A WOMAN KILLED—On Wednesday afternoon about five o'clock, Mrs. Elizabeth Lawley, a lady living on Scotch Hill, met with a tragic death. She was engaged at something on the second floor of her house, and accidentally stepping backward she fell down an open stairway to the first floor. After she had fallen she lay apparently little injured, and remarked to her daughter that she would go up stairs and lie down, and wished to be called when her husband came home in the evening. When her daughter went to call her six o'clock she found her dead in death. She had been ailing for some time. Her husband, Mr. Lawley, has a husband and two children; the youngest child being only six months old.—Sunbury Star of Saturday.

On Saturday last Patrick Lawley, husband to the woman above referred to, was brought to jail on this charge, having committed an assault upon his wife and causing her death. Mr. Lawley was a sister to John Keating, who was shot by Thomas Gibbons sometime ago.

OUR neighbor of the Daily is spreading much increasing. Since he publishes his paper "not so general" paper, he has formed an idea which has also attracted the local owners of the American and Gazette and we would not at all be surprised if he would soon claim the control of the columns of every paper in the county. We do not think he is doing so well as he seems to do, but we do not think it is worth our while to enter into a difficulty by publishing articles reflecting upon our citizens and getting into litigation. It is not likely that any paper in the county, besides his own, will ever stop to publishing articles of the "Paul Pry" order, and as it is well known that the local generally in the Daily are not so well as they seem to be, and as he could not induce either the editor of the American or Gazette to do so without giving credit, as neither would want to become responsible for the literature that appears in the Daily. As the issue was published in the Daily was known in this region, it is presumed that we can do without him.

THE GORGE BETWEEN WATSONTOWN AND MILTON.—The Watsontown Record says: "About four o'clock on Wednesday afternoon the ice broke at the gorge between Milton and Watsontown and in a few minutes the water commenced overflowing the banks, and the result is that writing (Thursday afternoon), nearly all the farm land between Watsontown and Milton, on the east side of the river, is overflowed. The gorge remains firm, and will be so until there is a change of weather. All the ice that was on the river between Money Dam and Watsontown is gone between this place and Milton. It is piled up in the river at several points to the height of ten to fifteen feet. In the vicinity of Kennebec will the water in the Atlantic river be over the fence, and quite a strong current is running. At the second farm house above Milton the water empties into the regular channel again below the gorge. From Milton to Northumberland the ice has not yet moved off.

Water has backed up at W. A. Heller's store, and the first floor of that building is under water."—Watsontown Record.
