internal and external family medicine ever invented. That's our experience.

THE GREAT SOUTHERN AMERICAN JURUBERA BLOOD PURIFIER. It is not a physic when may give temporary relief to the sufferer for the first few doses, but which, from continued use, brings Piles and kindred diseases to their source, and cures them. It is a doctor's friend, which, under the popular name of "Bitters," is so extensively palmed off on the public, is a powerful remedy, but it is a most powerful Tonic and Blood Purifier, pronounced so by the leading medical authorities of London and Paris, and has been long used by the regular physicians of other countries with wonderful medicinal results. DR. WELLS' EXTRACT OF JURUBERA restores all the medical virtues peculiar to the plant and must be taken as a permanent curative agent. Is there want of action in your Liver & Spleen? Unless relieved at once, the blood becomes impure by deranged secretions, producing scrofulous skin diseases, Blisters, Pustules, Cancer, Flegm, &c.
