#### Works of Nature.

IN a state of health the intestinal canvi may be supared to a river whose waters flow over the adjoining land, through the channels nature or art has made, and improves their qualities; and to keep on smoothly the channels are kept pure and healthy; ped, then the water in the canals is no longer pure. but roon becomes stagnant. There is but one law of circulation in nature. When there is a superabundance of humorial fluid (scrocity) in the intestinal tubes, and costiveness takes place, it fi ws back into the bloo i vessels, and infibrates itself into the circulation. To establish the free course of the river, we must remove the obstructions which stop its free course, and tho e of its tributary stream. With the body, follow for same natural principal ; tomove, by that valuable purgative medicine Brandreth & Universal Vegetable Pills, which are an effectual assistance of nature, the superalandance of humors in the intestine canal. By persevering in this practice, the ways of the circulation will then be restored to the full exercise of their natural functions, and a state of health will be firmly establish ed Remember, never suffer a drop of blood to be taken from you -- Evacuate the homors as aften and as long os they are degenerated, or as long as you are sick.

Dr. Brandreth's Office in Philadelphia, is at No. 8, NORTH EIGHTH street, where his pills can be had at 25 cents per box, with full directions. Only ugent in Sunbury, is H. B. Masser Esqr. Sunbury, Sept, 4, 1841.

# JACOB MARTIN.

A N unparelleled remedy for common 'Colds, Coughs, Asthma, Influenza, Wheoping Cough, Bronchitis, and all diseases of the Breast and Lungs, leading to consumption; composed of the concen-trated virtues of Horchound, Bonset, Blood Root, Liverwort and several other vegetable substances Prepared only by J. M. WINSLOW, Rochester, New

The innocence and universally admitted pectoral virtues of the Herbs from which the Balsam of Horehound is made, are too generally known to require recommendation : it is therefore only necessary to observe that this Medicine contains the whole their Medicinal propetties, highly concentrated, and so happily combaned with several other vegetable substances, as to render it the most speedy, mild and certain remedy, now in use, for the complaints above mentioned.

The Balsam removes all imflammation and soreness of the Lungs, loosens tough visid phlegm, enabling the patient to expectorate with case and freedom, assuages cough, relieves athmatic and difficult respiration, heals the injured parts, opens the pores, and composes the disturbed nerves, and gives strength to the tender lungs, and thus produces a socedy and fasting cure.

INGRATITUDE IS THE BESEST CRIME IN MAN .-We are not among that class of Editors who for a few dollars will, (at the expense of truth and ho-nesty) "crack up" an article and bring it into rapid rale ; neither me we willing to remain silent, after having tested the utility of an improvement or discovery in science or att .- Our readers will recollect we told them we were unwill with a sore throat and violent cold some few weeks ago. Well, we pur-chased two bottles of WINSLOW'S BALSAM OF HOREHOUND, and so sudden was the cure, that we foregot we ever had a cold. Those who are afflicted, may try it upon our recommendation. -Lewiston Telegraph. For sale by BENKY YOXTHEIMER, Synbury,

M.FADDIN-SIB: I cheerfully testify to the goodness and durability of Pratt's Cast Iron Smut Mill ard Grain Huller, as being a far superior article for the cleaning of smut and all other impurities that I have ever seen, and'I have been engaged in the manufacture of Flour for a great many years and have always tried to have the best apparatus for manufacturing that could be got, and do say that the above machine is the best apparatus I believe now in use. Joux MOATZ.

Bhomsburg, Dec. 26, 1840. Cor. J. M.FARDIN-Sin: In reply to your favor, received a few days since, I have only to say, that the

fact of my having introduced into each of the four mills that I am concerned in, one of Pratt's Cast Iron Smut Mills, is the best evidence I can give you of their utility, Yours truly, WM. M.KERT. Million, March 17, 1841.

years I have been constantly engaged in manufac turing flour, and during the last 12 years have been the owner of a grist and flouring mill, and among all the contrivances to remove impurities from grain I am decidedly of the opinion that Pratt's iron machit e is superior to any with which I am acquainted, having used one in my mill about eighteen months, FREDERICK HAAS.

Yorkshire Mills, Dec., 1840. I want in my flouring mill as good an apparatus to prepare grain for flouring, as the best, and I want no better then 'Prett's'Cast Iron Smut Mill. It will remove smut entirely-no mistake.

#### Dr. Duncan's Expectorant Remedy stands Aloof

ROM the Quack Syrul s and Paragorie Compounds which have of late become a burden to the public health, and a suspension to the purse. Why is it that these medicines are taken repeatedly by the sick without removing the complaint in question ! The reason is plain and simple, viz :-Because they are composed chiefly of opium and its spiritual preparations which acts on the system as a powerful stimulating anodyne, and by using repeatedly, the system becomes habituated to its narcotic influence, as of those who are given to intemperance.

This fact has become apparent to thousands who lotve experienced the fatal effects of such medicines, and commenced using 'Dr. DUNCAN's EXPECTO-RANT REMERT, which is entirely free from opium and all other poisonous ingredients, and is used with perfect safaly by all under any circumstances. It immediately relieves the distressing coughstrengthens and invigorates the nervous system, causing the settird contagious matter to leave its hold from the lungs, and be discharged by the power of Expectoration. Unless this is done, the lungs will soon become contaminated from noxious matter, and ulcerate, and fall a prey to the fatal worm Consumption. Price \$1 per bottle. delphia. Also at the store of

#### Consumption and Bleeding at the Lungs cured,

By the use of Dr. Duncau's Expectorant Remedy. ISS EMHINE VEAGER, aged 17 years, was taken when at the age of sixteen with a slight cold, which she neglected until the lungs fell a prey to that seeking destroyer, consumption, when application to a physician was made, but to no effect. 'He considered her case a hopeless one, and prescribed but infle medicine for her. In the meantime she discharged great quartities of blood, wrought iron Smut Muchine and Grain Huller in with much expectoration of thick phlegm and cough. Her bodily frame at length b came reduced to a living skeleton. Her last was anxiously looked for by per friends, that her sufferings might end by the pangs of death. During the time her physician frequently called, and as the last resource, determined to test the virtues of Dr. DUNCAN'S EXPECTO-HANT REMERT, having noticed some extraordinary manufacturing Superfine Flour for many years, and cure merformed by the medicine in similar cases, have at this time one of Pratt's Smut Mills in each. He at once obtained two bottles and administered of my mills, and I do hereby recommend them as the it to her. The fourth day he found some change, cine for eighteen days ; at that time she was rendered able to be walking in her bed chamber, to the astonishment of her friend's and relatives. She continued using the medicine for eight weeks, when she deciated herself entitely free from disease and pain, and now gursues her daily occupation in perfeet health.
