SEWING MACHINES AND COTTAGE ORGANS.—Miss Caroline Deane is the agent for the sale of the best Sewing Machines in existence, viz: The Improved Grover & Baker's, and "Domestic," which are constantly kept on hand, and sold at reasonable prices. She is also agent for the sale of the celebrated "Silver Tongue Organs," and the "Bay State Organs," and for the sale of the French & Pope Kitting Machines. Call and inquire at No. 22, 7th St., east of the railroad.

THE IMPROVED GROVER & BAKER SEWING MACHINE.—These celebrated machines are offered at the most reasonable rate. For particulars apply to D. G. KETZ, Agent, Feb. 22, 7th St., Upper Academy townships.

Second hand Pianos for sale or rent at reasonable rates.—Inquire at this office.

Don't pay two prices when you can get goods at a small profit. At D. A. Flannery's store, Market street, but one price prevails, and goods of the best quality can be purchased at astonishingly low prices. He has the finest variety of every variety of Dry Goods, Dress Goods, Groceries, Notions, Boots and Shoes, and Jewels. The assortment is complete, being selected with the greatest care. No charges are made to show goods—in fact it is a pleasure to Mr. Flannery to show what a handsome stock he has on hand. Ladies and gentlemen are invited to call and make a full examination before buying elsewhere.

Wm. H. MILLER, of the Excelsior Boot & Shoe Store, is astonishing everybody with his low prices. He keeps the best manufactured. His stock consists of the largest variety in central Pennsylvania. Trunks and Valises of all sizes, are for sale at his store.

J. F. SCHIFFER, well known as a furnisher of elegantly fitting suits, takes the lead in merchant tailoring. His stock of cloths and customers are not to be excelled anywhere. The work made up at his shop is all substantial, and warranted to give satisfaction.

Local Affairs.

All boys found engaged in defacing or injuring the school buildings, will be promptly arrested by the directors and punished.

Accident.—Andrew Newberry, an employee on the P. & E. railroad, was severely injured while engaged in repairing cars in the upper yard, on Monday last. His face and head were severely bruised by a car falling on him. Dr. Martin was called, who dressed the wound.

We were informed last week as to the appointment of Mr. D. Drueckmiller, as a policeman. Mr. Smith' Clp received the appointment and is now on duty.

A NEW, two-story double frame house is being completed on Penn street, near Third, by Val. Deitz. It is a fine improvement.

This handsome private residence of Col. T. H. Purdy, on the Town Hill, is being rapidly finished. It is a handsome structure, and adds greatly to the improvements made in that part of the town.

A MEETING of the Good Intent Fire Company will be held on Tuesday evening next, at their new engine house. All the members are requested to attend. Action will be taken for a parade during the fair at this place, and every member is expected to be there.

SIXTY good policemen have been appointed, our town is exceedingly quiet. The "drunks" are rapidly subsiding, as they are "pulled" just as soon as discovered, and sent to the lock-up to meditate on a reformation.

MELONS AND CABBAGES.—Our lands were made happy on Friday last, by our neighbor, S. Byerly, who rolled into our office two mammoth cabbages. Mr. Byerly purchased a melon patch in Chiquaque township. He is furnishing our citizens with the finest melons fresh from the vines.

ROBERT ADAMS, an engineer on the P. & E. railroad, had one of his arms severely injured on Thursday of last week while oiling his engine at Watsonstown.

FORGEMAN.—H. S. Mair, an Ashland lawyer, has been bound over to appear at the Potsville court, on a charge of forging a note on the Ashland Savings Bank for \$200.

DROWNED.—On Wednesday last, a child of Wm. Seiner, living back of Turbotville, was drowned in a bucket of water. It was about one year old, says the Watsonstown Record.

The public schools opened at this place, on Monday last. Prof. Schneider, Principal of the High School, and Borough Superintendent, was busy during the week in regulating the different grades. Prof. S. has his heart in the profession of teaching, and understands it thoroughly. He will open the High School on Monday next, and as heretofore, will no doubt, give entire satisfaction. Sunbury has now excellent schools, and first class teachers.

The Ordinance passed to divide the market makes the salary of the market clerk dependent on collections upon those attending the markets. This is doubtful policy in our opinion.

We are indebted to Mr. Chas. Herrick, of Lower Augusta, for an apple which he says was sound until within a few days. It is, however, no uncommon thing to keep some kinds of apples, for 12 or 15 months.

SIGN BOARDS, with the names of the streets, have been put up at the different corners of the borough. In this matter our City Fathers have acted as they frequently do, without due reflection or good judgment. They seem to profit but little by experience. In the first placards names should be painted on the street lamps, wherever there are such lamps, and the names of the two streets at the corners on one lamp is sufficient. Sign boards at opposite corners are superfluous. This is the plan now universally adopted in all cities and towns of progress, and for the best of reasons, as the names can be read in the darkest of nights on the lamps, where they cannot otherwise be distinguished. The boards would have looked better had at least an inch of something been left at the tops. As it is, they have something of a bob-tail appearance. Another mistake was made in not putting them up high enough. An agile six footer might kick them off their moorings, or light his match on them in some places. We have previously likened our Borough to a good natured goose that submits to be plucked by all without ever squeaking. But it may be said what is to be done about it? It may be said what is to be done about it?

THE Premium List of the Union Park Association, has been omitted in this issue on account of want of room. The premiums offered will be most liberal, and will give those in adjoining counties a fine opportunity to compete with those in our county. Every effort is being made by the managers to make the fair the largest ever held in the State.

OUR neighbor of the Democrat is supposed to have increased 300 lbs in weight, lately, from the effects of eating watermelons and citrons, and "still he is not happy."

P. T. BARNUM'S MUSEUM, MENAGERIE AND WORLD'S FAIR.—At last the announcement is made that the great showman and his incomparable show is to visit Sunbury. The entire vast and colossal exhibition now on its homeward march, will exhibit in this place, on the 19th of this month, and we have no doubt but what twenty thousand people will be on hand on that day, to see and be seen.

We find in the rehabilitation and reequipping of his last new venture, Mr. Barnum has displayed more than his usual enterprise, for in less than six months from the time of the disastrous fire which consumed his Great Show on the 34th day of December last, in New York, we find him on the road again with a new combination of attractions every where conceded to be three times larger than ever.

The earth has been searched for novelties and attractions, and Mr. Barnum to-day has the satisfaction of knowing that he has the greatest traveling exhibition now known, and that the thousands who daily crowd his tents go away satisfied that they seen the biggest thing out. The great street procession, three miles long, usually takes place early in the morning of the day of exhibition, and we advise our country friends who wish to witness it to be on hand early in the morning of that day.

Mr. Wm. ENGLISH is about completing the fourth double house on his lot, on the corner of Front and Church streets. Mr. English has done nearly all the carpenter work on these houses himself, which shows great industry, and the appearance of the buildings indicate decidedly good mechanical taste.

A NEAT looking building has lately been erected on the corner of Second and Penn streets, by Mrs. Tillie Myers, as a residence for her aged mother.

Coal, we are assured, will be very high this fall, owing to the fact that nearly all the valuable anthracite coal mines in this State have been purchased and belong to the great railroad companies who now have in their own power to fix the price of coal at any figure they please. The people should demand that the next Congress remove the tariff altogether on imported coal.—DAILY OF MIDDLETOWN.

Don't our neighbors know that there is no anthracite coal imported; consequently, we wonder how a duty is to be imposed.

A MARE belonging to G. W. Brewer was taken out of the field at the gas works in this place, on Wednesday night of last week. The thief went as far as Kingsgrove where he let her loose. She was taken up by a farmer. No clue to the thief has been discovered.

"GOOD EVENING."—Mr. James Washington, barber on Market street, lately added to his force of workmen, Geo. Edmon, master of the tonsorial art. All who go to Washington's tonsorial parlors, will find themselves "just in time" to get a clean and easy shave, "good enough" for any Prince or Potentate. Hair cut in the latest style of the art. All hands polite, and ready and willing to do their best to please.

NEW DRESSES.—The Modest American came to us in an entire new dress of type, last week, and looked as fresh as a rose on a May morning. The American, though always well printed, makes a decidedly improved appearance. This is the first new dress since it is established eighteen years ago. The type were procured from the reliable firm of Messrs. Collins & McLeester, of Philadelphia, and present a clean and finished appearance. The American is edited with great ability, and wields an immense influence in its advocacy of Republican principles.

"OBIE'S" Consolidation of Entertainments, to be exhibited at this place on Tuesday next, will be the largest and cheapest show that has ever been in this section of country. OBIE'S is everywhere acknowledged to have the largest collection of wild animals, and the best performers of any exhibition traveling. Many of our citizens will, no doubt, remember his grand entertainments a year or two ago. Since then he has added a large number of the greatest novelties found on earth, and wherever exhibited the press is profuse in its recommendation to the public. The very low admission fee affords to every one a sight of this great show. Six tents full of curiosities can be seen for 25 cents.

CHAS. F. FISHER, agent for the Mineral R. R. and Mining Company, has had a beautiful sign put over the door of his office on Third street, near the post-office. The sign is very tastefully gotten up under the direction of Mr. Fisher, and gives further indications of that gentleman's efficiency in conducting a large business. The company is now the most extensive shippers in the coal region.

NEW STEAM SAW MILL.—The new steam saw mill lately erected at Georgetown, Northumberland county, Pa., is now in full operation. It is run by Messrs. Reesler, Bushman & Co., and cuts bill lumber, boards, lathe shingles, &c., which will be furnished at the shortest notice.

FRESH Shell Oysters are now served up by our restaurant keepers. Dr. Jeffrey of the European Hotel, keeps a splendid assortment, in connection with spring chickens.

We are happy to notice that the splendid assortment of hats at S. Farn's, Hat store are appreciated by every one. His large assortment constantly on hand gives all a chance to procure a fashionable hat. His fine silk hats cannot be surpassed for beauty.

PROTHONOTARY L. T. Rohrbach, has been furnished with a new seal by the Commissioners, for the Court of Quarter Sessions of the Peace of Northumberland county. Objections were raised because in the old seal the words "of the peace" were omitted, and in the new one the deficiency is supplied.

PIGEON SHOOTING.—The Daily of Wednesday says:—This sport is just now in vogue among the sporting fraternity. Several matches have taken place in this vicinity recently. On the 24th of August, in Trevorton, there was a match between two Pennsylvanians and two Illinoisians, which resulted in a tie, as follows:

Table with columns for names, kills, and misses. Includes names like J. D. Patton, H. H. Edgerton, and G. H. Markle.

On Monday, in Sunbury, there was a match between four individuals, (twenty-one yards rise, three minutes time boundary,) which resulted as follows:

Wm. Deitz, the proprietor of Mr. and Mrs. McBride, at Lionden, was found guilty of murder in the first degree. The jury was out all Sunday night.

COTYVING PROCEEDINGS.—The borough Council met in regular session on Tuesday evening, Sept. 2.

Affidavits or oaths of office of Policemen Roach, Vandjke and Culp were presented, read and filed.

Report of police officers read. On motion of D. C. Dinsinger, the railroad company be required to fill up the crossing on Packer street, over their new railroad, in as good a condition as they found it, the full width of sixty feet.

Table listing names and amounts for Steam Fire Company for August. Includes names like L. Stroth, F. Randles, and amounts in dollars and cents.

W. L. Dewart, Chairman of Finance Committee, presented the report of Auditors who settled ex-Treasurer Baehrer's account. The balance showed the borough to be in Mr. Baehrer's debt to the amount of \$300 24, for which an order was granted. A commendatory resolution was passed in favor of Mr. Baehrer.

An order was granted for amount due J. G. Markle, said amount to be determined by the Town Clerk.

The Chief Burgess was directed to sell \$3,000 worth of borough bonds, at the face of the bonds, for cash.

On motion, the resolution of W. L. Dewart to divide the market on each side of the railroad on Market street, and directing the Market Master to fix each holder of a stand ten cents per week, was adopted.

A petition from the citizens of the East Ward to allow the market to extend down P. north street, between Market and Chestnut, was presented. The prayer of the petitioners was granted.

On motion V. Dietz, Street Committee were directed to inquire into the cost of opening Penn street to the river.

The same committee were directed to inquire into the cost of a sewer on Chestnut street, from the railroad to the river.

On motion, adjourned.

THE Festival to be held at Kingsgrove, on Thursday, Friday and Saturday evenings of next week, will afford our people a fine opportunity to enjoy a pleasant drive among the moonlit hills of Upper Augusta. The scenery is beautiful between Sunbury and Kingsgrove. The people of that section are determined to make their festival a great success. On Saturday afternoon and evening a grand dinner will be served, and as the ladies of that vicinity are well known as good caterers, a rich treat may be expected. Let there be a good turnout, and give a rousing benefit to the Church at Kingsgrove.

JOHN HENRY DENIG, alias "Jack Shupred," has been stopped from blowing his trumpet by the Courts of Dauphin County convicting him of libeling Col. Wesley Aul and Mrs. Dr. Curwin after her death. There will be no more street sermons delivered by John Henry for some time to come.

WM. GRANT, of the firm of Grant & Bro., coal dealers, met with a serious accident on Saturday last, while engaged in shifting coal cars at their wharf on Front street. The cars were being pulled by horses hitched to a rope with an iron hook. The hook became detached and rebounded, striking Mr. Grant on the forehead, upon which a serious gash was cut. His wound was dressed by Dr. C. M. Martin.

We clip the following item from the Northumberland Press of last week: We learn that an attempt was made to rob the ticket office of the P. & E. R. Co. at this place on Sunday night last. The burglar gained an entrance to the office by prying off the bolt which closes the slide of the ticket window. The money drawer was forced open, but the thief found it as free from change as a contributing box after the pastor has gone through it.

A. H. Stone has consented to take charge of the car shops as superintendent. The Directors have made a good selection, as he understands machinery, and no doubt will by his industry and perseverance, carry on the business of manufacturing cars successfully. He is the right man in the right place.

Mr. Philip Gilbertson, of Point township, fell from a wagon load of wood on Monday last, which caused a severe contusion in his scapular region. No bones were broken and we learn he is doing well.

Mr. Jesse Miller has struck a vein of soft ore, from 12 to 18 inches thick, on his land in Point township. This is good news for the furnace operators.

Table with columns for names, amounts, and dates. Includes names like J. D. Patton, H. H. Edgerton, and amounts in dollars and cents.

THOUSANDS HAVE BEEN CHANGED by the use of the Peruvian Syrup (a proximate of Iron), from weak, sickly, suffering creatures, to strong, healthy and happy men and women, and invalids cannot reasonably hesitate to give it a trial. For Dyspepsia and Debility it is a specific.

BARNUM'S OPTIC-HORSESHOE HENON.—The Great Showman is leaving this season, in every large town he visits, a large wooden building, in exact imitation of, but in many respects superior to, the ancient Roman Amphitheatre. It is contiguous to his Colossal Hippodrome Pavilion, giving a joint seating capacity of nearly 30,000 persons. This Amphitheatre Building also costs more money to erect than the entire expenses of an ordinary show.

P. T. BARNUMS GREAT TRAVELING WORLD'S FAIR, A BRAND NEW SHOW

SWINDLED.—A few days ago a farmer of Lower Augusta township bought what he supposed was the right of this county for a patent harrow, giving therefor a promissory note for six hundred dollars, payable in one year. Upon examination a day or two afterwards, the purchaser found he had only been given the right to act as agent in the sale of the harrow. The sharper sold the note to a citizen of Sunbury, but its validity will be contested in the court before it will be paid. The swindler is not known, and, of course, will give this vicinity a wide berth for at least one year.—Daily of Thursday.

A SPECIAL meeting of the newly elected board of directors for the Sunbury Fire Insurance Company, was held on Wednesday last, in this place. The statistics of the company showed that the company now hold as follows:

Table with columns for Total, Cash, and other financial details. Includes amounts like \$100,000 and \$29,000.

Among the gentlemen present in the interests of the company, were Hon. F. S. Barney, of Cory; Hon. A. C. White, of Brookville; R. B. Cokerly, Esq., of Philadelphia, and Dr. T. K.
