SEWING MACHINES AND COTTAGE ORGANS. Miss Caroline Dallas is the agent for the sale of the best Sewing Machines in existence, viz: 'The Improved Grover & Baker,' and 'Domestic,' which are constantly kept on hand.

THE IMPROVED GROVER & BAKER SEWING MACHINE.—These celebrated machines are offered at the most reasonable rate.

HOUSE AND LOT FOR SALE.—A new house and lot, located on Spruce street, Sunbury, is offered for sale on easy terms.

THE WINE MADE AT THE VINEYARD OF GEO. B. FOUNGMAN, near Sunbury, and now being sold by him, can not be excelled for purity, excellence and cheapness.

THE BEST PLACE TO INVEST MONEY PROFITABLY is at the Excelsior Boat & Shoe Store of Wm. H. Miller.

A FINE LOCKED LOT FOR SALE.—A fine building lot located in Calk's Addition, near the P. & E. Railroad station, is offered for sale on reasonable terms.

A VERY LARGE ASSORTMENT of Spring and Summer hats of every style and quality, are now offered for sale at S. Faxon's hat store, on Market street.

PIANOS AND ORGANS.—David Reimer, agent for the sale of G. & Co.'s Baltimore Pianos, receives orders constantly.

OUR DEMOCRATIC NEIGHBORS IN TROUBLE.—We regret to notice that both our neighbors of the Democratic Guard and the Democrat have experienced considerable of the roughness of the winter during the past week.

PATENT GRANTED.—We find the following notice in the list of patents granted by the Commissioner of Patents in Washington, last week: CHAIN MACHINE.—George W. Binns, Sunbury, application filed February 10, 1873.

FILLING UP.—We notice that D. A. Finney, the popular caterer in the Dry Goods and Grocery lines, is filling up his store on Market street with a magnificent assortment of Dry Goods, Groceries, Notions in great variety, and all kinds of goods, generally of the latest spring styles.

OUR LADY READERS will have the benefit of a new exhibition of most beautiful Millinery goods selected from the leading houses of New York and Philadelphia, by calling at the Millinery store of Miss Lou Shuster, on Market street.

GOOD NEWS FOR THE AFFLICTED.—The unfortunate victims of high heels, Boots and Shoes, will, no doubt, be glad to learn that the tyrant heel, has at last relaxed his cruel decree, and that ladies and gentlemen will be permitted to dispense with high heels, that fruitful source of sores and bunions.

THE LATE FROST has done no injury in this place. The embankments are sufficient to protect us from any floods, but it would be well enough to keep an eye upon them, and to make them perfectly secure, and if necessary, rip rap them.

TOBACCO BROWNS.—Those who love the "weed," are reminded that Lewis Haupt in Miller's block, keeps on hand every brand of Tobacco, and cigars. His stock is large and varied. He keeps the very best that can be found in market.

RAILS OF LOGS.—That portion of the logs caught between the Sunbury boom and the Shamokin dam, were sold at public sale at the Central Hotel on Monday last by the Lumberman's Exchange, to Mr. Otto of Williamsport, who afterwards sold to Ira T. Clement of this place. The pile brought \$13 25, and the hank \$6 25 per thousand feet as they lay in the river. Expenses paid by the purchaser. Those caught below the Shamokin dam to Green's dam, were purchased by Messrs. Freck & Co., of Millersburg at \$13 for pile, and \$6 25 for hank. The sale of those below Green's dam was postponed, and took place at Harrisburg next day. Terms \$1000 down on the first lot, and the balance in two payments. On the second and largest lot bought by Messrs. Freck & Co., \$4,000 down, and balance in 90 and 120 days.

THE NEW POST OFFICE BUILDING.—Through the politeness of postmaster Smith we were enabled to examine the design or plan for the interior of the new post office, now building at this place. This design was executed by the Yale Lock Manufacturing Company, of Stamford Connecticut. When finished according to the plan, the interior will not only be convenient but ornamental in its structure. The building is of brick, two stories in height, twenty-one feet front, by forty-three in depth. The general delivery is in front four feet in width. The delivery cases on each side extend back at an angle about eight feet, from whence the interior space is continued 19 feet back, 6 feet seven inches wide, with boxes on each side. The space between the boxes and the walls on each side, is six feet. At the end of the boxes on the left, is the money order desk. On each side, in the center, is a box delivery, besides the general delivery in front. The number of boxes is 888, namely, 600 case boxes, 280 lock boxes, and 88 lock drawers. These boxes are the patent metallic Yale boxes gilt. The wood work is pine stained with walnut. The space from the entrance door to the general delivery is 19 feet. The entrance to the post office is on the right. The delivery cases on the angle are covered with stained glass.

TOBACCO BROWNS.—Every tobacco chewer is considered a beggar of the "weed," and most generally they are found liberal in supplying their neighbor's wants when applied to. There are but few, however, who know that in following the practice of begging and giving that they subject themselves to a penalty of the law. The United States Internal Revenue law allows no person or persons to sell or dispose of tobacco in any form, no matter how small or great the bulk, without first paying a license fee of five dollars. This may be reduced to a penny, if the person who indulges to a great extent in begging tobacco, with whom we would be pleased if they were to secure a license for us or quit begging.

HON. ISAAC SLEETER, died at his residence in New Berlin, Union county, on Thursday night of last week.

COMING DELIGHTS.—house cleaning, moving, green leaves, strawberries and cream, cholera morbus, plagues, 145 degrees in the shade, excursions, and summer complaints generally.

SOMEbody says: "People who imagine there is no cotton raised in the North are mistaken. There are thousands of women who raise a pound or so of cotton every time they draw a breath."

NEW FOUNDRY.—The erection of a car wheel foundry, was commenced on Wednesday last in Calk's addition to Sunbury, by Messrs. Wolterton, Witmer and Thatcher. The building will be 105 by 40 feet, and is expected to be ready for operation in about two months. It is also contemplated by the firm to add a car shop for the building of cars, when a large number of hands will be employed. We wish the firm success in their new enterprise.

THEIR estimated cost of the old Court House according to an old paper filed among the records, signed by John Weitzel, Wm. Gray, and Alexander Hunter, Trustees, dated Sunbury, Sept. 14, 1766, and published in the Daily, was \$21,129-10 3/4. The editor says he was somewhat nonplussed with the totals, until a friend informed him that an American pound was 2 shillings 6 pence, or \$2 00 1/2. In New York \$ shillings or \$2 50, and in the New England States and Virginia the pound was \$3,25.

Perhaps one of the very worst street crossings in the town, is the one at the railroad on Third and Walnut streets. No attention has been given to it for several years past. As the street commissioners have had no occasion to make repairs in Walnut street for several years, the citizens in that vicinity think they are entitled to a crossing, so they no longer wade through mud and water when crossing the railroad.

I. O. O. F.—Em' Wilwert has been re-elected to the office of District Deputy Grand Patriarch, for the Encampment branch of I. O. O. F., for Northumberland county.

Remaining in the Postoffice at Sunbury, April 23: Miss Elizabeth Auzana, Gustus Bower, Miss Christian Bickler, Mrs. Anna McClure, John D. Chevalier (2) Mrs. Rachel Cammel, Mrs. Hannah Wright, N. C. Dean (2), Mrs. Sarah S. Doran, Dnas. Friak, Mrs. M. B. Graves, Miss Emma Graham, Miss Josephine Hollenback, Miss Jennie Hoover, Miss Mary C. Hardeine, Mrs. Julia C. Hoarman, Miss Mary Hoarman, Samuel Langs, Wm. J. Martz, Miss Ella Marcu.

Persons calling for advertised letters will please say they are advertised. J. J. SMITH, P. M.

We have received specimen pages of "Behind the Scene in Washington." Being a complete and graphic account of the Credit Mobilier Investigation, the congressional bribery, political intrigues, working of the lobbies, etc. Giving the secret history of our national government, in all its various branches, and showing how the public money is squandered, how votes are obtained and with sketches of the leading Senators, Congressmen, Government Officials, etc., and an accurate description of the splendid public buildings of the federal capital. By Edward Winslow Martineau, author of "Secrets of the Great City," etc., etc. Illustrated with numerous fine engravings of the public buildings and noted scenes in Washington.

This work will soon be issued by the National Publishing Co., Philadelphia. It will be a valuable volume in every library. Agents are wanted.

"NETA" was admirably performed during several evenings of last week, in the Opera House of this place, by Mr. J. W. Lewis, and Miss Kate Foster, assisted by some young men and ladies of this place. Those who did not patronize the entertainment of our friends, for whose benefit the performances were given, missed a rich treat. The "boys" of the Steam Fire Engine Company were highly pleased with the dignified manner in which the performances were conducted by Mr. Lewis & Miss Foster, as will be seen by the annexed resolutions, passed at their last meeting.

At a meeting of the Sunbury Steam Fire Engine Co., No. 1, the following resolutions were adopted: WHEREAS, We have just passed through a successful season with the military drama, "Neta, the Vivandiere; or the Pride of the Regiment"—having given the people of our town a very fine entertainment, a fact greatly due to the successful management of Mr. J. Warren Lewis, and Miss Kate Foster, therefore be it

Resolved, That we tender to them our hearty congratulations, and warmest thanks for the fine manner in which they placed the drama before the public of our town, proving themselves to be successful managers, and accomplished actors, whose we can cordially recommend to the public, assuring all who may be fortunate enough to secure their services, that they will find them all they could desire.

Resolved, That a copy of these resolutions be presented them with the kind regards and best wishes of Sunbury Steam Fire Company, No. 1. J. M. CADWALLADER, Pres't.

AGRICULTURAL.—In pursuance to a call, made on April the 7th, the officers and members of the Union Park and Agricultural Association met at the Court House, on Saturday, April 13th, for the proper distribution and prompt execution of the work of the Association. The following committees were appointed: Committee on Charter, Constitution and By-Laws—Solomon Malick, Jas. K. Davis, Jr., J. M. Bartholomew, Christian Neff and James Vandeyke. Committee on Printing—Ed. Malick, Isaac Campbell, P. H. Moore, E. Wilwert and J. E. Eichholtz. Committee on Premium List—Jacob M. Follmer, Isaac Campbell, Edward Grady, Augustus Wald and Geo. B. Cadwallader. Committee on Charge of Grounds and Property—Thomas G. Cooper, John Smith and Henry K. Fagely. The Committee on Charter, &c., reported, and presented a Constitution, which was read, amended and adopted by sections. Meeting adjourned to meet at the Court House on Tuesday, May 13th, at 1 o'clock. SOL. MALICK, Pres't.

P. H. MOORE, Sec'y.

It will be seen by the above proceedings that the Agricultural Association mean business, and intend to make the Fair at this place a grand success. Sixty-nine persons have already taken one share each, and many of whom intend duplicating their shares. This is an evidence that those who have invested feel a lively interest in the matter, and will push to make it a grand success. A place so advantageously located as Sunbury—the terminus of five railroads—cannot help but operate favorably in making it a first class fair next fall, and a paying institution to the stockholders.

MONUMENT ASSOCIATION.—The following are the proceedings of the several recent meetings of the Executive Committee of the Monument Association: P. H. Moore, Chairman of Committee on foundation, reported that he had entered into a contract with Ira T. Clement for the construction of the monument, and lay the same in a good, substantial and workmanlike manner for five dollars per perch. On motion, the contract was confirmed. On motion, the sub-committee on foundation were instructed to proceed with the construction of the same as soon as the weather will permit. Owing to the removal of Chas. J. Fox from the county, his place as a member of the Committee was declared vacant. Jared C. Irwin was unanimously elected to fill the vacancy occasioned by the removal of Chas. J. Fox. The executed bond of the Treasurer was submitted, and, on motion approved. An estimate bill for one hundred dollars for material furnished was presented by Ira T. Clement, and, on motion, an order for eighty dollars was granted. The resignation of Samuel H. Knowles as a member of the Committee was received, and, on motion, accepted. Solomon Malick, Esq., was unanimously elected to fill the vacancy occasioned by the resignation of Samuel H. Knowles. On motion, a committee of three were appointed to procure a charter. Committee, G. B. Cadwallader, A. N. Brice and L. H. Kase. On motion, it was resolved: That for the purpose of securing the proper observance of Decoration Day, the committee instruct the Secretary to extend an invitation to all the orders and organizations in this place and vicinity to participate in the exercises of the day. On motion, A. N. Brice and L. M. Yoder were appointed a committee to wait on Hon. John H. Packer and invite him to deliver an address on Decoration Day. On motion it was resolved, That a committee of three be appointed to enlist the sympathy and co-operation of the common schools and Sunday schools of the county in the accomplishment of the object of the Association. Committee—Gen. Clement, Solomon Malick and L. M. Yoder. On motion it was resolved, That a committee of three be appointed to engage the services of Prof. Steck to deliver a lecture on the subject—"Horace Greeley, a Moral Hero," in the Court House, on Saturday evening, April 25th, for the benefit of the Association. Committee—Gen. Clement, A. N. Brice and J. J. Smith. On motion, the regular meetings of the Committee were fixed for the first Wednesday evening of each month. J. J. SMITH, President. HERBET PAINTER, Secretary.

TO THE PROPERTY HOLDERS OF SUNBURY.—While all admit the importance of a well organized, and well supported fire department, all do not seem to be willing to give their aid in its support. Last week the young men composing our steam fire company, gave a number of entertainments for the purpose of raising means to purchase hats, a necessity that has not yet been supplied them, notwithstanding the company has been in existence several years. Great expectations were entertained by the members of the company, but the house was so sparsely attended that the expenses attending such entertainments were barely paid, and at their close on Saturday evening last, the cash on hand of \$7 00 over and above expenses, were realized. Previous to getting our steamer, we had a miserable organization, and sometimes none at all. For the reason that being a fireman is not only attended with hard labor, but with great expense, and even hazard of life. Our present company, influenced by the fine and costly apparatus they hold in their possession, manifest the greatest zeal in their efforts to render it an efficient organization, although most of them do not own a dollar's worth of property in the place, and why they should be compelled to bear for means to supply themselves with anything that may add to their comfort or protection, or to place the organization on a proper footing, we cannot see. They have no interest in stake, or at least most of them have not; and if they all had we cannot see why they should protect the town against fire with their own bodily exertions and pay expenses too. The position of fireman is laborious and hazardous, and the inducements presented by the occurrence to which we make reference, are that it is thankless. OBSERVER.
