DYSPEPSIA! DYSPEPSIA!

That troublesome and peace-destroying disease -Phousands and tens of thousands suffer from that common distressing complaint. The symptoms of dispepsia may be described as s want of appetite, or an unastural or voracious one, nausea and sometim's bilious vamiling, sudden and transient distensions of the stomach of er wafing, acrid and putresent eructations, water brash. pain in the region of the stomach, c siven ss, palpitation of the heart, dizziness and dimuess of the ight, disturbed rest, tremors, mental despend ney, Daulency, spasms, nervous irritibility, chil i e-s. *allowness of complexion, great appression after eating, languor and general debility, sick head a he,

Works of Nature.

IN a state of health the intestinal causi may be compared to a river whose waters flow over the adjoining land, through the channels nature or art has made, and improves their qualities; and to keep up C c comparison of the river, so long as it runs on smoothly the channels are kept pure and healthy; but if by some cause the course of the river is stopped, then the water in the canals is no longer pure, but soon becomes stagnant. There is but one law of circulation in mature. When there is a super-abundance of humorial fluid (serocity) in the intert nal tubes, and costiveness takes place, it fl ws back into the blood vessels, and infiltrates itself into the circulation. To establish the free course of the river, we must remove the obstructions which stop its free course, and the e of its tributary stream. With the b dy, follow the same natural principal; r move, by that valuable purgative medicine Brandreth's Universal Vegetable Pills, which are an eff ctual assist are of nature, the supersbundance of humors in the inte-tine canal. By per evering in this practice, the ways of the circulation will then be restored to the full exercise of their natural functions, and a state of health will be firmly establish Remember, never suffer a drop of blood to be taken from your-Evacuate the humors as often and as long as they are degenerated, or as long as you are sirk.

bluster and parade made by some cilitors, about the excellence of their papers, and have resolved that the Sained y Evening Post, shall be conducted, as to speak for itself.

Our readers will always fi d in its columns the earliest and mest authentic information, es well as the most choice and entertaining literary matter. We have totally discarded the system of filling the poper with quack advertisements, but prefer giving re dets from week to week, entertaining read ting matter.

And we if e' assured that we shall be no losers thereby, as but few readers care about having a paper filled with descriptions of these unuscating compounds.

The Saturday Evening Post, will be furnished for \$2 per somem in adv. nce, or one copy three years for \$5. To those who wish to subscribe for a Philadeiphia Magazine, we will furnish a copy of the Philadelphia Ca ket, and two copies of the I'out for one year for \$5 free of postage and discount.

No New Subscriber received without the

Money. To those who wish to subscribe, we would say, that the safest plan is to enclose the money in a letter and direct to us. Most pestmasters frank their letters if relating to nothing but the bustness of the office, and all postmasters who will be kind enough so to do, we shall be pleased to acknowledge as agents,
