PROSPECTUS OF THE DAILY KEYSTONE.

TERMS—\$2 FOR THE SESSION.

The undersigned being fully aware of the importance of having a Daily Democratic Paper, published at the Seat of Government of Pennsylvania, during the sessions of the Legislature, in compliance with the request of a number of their democratic friends, propose to publish the **KEYSTONE DAILY**, during the approaching session, on a Royal Sheet at the low price of two dollars for the session, or two cents per single copy.

The great object to be attained by the publication of a Daily paper at Harrisburg during the session of the Legislature, is to give reports of the Debates in the two Houses, on all important public questions, more at length than has heretofore been customary, and to let each report out before the public, more expeditiously than by the slow process of a semi-weekly paper. There is an anxiety in the minds of the reading public to obtain the earliest information in regard to all public movements; and as the measures to be brought forward and discussed, at the approaching session of our Legislature, will be of the first importance, to the people at large, we conceive that there can be no more suitable time than the present, for the commencement of an enterprise of this kind.

As one of the proprietors of the Keystone is a professional stenographer, and has long been engaged as a Reporter in Congress, in the Convention to amend the Constitution, and in the State Legislature, he confidently hopes that he will be enabled to conduct the Legislative Department of the paper, in a manner entirely satisfactory to those members whose remarks he may report, and the public at large. He will be assisted by competent reporters, and will at all times attend in one House or the other, to ensure faithful and accurate reports of debates in the Legislature. The other proprietor will take charge of the Editorial Department of the paper, and as he has heretofore had considerable experience in conducting a Democratic Journal, in another part of the State, he hopes to be able to make the Keystone acceptable not only to his political friends, but to the reading public.

We shall also have a correspondent at Washington, who will give a daily synopsis of the business transacted in the National Legislature; and an account of all the political movements, which may be made at the seat of the General Government.

(*) As we shall incur a heavy expenditure, over and above our own labors, in getting up our Daily, and in employing Reporters, Correspondents, &c. we trust our friends throughout the State will exert themselves to give our paper as wide a circulation as possible.

The very low rate at which we have placed our Daily, will make it necessary for us to adopt the cash system, so far at least as it is concerned, and require payments to be made to it during the first month of the session.

The semi-weekly Keystone, (Double Royal size) will be published as usual during the session at two dollars.

Post Masters and others sending us five subscribers accompanied by ten dollars, will be entitled to a copy for their trouble.

ISAAC G. MCKINLEY,
J. M. G. LESQUIRE,
Harrisburg, Dec. 4, 1841.

PROSPECTUS OF THE DAILY STATE CAPITOL GAZETTE.

The editors of the State Capitol Gazette, at the urgent solicitation of numerous Democratic friends in almost every county of the Commonwealth, have come to the conclusion, to publish, during the sessions of the approaching session of the Legislature, the

STATE CAPITOL GAZETTE, DAILY.

The Daily Gazette will be printed on a royal sheet of fine paper, which will be sufficiently large to contain full reports of proceedings of both branches of the Legislature. In carrying out our intention of publishing a daily paper at the seat of Government, we will of course subject ourselves to heavy expenditures, and will consequently expect the Democracy of Pennsylvania to rally round us, and sustain us in our undertaking. To enable us to give full reports of the proceedings of the Legislature, we have made arrangements for placing in each House a competent stenographer, the ability and professional experience of one of whom at least, is universally admitted both here and elsewhere. In addition to this, we have engaged, at a considerable expense, the valuable services of our late Washington Correspondent, whose style of writing, the forcible, energetic, and fearless manner in which he had labored the doings of Federalism, and the faithful predictions which he gave, during the extraordinary session of Congress, is familiar to our numerous readers, many of whom have cheerfully admitted to us, in person, that "Cleon" is one of the best political writers of the day, and has urged us again to procure his aid as our correspondent at the seat of the General Government.

As regards the future course of the Gazette, we deem it unnecessary to say more than that it will always be found, as heretofore, a warm supporter of the great principles of Democracy, and battling faithfully, for the welfare, promotion, and happiness of the People at large. The banking system, as it is at present conducted, believing, as we do, that it is calculated to spread distress, misery and ruin in every country where its polluting influence is felt, shall continue to meet from the Gazette the same determined opposition it always has met with, until the broad conditions and combinations of bankers, speculators, and stock-jobbers, shall be made to feel that the will of the people is supreme. Having been the ardent and zealous supporters of the re-election of our present worthy Executive, DAVID R. PORTER, it shall be our pride and pleasure to give to his administration a firm, decided and honest support.

In publishing a daily paper, we are well aware of the heavy responsibility that will rest upon us, as its editors and conductors. We are firmly convinced, however, that a Democratic daily paper at the seat of government, is much needed, and at the suggestion of our Democratic friends, we have been induced to commence the undertaking, provided a reasonable encouragement is given to warrant it. The very moderate terms at which we offer our daily paper to subscribers, must convince every one that the object is not to realize therefrom an extravagant compensation for our labors. On the other hand, we shall be perfectly satisfied if our expenses do not fall behind our income.

The terms of the Daily Gazette are such as will compel us to adopt the cash system, which we will be strictly adhered to.

The semi-weekly STATE CAPITOL GAZETTE (of double royal size) will be published as heretofore, during the sitting of the Legislature.

Any person sending us five subscribers accompanied by ten dollars, shall receive a copy for their trouble gratis.

Persons subscribing for either of the above papers, and requiring to be sent in their orders on or before the 25th of December, will be sent in a copy of the same to the publishers.

Works of Nature.

IN a state of health the intestinal canal may be compared to a river whose water flows over the adjoining land, through the channels nature or art has made, and improves their qualities; and to keep up the comparison of the river, so long as it runs smoothly the channels are kept pure and healthy; but if by some cause the course of the river is stopped, then the water in the canals is no longer pure, but soon becomes stagnant. There is but one law of circulation in nature. When there is a superabundance of humoral fluid (serosity) in the intestinal tubes, and costiveness takes place, it flows back into the blood vessels, and infiltrates itself into the circulation. To establish the free course of the river, we must remove the obstructions which stop its free course, and let it in its natural stream. With the body, follow the same natural principle; move, by that valuable purgative medicine *Brandreth's Universal Vegetable Pills*, which are an effectual assistance of nature, the superabundance of humors in the intestine canal. By persevering in this practice, the ways of the circulation will then be restored to the full exercise of their natural functions, and a state of health will be firmly established. Remember, never suffer a drop of blood to be taken from you—Evacuate the humors as often and as long as they are degenerated, or as long as you are sick.

Dr. Brandreth's Office in Philadelphia, is at No. 8, NORTH EIGHTH street, where his pills can be had at 25 cents per box, with full directions.

WINSLOW'S BALM FOR HOBBAND.

AN unparalleled remedy for common Colds, Coughs, Asthma, Influenza, Whooping Cough, Bronchitis, and all disorders of the Breast and Lungs, leading to consumption; composed of the concentrated virtues of Horehound, Bonset, Blood Root, Liverwort and several other vegetable substances. Prepared only by J. M. Winslow, Rochester, New York.

The innocence and universally admitted peccatorial virtues of the Herbs from which the *Balm of Horehound* is made, are too generally known to require recommendation; it is therefore only necessary to observe that this Medicine contains the whole of their medicinal properties, highly concentrated, and so happily combined with several other vegetable substances, as to render it the most speedy, mild and certain remedy, now in use, for the complaints above mentioned.

The Balm removes all inflammation and soreness of the Lungs, loosens tough viscid phlegm, enabling the patient to expectorate with ease and freedom, assuages cough, relieves asthmatic and difficult respiration, heats the injured parts, opens the pores, and composes the disturbed nerves, and gives strength to the tender lungs, and thus produces a speedy and lasting cure.

INSURTER TO THE EASTERN CRIMES MAN.— We are not among that class of Editors who for a few dollars will, (at the expense of truth and honesty) "crack up" an article and bring it into rapid sale; neither are we willing to remain silent, after having tested the utility of an improvement or discovery in science or art.—Our readers will recollect we told them we were unwieldy with a sore throat and violent cold some few weeks ago. Well, we purchased two bottles of WINSLOW'S BALM OF HOREHOUND, and so sudden was the cure, that we forgot we ever had a cold. Those who are afflicted, may try it upon our recommendation.—*Leicester Telegraph.* For sale by HENRY YOXTHEIMER, Sunbury, JACOB BRIGBT, Northumberland. Also, by Druggists generally throughout the country. Price, 50 cents per bottle. August 14th, 1841.—ly.

LOOK TO THE WORLD.

THIS MACHINE AGAINST THE WORLD.

IMPORTANT TO FARMERS.

DAVENPORT'S Improved Patent Threshing Machine and Horse Power, which threshes and cleans at the same time—an invention for which Farmers have long looked in vain, and which renders the above machine perfect and past further improvement. Those who have been waiting for something better than heretofore offered for sale, will find this to be the article. Come see it and judge for yourselves.

The subscribers have purchased the right of the above Machine and Horse Power, for the counties of NORTHUMBERLAND, LYCOMING, CLINTON, and UNION—and also, the privileges of sending them in any other places for which the right has not been previously sold.

The advantages which this Machine has over all others invented are many and of great value, and three men can do all the threshing and cleaning of 150 bushels of wheat in one day—and this usually takes seven hands one day and three the next. For field threshing it takes the lead of any thing in this world—no grain is scattered or lost.

Such is the superiority of the Horse Power, that three horses can thresh as much with it as four can with any other.

The Machines and Horse Power will be sold together or separate, to suit purchasers. Made and sold in Milton, by the subscribers.

W. W. WELCH,
W. H. POMF,
HENRY FRICK,
Milton, April 17, 1841.

RECOMMENDATION.

HAVING had in use, one of Davenport's Patent Threshing and Cleaning Machines, and being repeatedly called upon for our opinion in regard to their value, durability and advantages, we make, free to state, that they exceed in our opinion, any Threshing Machine we ever before witnessed in use. They will thresh and clean, fit for market 200 bushels of Wheat per day, and this with the aid of three hands besides the driver. The Straw is passed off from the grain on an inclined plane, extending about 12 feet from the Machine. Scarcely a grain is lost. What is of some importance and greatly so, is the fact that no dust passes from the Machine to the man who feeds it. The Horse power seems to be perfection itself—three horses may work it with ease and their fastest gait need only be the ordinary plough gait. We must cheerfully recommend the Machine to Farmers—they are manufactured in Milton by Messrs. Welch, Pomf and Frick.

Consumption! Consumption!!

DR. DUNCAN'S EXPECTORANT REMEDY.

IS an infallible remedy for arresting Pulmonary Complaints, Colds, Coughs, Spitting of Blood, Difficulty of Breathing, Bronchitis, soreness of the Throat and difficult Expectoration, Weakness, Debility, Liver Complaint, and all other affections of a consumptive nature. This medicine has a decided advantage over most preparations of the kind, as it regulates the bowels, and strengthens the constitution; and does not bind up the system and encourage intemperance, as most of the medicines do, by the fatal opiates alcohol contained in them.

Such medicines have a great tendency to bring misery and distress, and even death upon many valuable citizens. We find by the weekly records of the bills of mortality, that three fourths of the human souls who so suddenly depart from their dearest friends and relations, have been swept off by that fatal and fell destroyer, Consumption, when many could have been saved if they had used a proper medicine. Follow beings who yet dwell with us, and are afflicted with the premonitory symptoms of this disease, procure immediately Dr. Duncan's Expectorant Remedy before it be too late, and not be led to believe that such symptoms will soon pass off without the use of proper medicine; by such negligence, you may soon be led to know your folly. One little may at the first attack, be sufficient. Pamphlets giving a full treatise, always accompany the medicine. Price, \$1 per bottle. Office No. 19 North Eighth street, Philadelphia.
