MORE POSITIVE PROOF
Of the efficacy of Dr. Harlic's Compound Strengthening and German Aperient Pills.
ALLEGHENY, Jan. 8, 1840.
To Dr. Harlic's Agent—Sir: I wish to state for the benefit of those who may be afflicted, that Dr. HARLIC'S PILLS have entirely cured me of Dyspepsia, of which I have been afflicted for many years. I used both kinds, the Aperient and Strengthening, and I am constrained to say, that they are a valuable discovery, and set upon the system mildly, but very effectually. I found the Tonic pills to quicken the circulation and cause a determination to the surface, to strengthen the weak stomach and increase its powers. The Aperient pills are the best cathartic I ever used. I am confident all Dyspepsia would do well to make immediate trial and be relieved. Any one can call at my house and be satisfied of the above at pleasure.
DAVID R. POPE.

THIS MACHINE AGAINST THE WORLD.

IMPORTANT TO FARMERS.
DAVENPORT'S Improved Patent Threshing Machine and Horse Power, which threshes and cleans at the same time—an invention for which Farmers have long looked in vain, and which renders the above machine perfect and past further improvement. Those who have been waiting for something better than heretofore offered for sale, will find this to be the article. Come see it and judge for yourselves.
The subscribers have purchased the right of the above Machine and Horse Power, for the counties of NORTHUMBERLAND, LYCONING, CLINTON, and UNION—and also, the privileges of vending them in any other places for which the right has not been previously sold.
The advantages which this Machine has over all others invented are many and obvious. One boy and three men can do all the threshing and cleaning of 150 bushels of wheat in one day—and this usually takes seven hands one day and three the next. For field threshing it takes the lead of any thing in this world—no grain is scattered or lost.
Such is the superiority of the Horse Power, that three horses can thresh as much with it as four can with any other.
The Machines and Horse Power will be sold together or separate, to suit purchasers. Made and sold in Milton, by the subscribers,
WM. WELCH,
WM. H. POMP,
HENRY FRICK.
Milton, April 17, 1841.

RECOMMENDATION.
THRESHING & WINNOWER MACHINE.
Having had in use, one of Davenport's Patent Threshing and Winnower Machines, and being repeatedly called upon for our opinion in regard to their value, durability and advantages, we make, free to state, that they exceed in our opinion, any Threshing Machine we ever before witnessed in use. They will thresh and clean, fit for market 200 bushels of Wheat per day, and this with the aid of three hands besides the driver. The Straw is passed off from the grain on an incline plane, extending about 12 feet from the Machine. Scarcely a grain is lost. What is of some importance and greatly so, is the fact that no dust passes from the Machine to the man who feeds it. The Horse power seems to be perfection itself—three horses may work it with ease and their fastest gait need only be the ordinary plough gait. We most cheerfully recommend the Machine to Farmers—who are manufactured in Milton by Messrs. Welch, Pomp and Frick.
