WINSLOW'S BALSAM of

A N unperelleted remedy for common Colds, Coughs, Asthma, Influenza, Whooping Cough, Bronchitis, and all diseases of the Breast and Lungs, leading to consumption; composed of the concentrated virtues of Horshound, Bonset, Blood Root, Liverwort and several other vegetable substances. Prepared only by J. M. Winslow, Rochester, New

The innocence and universally admitted pectoral virtues of the Herbs from which the Balsam of Horehound is made, are too generally known to require recommendation; it is therefore only necessity to observe that this Medicine contains the whole of their Medicinal properties, highly concentrated, and so happily combined with several other vegetable substances, as to render it the most speedy, mild and certain remedy, now in use, for the complaints above mentioned

The Balsam removes all imflammation and soreness of the Lungs, loosens tough visid phicgm. enabling the patient to expectorate with ease and freedom, assuages cough, relieves athmatic and difficult respiration, heals the injured parts, opens the pores, and composes the disturbed nerves, and gives strength to the tender lungs, and thus produces a s; cedy and tasting cure.

INGRATITUDE IS THE BASEST CRIME IN MAN .-We are not among that class of Editors who for a few dollars will, (at the expense of truth and ho-nesty) "crack up" an article and bring it into rapid-sale; neither are we willing to remain silent, after formerly kept by John Bolton, her husband; and having tested the utility of an improvement or disby endeavoring to conduct the establishment in a covery in science or art. Our readers will recollect we told them we were unwell with a sore throat and violent cold some few weeks ago. Well, we purchased two bottles of WINSLOW'S BALSAM OF HOREHOUND, and so sudden was the cure, that we forgot we ever had a cold. Those who are afflicted, may try it upon our recommendation. -Lewiston Telegraph. For sale by HENRY YOXTHEIMER, Sunbury,

> The advantages which this Machine has over all others invented are many and obvious. One boy and three men can do all the threshing and cleaning of 150 bushels of wheat in one day-and this usually takes seven hands one day and three the next. For field threshing it takes the lead of any thing in this world-no grain is scattered or

Such is the superiority of the Horse Power, that three horses can thresh as much with it as four can with any other,

RECOMMENDATION.

THRESHING & WINNOWING MACHINE Having had in use, one of Davenport's Patent Threshing and Winnowing Machines, and being repeatedly called upon for our opinion in regard to their value, durability and advantages, we make, free to state, that they exceed in our epinion, any Threshing Machine we ever before witnessed in use. They will thresh and clean, fit for market 200 bushels of Wheat per day, and this with the aid of three hands besides the driver. The Straw is passed off from the grain on an incline plane, extending about 12 feet from the Machine. Scarcely a grain is lost. What is of some importance and greatly so, is the fact that no dust passes from the Machine to the man who feeds it. The Horse power seems to be perfection itself-three horses may work it with ease and their fastest gait need only be the ordinary plough gait. We must cheerfully recommend the Machine to Farmersthey are manufactured in Milton by Messrs. Welch Pomp and Frick. PHILIP HILGERT. Pomp and Frick. JOHN B HELLER-

Col. J. M. Cot. J. M'FARDIN-SIR: During the past 24 years I have been constantly engaged in manufacturing flour, and during the last 12 years have been the owner of a grist and flouring mill, and among all the contrivances to remove impurities from grain I am decidedly of the opinion that Pratt's iron machine is superior to any with which I am sequainted, having used one in my mill about eighteen months. Colds, Coughs, and Consumption.

THESE universal complaints we find in almost every family, attended with more or less severity, at the same time regarded by some with very little attention, until they begin to assume a serious character. Why are patients so neglectful of themselves, when they know that their health is all in all? Are they not aware that it requires a much longer time to arrest a disease when suffered to knit its threads upon the vitals? Will those who desire health take good solvice, and always be provided with a few bottles of "Dr. Duncan's Expectorant Remedy," whereby they can immediately arrest the fatal progress of Consumption, and not be compelled to spend years in misery and pain, besides ma-king an "Apothecary Shop" of their stomachs? This Medicine is certain in its effects, if used in due season, and always produces relief in the most hopeless cases, by its soothing and palliative effects, This is a consolation which many appreciate.

Liver Complaint,

Ten years standing, cured by the use of Dr. Harlich's Compound Strengthening and German

Aperient Pitts. MRS. SARAH BOYER, wife of William Boyer, North Fourth Street above Callowhill, Philadelphia, entirely cured of the above distressing disease. Her symptoms were habitual costiveness of the bowels, total loss of appetite, excruciating pain in the side, stomach and back, depression of spirits, extreme debility, could not lie on her left side without an aggravation of pain, with other symptoms indicating great derangement in the functions of the liver. Mrs. Boyer was attended by several of the first physicians, but received but little relief from their medicine-at last a friend of of hers procured a package of Dr. Harlich's Strengthening and German Aperient Pills, which, by the use of one package, induced her to continue with the medicine, which resulted in effecting a permanent cure, beyond the expectations of her friends. Principal office for this medicine is at No. 19 North Eighth street, Philadelphia. Also for sale at HENRY YOXTHEIMER, the store of
