THE TABIFF RESTORATION BILL .gress, Hon. John B. Packer. There has as far as lopping off the branches, while the civilization. But bloodshed, lawlessness, for their re enforcement. Every leading business.

HON. SIMON CAMERON .- In 1862, when there were no adequate means, or facilities for public defense, and Congress had adjourned for an indefinite period, President Lincoln directed the Secretary of War, Gen. Cameron, and Mr. Wells Secretary of the Navy, to arrange for organizing troops. and providing the necessary supplies, and transportation, which was accordingly done by those officers. For this act a resolution of censure whs passed upon those officers at the next session of Congress. On Tuesday last, the House, by a unaminous vote. directed that the resolution of censure passed in 1862, upon Simon Cameron, be rescinded. This was but a simple act of justice to an honorable and patriotic statesman. The high tribute paid Gen. Cameron by all the members of both parties, from all parts of the Union, on the passage of the resolution, to his integrity and worth, is a severe rebuke to those who dare not face him, but cowardly and assassin-like are constantly trying to stab him in the dark. It must certainly be very gratifying to the venerable and patriotic stateman to see that he has "overwhelmed" his enemies, and in his declining years is supported and respected by friends of all parties from every part of the Union.
