SICKNESS.

THERE are many persons that we daily behold, whose count nances as d frail limbs denote a filiction which we find has principally originated from neglect of proper semadies at the commencement of sickness. At first the patient complains of bile on the stomach attended with sickness contineness de he neglects to procure proper medicine; at lenth he complains of pain in the side and somach with sour cructations; his appetite becomes impaired, his rest troublesome, his mind harassed, and all things around him appear not in their proper station. He still neglects himself, when in all probability the disease may at leath be so fast scated, that no medical aid will replace him again. At the first ittack of sickness there should be "no time lost" a procuring Dr Harlich's confound STRENGTH-INING APERIENT PILLS, which immediately renoves bile from the stomach, obviate costiveness, emove disorders in the head' invigorate the mild, trengthen the body, improve the memory, and eriven the imagina ion; thus restoring the body gain to its proper functions.

Harf ch's German Aperient and Compound strengthening Tonic P.lls, is truly astonishing. It is no vain boast to say this medicine has proved by its hap; y off cts in the cure of a variety of diseases to which the buman frame is liable, to be vasily superior to the many preparations before the public, Many of these preparations are compounded by individuals who ar positively ignorant of the mysteries of the Lu, an system, and mere pretenders to medical knowledge. Dr. Harrich, however, is celebrated among the German faculty as a man of it chighest scientific attainments, and equally distinguished throughout Europe, as a successful medical dividuals who ar positively ignorant of the mystepractitioner, spent mest of the years of a useful life in the aquisition of such knowledge as might prove of the latest manufacture, consisting in part of beneficial to his fellow creatur s. In the pills which he invented, and which hear his name, the public are assured of an article that possesses more than ordinary virtues. From the acknowledged calents of this inventor, a thing less than a good article could be expected; and the experience of many years has afforded decreas ration of the vertues of his medicine. In Greensny and other parts of Europe, its r putation is established. In this country, into which it has but been recently introduced, it is rapidly gaining the most substantial reputation. HENRY YOX PHEIMER,

October 31, 1810. PRINCIPAL REASONS
Why Dr HARLICH'S Compound Strengthering and German Aperient Pills are used by all classes of prople, in preference to other Medicines, because they are prepared from a pure extract of herhs, a wholesome medicine, mild in its operation and pleasant in its effect—the most certain preserver of health, a safe and effectual cure of Dyspepsia or

Indigestion, an I all stemach complaints, a preserver and parifier of the whole system. Because they spothe the nerves of sensibility a d fortify the nerves of motion, imparting to their mest subtle fluid its pristine tone, thus giving strength and clearness of m nd.

Because they never destroy the coats of the stomach and bowels, as all strong purgatives do. Be ause science and experience teach us that no mere purgative alone will cure the disease of the stomach and nerves. Weakness is the primary cause of a host of diseases, and, by continually resorting to Drastic purgatives, you make the disease

much worse, instead of Letter,

Because Dr. Harlich's Med cines are put up up-IN a state of health the intestinal canal may be on the common sense principle, to "cleanse and compared to a river whose waters flow over the adeffect a cure.—Lastly.

Because these Medicines really do cure the dis-

ease for which they are recommended. Principal

THE CAUSE OF DISEASE. Nearly all classes of disease, are caused by some distruction in the system, which prevent the reguiar and wholes me operation of the animal funcis manifested in a variety of forms, more or less malignant in their character. To restore the system to a state of health, then, it is only necessary to remove the cause of disease, and the end is accomfictual assistance of nature, the superabundance of pished. The cause is obstruction somewhere. This can be removed by purgation, which is the only means that shou'd be resorted to, because, suggested by reason, and y nature. Dr. Harlich's Strengthening and German Aperient Pills, are allowed by ed Remember, never suffer a drop of blood to be the thousands who have used them, to be the best taken from you - Evacuate the humors as often purgative medicine in existence. Because, they not only remove all obstructions, and purge the system of its impurities, but, because, and which is extremely important, strengthen and give proper tone to the stomach, and produce a healthy action of all the parts. Besides, they are so mild and gentle in their operation, as to render them at all times a perfeetly safe and desirable remedy. The afflicted would do well, then, to purchase a box or two of this invaluable medicine, and give it a fair trial, instead of destroying their systems with off-repeated

MORE POSITIVE PROOF Of the efficacy of Dr. Harlich's Compound Strengthening and German Aperient Pells,

ALLEGHENY, Jan. 8, 1840. To Dr. Harlich's Agent-Sir: I wish to state for the benefit of those who may be afflicted, that Dr. Handica's Piers have emirely cored me of Dyepepsia, of which I have been off cied for many ars, I used both kinds, the Aperient and Strengthentug, and I am constrained to say, that they are a valuable discovery, and act upon the system mildly, but very effectually. I found the Tonic pills to quicken the circulation and cause a determination to the surface, and to strengthen the weak stomach and increase its powers. The Apericci pil's are the best cathartic I ever used. I am confident all Dysproties would do we'l to make immediate trial and

LIVER COMPLIANT. THIS disease is discovered by a fixed obtuse pain in the right side moder the short ribs, attended with heat, unrasiness about the pit of the stomach; there is in the right side also a distention; the patient loses his appetite, and becomes sick and troubled with vomiting. The tongue becomes rough and black, the countenance changes to a pale or citron color, or yellow like those afflicted with jaundice, difficulty of breathing, disturbed rest, attendee with a dry cough, difficulty of laying on the left nide, the body becomes weak, and finally the disease terminates into ano her of a more verious nature, which in all probability is far beyond the power of hum in skill. Dr. Harlich & Compound Strengthening Timic and German Aperient Pills, if taken at the commencement of this disease, will check it, as I by con muing the use of the medicine a few weeks, a perfect cure will be performed.

Thousands can testify to this fact. Certificates of many persons may daily be seen of the efficacy of this invariable medicine, by applying at the Medical Orlice, No. 19, NORTH

EIGHTH street, Philadd, his. HENRY POXTHEIMER.
