WISHART'S PINE TREE TAR CORDIAL. NATURES GREAT REMEDY FOR THE

THROAT AND LUNGS.

It is gratifying to us to inform the public that Dr. L. Q. C. Wishart's Pine Tree Tar Cordial, for Throat and Lung Diseases, has gained an enviable reputation from the Atlantic to the Pacifie coast, and from thence to some of the first families of Europe, not through the press alone, but by persons throughout the States actually benefitted and cured at his office. While he publishes less, so say our reporters, he is unable to supply the demand. It gains and holds its repu-

First. Not by stopping cough, but by loosening and assisting nature to throw off the unhealthy matter collected about the throat and propehlal tudes, which causes irritation.

Second. It removes the cause of irritation (which produces cough) of the mucaous membrane and bronchial tubes, assists the lungs to act and throw off the unbealthy secretions, and purifies the blood.

Third. It is free from squills, lobella, ipeens and opium, of which most throat and lung remedies are composed, which allay cough only, and disorganize the stomach. It has a soothing effect on the stomach, acts on the liver and kidneys, and lymphatic and nervous regions, thus reaching to every part of the system, and in its invigorating and purifying effects it has gained a reputation which it must hold above all others in

and Herbal Juice, Anti-Billous Granules. THE "LITTLE GIANT" CATHARTIC, or Multum In Parvo

The novelty of modern Medical, Chemical and Phaymaccentical Science. No use of any longer taking the large, repulsive and neareons pills, composed of cheap, crude, and bulky ingredients, when we can by a careful application of chemical science, extract all the cathartic and other medicinal properties from the most valuable roots and herbs, and concentrate them into a minnte Granule, scarcely larger than a mustard seed, that can be readily swallowed by those of the most sensitive stomachs and fasticione tastes. Each little Purgative Pellet represents, in a most concentrated form, as much cathartic power as is embodied in any of the large pills found for sale in the drug shops. From their wooderful cathartic power, in proportion to their size, people who have not tried them are apt to suppose that they are harsh or drastic in effect, but such is not at all the case, the different active medicinal principles of which they are composed being so harmonized and modified, one by the others, as to produce a most scarching and thorous h, yet gently and kindly operating cathartic.
