

Testimony of Mr. Handy.
We copy the following testimony of George Handy before the Committee of Investigation from the Philadelphia Gazette. It will be seen that Mr. Handy denies having any communication or conversation with the Executive or members of the Legislature.

TESTIMONY OF MR. HANDY.
Q.—Did you, as a member of the committee from the bank, receive any money?

A.—As regards that, I have no doubt but that the largest amount of that sum (\$129,000) did pass into my hands, but the whole of it did not. Every cent that did pass into my hands was appropriated and paid over to the agents employed—Daniel M. Broadhead and George W. South, of Philadelphia. I swear and declare that not one penny of it was ever retained and appropriated to my own private use.

Q.—How much did you pay to Mr. Broadhead and Mr. South?
A.—My impression is that the amount paid to Mr. Broadhead was (not having kept any written memorandum) about one hundred and twenty thousand dollars. I wish to be distinctly understood: the manner in which that money was drawn was this—when money was wanted I went to Mr. Gardner, he handed me the amount I asked for, and in no instance that I recollect did he ask me for a voucher at that time, or at subsequent periods. He paid the money and I signed the vouchers, with the understanding that he got the other members of the committee to sign it; and it was only within the last six months that I did not know but that all the vouchers were signed by all the committee. I signed the vouchers without taking memorandum, and have never been sure that all the \$129,000 ever came into my hands; but all that came into my hands—I do not know the amount—I paid to Mr. South, distinctly. My letters will show that Mr. South at one time received \$10,000 and at another time the same sum. Mr. Broadhead never told me the name of any man he gave that money to. I have subsequently heard Mr. Broadhead say he never gave it to His Excellency or members of the Legislature. I never asked Mr. Broadhead what he had done with it, but gave him what he asked for. My impressions were that in the event of legislation being procured, he was to receive \$129,000.

Q.—Who made the bargain with him?
A.—George Handy.
Q.—How much of this money did he pay out?
A.—On one occasion he told me he made seven or twenty thousand dollars; I understood from him the balance he had laid out—in what way I know not—and for the last six months I have had suspicions that he did not pay out that.

Q.—Do you know, in any way, how that money was disposed of?
A.—None, only what I infer from the letters. During the 4th of May I was not at Harrisburg.

Q.—Had you any communication or conversation with the Executive or members of the Legislature?
A.—NO—NO, NEVER.

ARRESTS.—The Philadelphia American of the 8th inst. says—
Yesterday morning officer James Byrne, of the Court of General Sessions by virtue of process from that Court, arrested George Handy and Daniel M. Broadhead of this city, on the charge of conspiring with others to induce corrupt legislation. They were each held in heavy requisition to appear and answer to the charge. This process was issued at the instance of the Attorney General, under the direction of the Governor, with the view of prosecuting all the individuals implicated in the disclosures made by Mr. Handy before the Joint Committee of the Legislature, of the session just closed.

Connecticut Redeemed.
The Hartford Times of Wednesday evening gives returns from 122 towns. That paper says: In these, Cleveland, the Democratic candidate, leads Elsworth one thousand five hundred and four votes and falls behind the Whig Conservative, and Abolition, only 147 votes. The towns to be heard from will undoubtedly secure his election by the people, by two or three hundred majority. Last year Elsworth's majority was 5,135!

In 117 towns, the Democrats have elected ONE HUNDRED AND TWO Representatives, and the Whigs only 60! There are 28 vacancies. The Democrats will have 13 or 14 of the 21 seats. Of course, the Governor and State Ticket are safe, even if there should be no choice by the people, of which we have no fears, notwithstanding four tickets were run.

We have undoubtedly elected all of the eight Sheriffs, with the exception of the one in Hartford county, where there is no choice. Never was there a victory more complete.

There are 138 towns in the State.
Another bolted to the South Carolina kite has been added, so that Virginia is not alone in her contemptible trucking to the nation of South Carolina. The Legislature of Mississippi has solemnly, (if such a ridiculous proceeding can be called solemn,) resolved, by a party vote, that the Land Distribution Act is immoral, impolitic, and degrading, and that they will have nothing to do with it.

This is the act of a Legislature that had the unblushing impudence to repudiate its debts. It may well afford to give up its claims to lands, if it also denies its responsibilities for monies borrowed. A paper before us calls the majority of the Mississippi Legislature "repudiation swindlers." We do not like to say such hard words as those, but like the countryman's owl, we keep up a monstrous thinking.—U. S. Gazette.

BANKRUPT LAW.—Under this law, the applicant, by a surrender of all his effects for the benefit of his creditors, is fully discharged from all liability on account of his debts, and is allowed to retain \$800 in value of property; while under the State Insolvency Law, the body of the debtor is only released from imprisonment, and he is allowed \$25 in effects; his after-acquired property being still liable to execution.—Keynote.

The Money Market.
The pressure in our Money Market has been very serious for the last fortnight. During the early part of last week, heavy payments were due, and exorbitant rates were exacted. In some instances, as high as 3 per cent. a month was given and as a consequence, one or two failures took place, but not of a very serious character.—Towards the middle of the week, signs of improvement were apparent. The Banks discounted with some liberality, and the rates fell. Towards the close of the week, the feeling was better, and we heard the opinion expressed in more than one quarter, that comparative ease may be looked for with some confidence, in the course of a few weeks. But our citizens should not be too sanguine. The trial time has indeed been a serious one. We have known instances in which men possessing property worth \$100,000, have been obliged to pay on their notes, six times the rate of legal interest for a short period. Indeed, all was alarm and consternation. But we trust that the crisis has gone by. We think that we may now state that money is somewhat easier. Long paper of the right kind, is more in demand, and the Banks say they are perfectly confident of the success and permanency of redemption. As all excitement disappears from the public mind, and these institutions feel their constantly accumulating ability, they will no doubt discount with due liberality. Still we feel it to be our duty to urge prudence and caution, and to discourage every thing like a rash spirit of speculation. The Banks in their discounts, should be governed in a great measure by their receipts.—Bick. Reporter.

GRAIN CROP.—We are pleased to learn from a gentleman, who arrived in the steamboat yesterday, from the lower counties of Delaware and Maryland, that the fields of wheat never looked better, and that there is every prospect of an abundant crop this year. The accounts from some of our counties also are very satisfactory.—U. S. Gaz.

The quantity of flour now stored along the harbor is 18,200 bbls., as we learn from the books of the various forwarders; and as far as we can learn the amount of western sold during the past winter has been unusually light, certainly not exceeding 6000 barrels. About one-third of the stock now stored here has been purchased, and will go to Canada as soon as navigation permits. As to sales they are merely nominal, say \$5 for superfine and \$4 for fine. In the general market there has been no change. The stock of salt and pork is small.—Buffalo Commercial.

BALTIMORE MARKET.
Office of the BALTIMORE AMERICAN April 12.
FLOUR—The receipts of Howard street Flour are light, and the stock on hand much reduced. To-day sales of a few hundred barrels were made at \$5.80, but holders generally refuse to sell for less than \$5.62 1/2. The wagon price to-day is \$5.37 1/2 to \$5.50.

We hear of no sales of City Mills Flour. It is held firm at \$5.75.
There is little or no Susquehanna Flour in market.

GRAIN.—No wheat at market. The last sale of Md. red was at \$1.25. Sales of Corn to-day at 55 a 56 cts for white, and at 56 cts for yellow. We quote yellow at 56 a 58 cts. The last sale of Md. Rye was at 65 cts. Several cargoes of Virginia Oats were sold on Saturday and to-day at 38, a 41 cts. We quote Maryland as worth 40 a 62 cts.

SHAD.—Sales of trimmed No. 3 North Carolina and Potomac Shad at \$7.25 per bbl.

CONTAGION.—A person whose blood is pure may enter the pest house unharmed; while one whose blood is corrupt would inhale the contagion in the street. The violence of the infection will depend not on the state of him who imparted it, but solely on the state of his fluids who received it. The same is true of Influenza, and every other supposed contagious disease. *Brandell's Vegetable Universal Pills* being a direct purifier of the blood, and a cleanser of the stomach and bowels, will be found singularly effective, not only in preventing but curing diseases; because they remove from the body that which produces a foul state of blood, before it has time to produce gangrene or any other fatal effects.

Dyspepsia.
WE have frequently witnessed the ravages of this disease, and have heard and read of many remedies, but far oftener saw them fail than result in success. The writer, however, of the letter to the agent of Dr. Harlieb's Compound Strengthening and German Aperient Pills, has long been known to us, and from an invalid, as he is delineated, we now know and meet him daily as a hale hearty man. Though no advocate of nostrums of any kind, we cannot withhold a notice of what we consider the efficacy and virtues of Harlieb's Compound Strengthening and German Aperient Pills, the case before us is a living monument to both.—*Spirit of the Times.*

For ourselves we cannot withhold a notice respecting the virtues of Dr. Harlieb's celebrated medicine. We believe them to belong to a very superior class. They are said to be a very safe and effectual remedy, for many of the distressing diseases of the present day. A fair trial will convince the sceptical of their virtue.—*Sat. Chron.*

BANKRUPTCY.
To those who wish to take the benefit of the BANKRUPT LAW.

W. M. E. AUSTIN, Attorney at Law, Pittsburg, offers his services. Office in Burke's building, 4th between Wood and Market streets.

Understanding that many persons who are desirous of a discharge under this law, are not aware of its nature, it would be well perhaps to accompany this notice with a few words of explanation.—Applicants living in Northumberland county, can petition in Pittsburg, to his Honor, Thomas Irwin, Judge of the U. S. District Court, who sits for the purpose of receiving petitions every day from 10 till 3 o'clock. The petition must contain a schedule of his property and a list of his creditors, their place of residence, and the amount due to each so far as petitioner can ascertain. Any person can be discharged, without regard to the amount of his debts. The costs of an application (exclusive of the attorney's fee) will be about \$12.

From the time the application is filed, the applicant cannot be arrested, nor his property levied on unless in case of a *fraud*.

Applicants need not be present at any time, as the attorney can attend to every thing necessary. Persons wishing to apply are requested to write to me, and I will send them an approved form of petition, which it is only necessary to fill up and swear to before the Commissioner for that county, or if not near the county seat, a justice, and send it to me, and I will, when he is discharged, send him a certificate. W. M. E. AUSTIN,

A NATURAL REMEDY.
Suited to our constitutions, and competent to cure of every curable disease, will be found in

WRIGHT'S INDIAN VEGETABLE PILLS.
OF THE NORTH AMERICAN COLLEGE OF HEALTH.
THESE extraordinary pills are composed of plants which grow spontaneously on our own soil, and are therefore better adapted to our constitutions than medicines imported from foreign climes. However well they may be recommended; and as the INDIAN VEGETABLE PILLS are founded upon the principle that the human body is in truth *subject to but one disease, viz: corrupt humors,* and that said medicine cures this disease on natural principles by *cleansing and purifying the body;* it will be manifest that the constitution is not entirely exhausted, a perseverance in their use, according to direction, is absolutely certain to drive disease of every name from the body. The *Indian Vegetable Pills* will be found one of the best, if not the very best medicine in the world for carrying out this grand purifying principle, because they expel from the body all morbid and corrupt humors (this excess of moisture in any case) and purify the system, and while they every day give rise to a pleasurable, increase of every name is rapidly driven from the body.
